—BALL GAME—The baseball game on Thursday evening between the Pioneers and Vets, resulted in a win for the former team, the score being 11 to 7. A large crowd of spectators were present.

—WELCOME RAIN—The long delayed rain came with a flourish Friday morning at Summerside, and continued all through the day. The rain will render inestimable service to the country and private gardens.

—HAD ROUGH TRIP—While four Summerside boys were on their way home from Holman's Island in a row boat Thursday evening, a heavy breeze was blowing, and the heavy waves almost filling their craft, a flag was hoisted and assistance came from parties whom were watching from the Queens wharf, landing them safely, but got a good wetting.

—THE LADIES AID of the Protestant Orphanage, Kensington, will serve supper in the King George Hall on day of races, July 20th. Hours 4 to 10 p. m. Prices 40 cts. Any donations of cake, etc. will be thankfully received. Come and help the orphans.

—WORD TO AUTOISTS.—Motorists should be more thoughtful and use good judgment while attending a fire. During the rush to the fire here on Thursday a number of Autos rushed to the scene, leaving their autos on the street and almost obstructing traffic for a time and causing unnecessary delay to the firemen. Motorists should also notice, when parking cars along any street, that a distance of twenty feet on each side of a fire hydrant is required to be left clear. H

—A WELCOME VISITOR.—Dr. F. W. Christopher, 550 Warren St. Boston Mass. is spending a holiday in his native clime, and is at present enjoying a few days in the congenial atmosphere of Kensington. The Doctor is a native of Tignish and has enjoyed a lucrative practice in dentistry in Boston for some years. He it was who presented the large silver cup to the host free for all trotter at the Charlottetown Fair last autumn which was won by the famous Bill Sharon. Being an enthusiastic race fan, he plans to remain here until the racing season is over. Hence we may expect to see this feature of attractive sport stimulated to a considerable extent by the Doctor's presence. He has acted in the official capacity of starter on several occasions. Y.

### IN MEMORIAM

#### MRS CHARLES EVANS

Her many friends will sincerely regret to learn of the sudden death of Mrs. Charles Evans, of St. Mary's Road on June 9th, 1921. Deceased who was in her 76th year. She possessed a most kind and cheerful and charitable disposition, qualities which won for her the friendship of all who knew her. The late Mrs. Evans, enjoyed her usual good health to within five days previous to her death when she was stricken with paralysis. She received the last rites of the Roman Catholic Church from her pastor Rev. Father Gallant of Sturgeon. She was laid to rest in Montague beside her husband who predeceased her 43 years ago. She leaves to mourn two sons, Peter of Greenfield and Michael of Souris west also four brothers and one sister. May her soul rest in peace.

#### JAMES ALFREL CONDON

It is hard for a loving family at any time, to see a chair made vacant in the home, a loving voice for ever silenced, a suffering loved one removed from this world of turmoil to their eternal reward.

But harder still it is to suffer the loss of a parents pride, a child's boyish laughter, a loving little son and brother. The sympathy of the community is tendered to the family of James Condon, Souris, for the death of this little boy, Alfred, who died on July 14th, at the age of ten years. A bright, intelligent, patient little chap who, was nevertheless expected to recuperate, but in spite of love, tender care and medical skill, the good Creator willed otherwise and little Alfred was taken to his celestial home.

Through out his illness he always hoped to recover until on July 6th, he took a turn for the worse his malady developing into meningitis. Then it was that medical advice seemed discouraging and after remaining for two days in a state of semi-consciousness he passed peacefully to his last repose about 3.30 on the afternoon of July 8th. Father McMahon, his religious instructor, visited him several times during his illness and administered the last sacraments of the Catholic Church before his death. On Saturday afternoon the last remains were conveyed in a little gray casket to St. Mary's cemetery by six of his young friends and there, after services by Father McMahon, were laid to rest to await the bugle call that will summon us all before our Creator.

### GLENFANNING SCHOOL

The semi-annual examination of Glenfanning School was held on June 29th, and was largely attended, there being upwards of thirty visitors present.

The pupils were examined in the different subjects by Rev. Father Gillis, Miss Ada Power and Mrs. J. Reville, a former teacher of this school, and showed by their prompt and correct answers that they had been carefully taught during the past year, and great credit is due to their young and painstaking teacher, Miss Kathleen McGee, who during the past year has not laboured in vain.

The following programme was greatly enjoyed by all. Opening chorus Bury Me Not on The Lone Prairie, by the pupils. Address of welcome by the pupils. Recitation—1, don't See It by George Fogarty. Recitation—When Pa Gets Mad by Patricia Reville

# Separators or Insulators

Ordinary separators are a natural product and therefore, are never strictly uniform. They are made of thin sheets of chemically treated wood.

Threaded Rubber Insulators are a manufactured product and therefore, absolutely uniform. They allow uniform circulation of battery solution, give uniform protection to the battery plates and uniform satisfaction to the user.

Threaded Rubber Insulators do not warp, crack, check, carbonize or puncture. They put an end to loss of time, temper, battery rental and money that are inevitable when ordinary separators are used. Threaded Rubber Insulators are found only in the Willard Threaded Rubber Battery. You can recognize it easily by the Threaded Rubber Trade-Mark stamped in red on one side of the battery case.
