The export trade in oats and barley was reported dull. The domestic demand for cash grain was again somewhat limited, the only sales reported being a few car lots of Canadian western oats for all rail shipment from Fort William and several cars of kiln dried No. 3 yellow corn at 86 cents per bushel track Montreal for shipment from Chicago. Prices were well maintained for spot oats. The trade in spring and winter wheat flour was inactive but prices were unchanged. The millfeed market was without any new feature to note but the undertone continued strong owing to the steady increased demand from the country. The market for standard grades of rolled oats was firm with a fair trade passing. The egg market was quiet and firm. The feature of the butter trade was the easier feeling that developed and prices decline of 1-2 to one cent per pound. The cheese trade continued dull but prices were unchanged. SUCCESSFUL ISLANDER. — The "Seward Weekly Gateway," published at Seward, Alaska, in a recent issue published an interview with "Mike Connolly, Oldest of the Old Timers" who has been in that district since he left this city over thirty years ago. He is a son of the late John Connolly, Spring Park Road and a brother of Mr. James Connolly of the City Street Department. That Mr. Connolly has met with considerable success the following excerpt will show. "No doubt people have often wonderd why I have remained so long there but I have had faith in the camp and especially in my ground. This faith has been justified for I have always taken a sufficient amount of gold out of the ground to meet all expenses, besides enjoying a good living. Then again, I am certain I am on the verge of biting into occasionally good dirt. This assumption is made from recent showings."

SIGNS OF SPRING. —Yesterday the highest temperature so far this year was recorded and it surely felt the part. The bright warm sunshine, running water and the presence of city workers opening the drains made one feel assured that spring has at last arrived.

PERSONALS

Mrs Walter Hennessey of this city, and her sister Mrs. A. McGillvary, of Cardigan left yesterday morning for Boston to attend the funeral of their mother, the late Mrs Daniel Smith.

Late Rev. Thomas I. Deinstadt

In our obituary column appears a notice of the death of the above named clergyman. Born in Bedeque in this Province he entered the Ministry of the Methodist Church in the year 1863 and continued in the active work of the church in the Provinces of New Brunswick and Prince Edward Island until the year 1913 when he retired after fifty years of faithful service as an able and honoured minister of the Gospel. He filled many of the important charges of the New Brunswick and P. E. Island conference. He was a kind and genial gentleman and had many warm friends and admirers throughout the conference. His wife was a daughter of the late John Beer, Esquire, who predeceased him about two years ago. He leaves several daughters to mourn the loss of a kind and loving father to whom we extend our warmest sympathy.

Germany May Again be Colonial Power

LONDON, March 22.—Germany may soon be once again a colonial power. The Under-Secretary for Foreign Affairs announced in the Commons today that Germany has been informed she would, when a member of the League of Nations, be a possible candidate for colonial mandates like other members.

No promise of undertaking was given the German Government. The question as to whether the Dominions approved did not therefore arise.

Soviet Russia Plans Financial Parleys

PARIS, March 22.—The Franco-Russian financial negotiations are viewed by Soviet Ambassador Rakovsky as the basis for ultimate pourparlers with Great Britian and the United States. Speaking before the Anglo-American Press Club to-day, the Ambassador said: "If a practical solution is found in the Franco-Russian discussions, other Soviet negotiations with Britian and the United States will easily be arranged."

He added that Russia was doing all possible to assure world peace through reduction of armaments, and said that "when we are given a chance to prove our sincerity on other territory than Swiss, we will come to a disarmament conference."

Interesting Service at Salvation Army

A very interesting service took place in the Salvation Army Citadel on Sunday afternoon when Commandant L. Ursaki of St. John, commissioned the local officers for the Charlottetown Corps for the ensuing year.

Major; Mrs. Percy Carr, Corps Cadet Guardian; Fred erick Chandler, Colour Sergt. and Y. P. The other services of the week-end were led by Commandant Ursaki and were well attended.

Soviet Russia

(Continued from Page 1)

and nationalized wealth of Russia has been spent. Russia is again passing through a serious internal crisis. The events which led up to this crisis are as follows, according to the Tribune story.

Former Premier Lenin, shortly before his death, told the Communist party that even if foreign capital continued to boycott Russia with three or four good harvest years the Soviet Government could realize enough money from the export of agricultural produce to reconstruct its own economy. Last year Russia had what might be called a good harvest. A special Government commission was organized to draft a grain export programme. This programme collapsed and the Bolsheviks were even obliged to purchase American grains to fill their contracts for delivery abroad. The grain collection campaign failed, first, because of an unwieldy, incompetent and dishonest purchasing organization which forced up the price on the interior market until grain could not be sold abroad at a profit: and, secondly, because the peasants refused to sell their grain since they were unable to purchase materials and supplies they needed at the Soviet Government co-operative stores.

The grain export programme was admitted a failure in November and the Bolsheviks made desperate efforts to obtain large credits abroad. They did obtain one $90,000,000 credit in Germany (which is reported to be secured by diamonds) and several short-term credits in Italy, France and Poland.

With these credits they purchased large quantities of woven goods Now the Soviet press is filled with articles commenting upon the poor quality of the goods purchased. Soviet writers say foreign firms have swindled them, but the truth is that their grafting purchasing agents, accepted spoiled and damaged goods, paying high prices for them.

Some five months ago the Soviet state bank reported a gold reserve of 25,000,000 gold rubles ($125,000,000,) including foreign currency on hand in Moscow as well as deposits in foreign banks, to guarantee credits. However, since this amount was published two shipments of gold have been made, valued at $5,000,000, and it is noteworthy that for the second time the Soviet Government has exported platinum abroad. Also, there has been received a reliable report that approximately $5,000,000 worth of diamonds are now being held by foreign financial groups (mostly German), who have financed credits to Russia.

Don't Squeeze Black-Heads--Dissolve Them

Squeezing and pinching out blackheads make the pores large and cause irritation. Blackheads are caused by accumulations of dust and dirt and secretions from the skin, and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get them any drug store about two ounces of peroxine powder—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly for few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be soft and the pores in their natural condition.

ICE RACES TAKE PLACE WED. MORNING

A meeting of the Charlottetown Driving Club was held last night in their club rooms, a fairly large number of members being present.

The principal purpose of the meeting was for the arrangement of ice races which will be held Wednesday morning at 9.30 a. m. sharp.

The following classes were drawn up:

CLASS B PACE

Cromola, W. S. Grant.
John R., Geo. Buntain.

CLASS B. TROT

—RELIEVING. — Mr. Emmett Power is relieving the Station Agent at Albany who is indisposed for a few days, suffering from a sore foot.

—TRANSPORTATION. — The Car Ferry made several trips on Sunday and several trips yesterday cleaning up the freight at Tormentine and Borden. If the present favorable conditions continue the accumulated freight should be all cleaned up very shortly.

—FIRE YESTERDAY. — The Summerside Fire Department was called out yesterday morning for a fire of Mr. Keith Cameron in the east end of the town. It was only a slight blaze on the roof and was quickly extinguished.

—ON VISIT. — Mr. James Macdonald, M. L. A., West St. Peters, passed through Summerside yesterday returning from the Brae where he spent the week-end visiting his son, Rev. Father Reginald Macdonald, P. P.

—TO LEGISLATURE. —Messrs Wm. Dennis, O'Leary J. H. Blanchard, Bloomfield, A. C. Saunders, Summerside and Hon. A. E. Arsenault, Summerside were among those leaving by the eastern train yesterday for Charlottetown to resume their duties in the Local Legislature.

—A CONTRAST. —The present splendid sleigh roads are being taken advantage of and many are coming to Summerside for business and other reasons. This time last year there was very little snow and many autoists drove into Summerside in their cars. This would be impossible today as there is a depth of four or five feet of snow on the level.

—KENSINGTON TRADE GOOD —Business in Kensington is displaying a healthy constitution. The dealers in farm produce keep posted in the latest developments in causes that sustain the produce markets, and in the influences that produce fluctuations. This prescience is most valuable in the matter of assuring supply and of being able to amplify the assurance Buyers are always satisfied that what Kensington dealers promise is always supplied both quality and in price. Y.

PERSONALS

—Mrs. Geo. Thompson, Summerside spent a few days in Malpeque the guest of her sister, Mrs. Preston Bearisto. She was accompanied by her two daughters.

—Mr. J. E. Wright, manager and Mr. E. M. Nicholson, Canadian Oil Company, were in Kensington recently on a business trip. The Kensington dealers always extend a kind welcome to these men, since they represent a company that has a firm standing in the commercial world and that always measures up to representation. Y.

..*EASTERN AGENT. —Mr. J. W. Murdock is now Guardian agent in Montague and will be pleased to receive news items, advertising, Job Printing, new and renewal subscriptions. tf

..*Mrs. Wickham of Montague has been confined to her bed for the past week with a severe cold. Her many friends in town and country wish her a speedy recovery.

..*OUTLOOK PROMISING. — For the past ten years the annual rainfall was much below normal and bumper crops were not the rule. This year with about three feet of snow on the level and no frost in the ground this melting snow will saturate the ground to an extent not seen in years and bountiful crops are almost assured for the coming season. The outlook for farmers this spring is therefore outstandingly bright and hopeful.

..*CHANGE OF RESIDENCE. —Mr. Isaiah Horne, who has been operating a general store at St. Charles Station, farming quite extensively, building, and had accumulated considerable property, sold out his entire possessions at St. Charles to a gentleman from Rustico, who now occupies the premises, and has gone to Elliot where he is now located.
