WEDDING BELLS.—A very pretty wedding took place on Wednesday, Feb. 17th at the home of the bride's sister, Mrs. E. C. Beer, 437-20 Ave. N. W., Calgary, when Janie W. Simpson of Bayview, P. E. I., became the wife of Ralph W. Stuart of Hutton, Wash. The bride wore a tailored suit of King's blue broadcloth with hat to match and mink furs, was given away by her brother-in-law Mr. E. C. Bell. The house was beautifully decorated with palms and ferns. After the ceremony which was performed by the Rev. A. Mahaffy of Rosedale Presbyterian Church, the bridal couple and friends repaired to the dining room where a table beautifully decorated with carnations and smiles, and laden with all delicacies awaited them. The happy couple left on the 18.45 train for Spokane, Seattle and other coast cities and on their return will take up their residence at Hutton, Wash.

VISITORS DAY.—Quite a number of visitors were in attendance at Prince Street School yesterday and were deeply interested in the regular work of each department. Superintendent Campbell visited each classroom and spoke in highest praise of the individual work done, especially remarking on the discipline of the school and the writing which is of a very superior order. The pupils and teachers priding themselves on their penmanship. Shortly before noon and senior grades assembled in the hall and after several choruses were sung, under Prof. Thompson's efficient leadership. Principal Seaman conducted a class in physical drill, the young ladies acquitting themselves well. Messrs T.C. James, Henry Smith and J. P. Gordon represented the trustees and remarked on the progress of the school after which the classes were dismissed for the day.

CLEVER ATHLETE.—A Kingston exchange says, A Paoli, goalkeeper of the Queen's second hockey team and well known in other lines of sporting activity at the Kingston University, has been selected as Rhodes scholar for Prince Edward Island for 1915. Paoli has taken high rank as a scholar at Queen's, being also a member of the staff of the Queen's Journal. Paoli is a member of the Fifth Company, Canadian Engineers, and will probably leave for the front with it during the summer.

CORSE NOTE.—The "Agricultural Outlook" of Feb. 6th contains an article on the effect on the export of horses to the points out that during the four months September to December, 75,000 horses were exported from the United States and that several thousand more have been purchased by the agents of the warring nations. Three times this number more could be exported without any appreciable shortage of work horses. Furthermore, the kind of horses that have been purchased are very mediocre animals which would ordinarily sell for less than one hundred dollars per head and are a class of which it is a benefit to the State to be rid. A big demand for horses will probably occur after peace has been declared and the owners of mares here should see that they are bred to high class stallions and produce the kind of stock for which there is always a good market. The production of superior animals of any kind is generally profitable while the production of inferior ones is seldom so.

MT. STEWART.—Private Everett Williams, Mt. Stewart, who was home from St. John on leave of absence for a few days, to see his parents. Pte. Williams is undergoing training as a driver on a supply wagon. Many friends in Mt. Stewart read with interest the excellent letter of a former teacher of this place, Mr. Peter Hughes, of Millicove, now in Northern France, likely within sound of the enemy's guns. The young people of Mt. Stewart are taking advantage of the good skating on the river. Mr. C. McLeod is coaching the boys in hockey and likely will soon have a stalwart septette ready to take the field against some of the progressive neighbors. Mrs. J. McIntyre, Mt. Stewart, who has been very ill for the past two weeks, is, we regret to learn, not much improved.—L.

Rev. F. W. Sawdon, Mt. Stewart, whose home is in Whitty, Eng., received a letter from his people after the bombardment. The roof of their house was pierced by a shell, but none of the family was injured. In the town of Whitty, 150 houses were wrecked and no one was hurt. The Government is paying for all damages to the buildings and furniture. The bursting shells in some cases performed strange freaks. In one house, a bureau containing linen, mysteriously disappeared, leaving no trace behind, except some bits of the linen about an inch square. Otherwise, the furniture of the room was left intact.—L.

SCHOOL CONCERT AND SOCIAL.—On Friday night, February 12th, there took place in St. Mary's School the concert and social for which the young people in that locality had been preparing for some time. The affair proved a most successful one as an entertainment and as a means of gathering money which is intended to go

for school equipment. Much credit is due to all who helped to make the affair a success, but more than ordinary credit should be given to Miss Lucy Dorion, teacher, who was their chief promoter of the entertainment. The following is the programme, every part of which was rendered in grand style. Violin solo by Mr. James Gallant. Act 1 of comedy entitled "Lacy's Old Man." Vocal solo, entitled "The Flag that Never Fell" by Mr. Anthony Dorion. Recitation, Mr. Joseph E. Pineau. Act II of Comedy, "Lucy's Old Man." Step dance, by Miss Angete Gallant.
