That lad of yours, overseas. All that is humanly possible is being done to see to it that he is well fed, well clothed and efficiently equipped. Organizations like the Y. M. C. A. are looking to his physical comfort, thoughtful recreation and clean fun. If he is sick or wounded the Red Cross will provide for him with tender, loving care. Yet there is one thing that will bring a smile to his face and a joy to his heart that none of these can give; that only you can give—Your Photograph.

**COMB SAGE TEA IN HAIR TO DARKEN IT**

It's Grandmother's Receipt to keep her locks Dark, Glossy, Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening grey, streaked and faded hair is grandmother's receipt, and folk are again using it to keep their hair a good, even color, which is quite sensible, as we're living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, call it "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the grey hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet preparation for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

**CATARRHAL DEAFNESS MAY BE OVERCOME**

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get a ounce of **Minard's Liniment** (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop drooping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises, should give this prescription a trial.
