FOR SERVICE IN CANADA'S CONTINGENT

By to-day all the names of those militiamen from all Canada who have volunteered for service with the Dominion's first overseas contingent must be in the hands of the Adjutant-General at Ottawa.

It is likely that Prince Edward Island's contribution to this contingent will be about seventy or eighty. Nine have volunteered from the Fourth Regiment, six from No. 3 Battery, of which Major McKay was recruiting officer, and three from No. 4 Battery, for which Capt. McKinnon recruited.

The names of the nine are—No. 3 Daniel A. McDonald, of Wheatley River; Spurgeon Jenkins, of Mount Albion (who specially recruited from the West in order to enlist); Ernest Davey, Richard Quinn, Bernard Callaghan and Stephen Doherty, City. No. 4: William Doyle, Charles McDonald and Charles McKinnon, city.

From the Ninth Ambulance Corps the following men have volunteered for overseas service: Sgt. Arthur Phillips, Ptes. Frederick Murphy, John Mortimer, Frank Walker, James H. Ford, Joseph E. Perrault and John K. Lacey.

Besides the above members of the Ambulance Corps the following ladies have volunteered their services as trained nurses: Miss May McIntyre, of Souris (daughter of the late Governor McIntyre); Miss Florence Rapsom, of Millburn; while Misses W. McLean and Tibbo have also volunteered to go forward to the front as nurses.

Five men have volunteered from the Signalling Corps and three from the Corps of Guides. Owing to the scattered nature of the recruiting stations of the Abegweit Regiment no information was available last evening of the number that had up to then volunteered for service from the regiment, but it was considered probable from the progress of the first two days' recruiting that there would be about forty to fifty volunteers from the 82nd.

Major Yeo, commanding the Ninth Field Ambulance, received a telegraphic communication yesterday from the Assistant Adjutant-General of the Sixth Division, ordering two sections of this Corps to be held in readiness to proceed to the Val Cartier Camp in Quebec, on receipt of further orders, for duty as a stationary hospital. This order will embrace about seventy officers and men for service there. They will do stationary hospital work for the Canadian contingent now being raised.

The duration of their service there is not known, but will probably be less than a month, while it may be for several months. The Corps are being promptly got in readiness to proceed and in another day will be fully prepared to leave for Val Cartier. The following officers of the Ninth Corps will go on duty at Val Cartier: Major Yeo, Capt. Dorsey, Capt. McMillan, and Lieut. Blake, city; Capt. McDonald, New York, and Lieut. Jardine, North Wilshire. The C. C. P. E. I. Light Horse, received a telegram yesterday morning from the Adjutant-General giving instructions as to calling for volunteers from the mounted corps to serve as infantry men. But as all lists of volunteers have to be at militia headquarters to-day it was not possible to carry out these instructions.

BELGIANS AND GERMANS FIGHTING ON THE MUESE

AMSTERDAM, Aug. 11.—Belgian and German armies are now engaged on the Meuse south of Liege. The battle was opened today by German troops after they had been heavily reinforced.

It is reported that 100,000 Germans and 144,000 Franco-Belgian soldiers are engaged. BRUSSELS, Aug. 11.—The following official statement is issued: "The situation remains satisfactory. The French army is advancing. Conditions appear favorable to the campaign developing as well as expected. Every day brings the general action nearer. The population of Liege remains calm. News from the front is excellent. The commander in good spirits. There are lots of food and ammunition; no cause for alarm."

NEWFOUNDLAND'S OFFER ACCEPTED

ST. JOHN'S, Nfld., Aug. 11.—The Imperial Government has accepted the offer of Newfoundland to raise a contingent of five hundred men to send abroad, and to increase the Colonial Naval Reserve from the present maximum, which is 600, to 1,000 by October 21, St. John's paying all expenses connected with the creation of both contingents. Mr. Secretary Harcourt, in accepting the offer, intimated the Imperial Government would shortly announce its decision regarding the employment of naval reserves. Reports here say that it is likely the men may be assigned for duty on the Canadian Warship Niobe.

CAPTAIN OF THE FIRST CONTINGENT

MAHONE BAY, Aug. 11.—A telegram from the Minister of Militia at Ottawa, advised Lt.-Colonel And. Ross of his appointment of captaincy of the first contingent, with authority to enlist one hundred men.

BESIEGED CITY IN GOOD SPIRITS

BRUSSELS, Aug. 11.—The commander of the forts of Liege, according to an official announcement, reports all the forts intact. The soldiers manning them are in fine health and spirits. They are amply supplied with provisions and ammunition and there is no cause for alarm. The population of Liege maintains its customary calm. The official view is that the situation is quite satisfactory. All the approaches to Brussels, are well guarded to prevent anything in the nature of surprise from reconnoitering parties of the German cavalry. Small bodies of Lithians had been signalled in all directions. Generally they had lost their bearing and surrendered immediately by being challenged. The lull in fighting around Liege since Saturday appears to be the lull before the storm. There is little doubt that an engagement on a scale not yet witnessed in this war is imminent.

SECOND ARMY WANTED

LONDON, Aug. 11.—The rush of recruits joining the British fighting of territorialists continues. Lord Kitchener says in an appeal to the Lords-Lieutenants of counties for one hundred thousand more regulars: "This is not an ordinary appeal from the army for recruits, but for the formation of a second army." The Essex corporation of City of London and the best class of English employers are giving full weekly wages during absence from foreign services. Others giving half pay with promise of reinstatement after the war. Many firms are providing maintenance allowances for wives and children. When Mr. Churchill learned these details he replied, "Splendid, this is the way to win."

LONDON, Aug. 11.—According to today's Times, Great Britain is now well advanced with her mobilization and between 500,000 and 600,000 men are under arms, not counting the National reserves and 1,000 more are called for "we should therefore view the situation with comparative equanimity, says the Times," and not turn from any masculine resolve by threat of the assault of the Germans.

BIG BATTLE EXPECTED

LONDON, Aug. 11.—A Central News Agency dispatch from Amsterdam says a great battle may be expected today or tomorrow between Franco-Belgian army and Germans, the scene of conflict will be near Liege.

HALIFAX HARBOR NOW CLOSED

HALIFAX, Aug. 11.—The harbor which was closed yesterday for the first time in its history for outward shipping may possibly be opened tomorrow. Not a mast of outward shipping moved here all yesterday. Mine laying was given as the reason for closing the port to shipping, and many schooners and steamers are tied up. With excitement prevails in the city over a report that an airship or aeroplane, supposedly German passed over the city late Saturday night. Residents near the North West Arm emphatically declare they had seen an object high in the air flying fast and showing a dim light. The object came from North West and went South. The Military authorities here have not given out any information, if they have any, regarding the report. The residents who had seen the object are greatly excited and worried.

MILLIONAIRE'S MUNIFICENCE

OTTAWA, Aug. 11.—An offer of \$75,000 to be applied for defense purposes anyway the Government deems fit, has been received by the Minister of Militia from a prominent Montreal millionaire, whose name has not yet been divulged. The offer has been accepted. Probably the donation will be devoted to the purchase of some quick firing guns, this being considered the chief need of the Canadian forces at the present juncture. This offer, coupled with the offers of Hamilton Gault, Montreal, to raise and equip a whole regiment, and hundreds other offers of assistance which have poured upon the militia department ever since war was declared, is striking testimony of Canadian patriotism.
