Stock Markets At A Glance

CHICAGO, Nov. 28 — (AP) — Trading was slow in grain futures pits most of the time today. Wheat held firm and oats and rye were easy most of the session.

TORONTO, Nov. 28 — (CP) — With Base Metal Stocks in the lead, the Toronto Exchange closed on a firmer note today and gains were shown in the four index groups.

NEW YORK, Nov. 28 — (AP) — Stock market prices generally lost fractions to around 3 points today in a wave of last-minute selling which wiped out or greatly reduced gains in a number of categories.

The Associated Press 60-stock composite fell .3 of a point to 75.0. The carrier average was off .8 of a point at 47.6.

WINNIPEG, Nov. 28 — (CP) — Rye futures prices on the Winnipeg Grain Exchange today moved up on moderate buying by locals and outside interests which found offerings light. Dealings were dull throughout the session.

At the close prices were 21⅜-1½ higher.

Approximately 600,000 bushels of Canadian wheat was taken for export today with the United Kingdom and Czechoslovakia as the purchasers.

MONTREAL, Nov. 28 — (CP) — Losses and gains were tied in trading today on the Stock Exchange and Curb Market and a plurality on issues boarded were unchanged. Undertone at the finish was inclined to be easier in continuation of softer correctional tendencies which marked deals earlier in the week.

Trading box score: Total sales, 256,000 shares; mines 194,900; industrials 61,100; lower 63; unchanged 86.

N. B. Preparing Way To Discontinue All Liquor Rationing

SAINT JOHN, N.B., Nov. 28 — (CP)—Effective Dec. 1 the New Brunswick liquor control board will sell rum to consumers without ration coupons and will double the ration on both imported and domestic wines, it was announced today by W.C. Lawson, chairman of the board.

"With gin and rum off the ration and four quarts of wine available to each patron per month", Mr. Lawson said, "New Brunswick's liquor ration becomes the most generous of any province in Caanda. Other spirits are still restricted to one bottle every half month and beer to two dozen quarts per month"

The chairman said that it is anticipated that increased consumption of rum and gin will ease the pressure on other liquors and it is hoped this will enable the commission to lift restrictions on them. Mr. Lawson said that the increased consumption of unrationed gin which is in good supply had made it possible to build up a reserve of rum to the point where it could be taken off the restricted list. He stated that this policy will be followed until all liquors are taken off the restricted list, and promised that rationing would be discontinued just as soon as the supply warranted.

New Grain Loading Record At Montreal

MONTREAL, Nov. 28 — (CP) — Working against time to get ships out of Montreal harbor before the freeze-up, grain handlers here today hit a new shipment record for 17 years, when export loadings for United Kingdom and Europe reached 115,695,000 bushels, passing by 2,000,000 bushels the 113,000,000 bushels loaded in 1932. The record set in 1928 of 211,000,000 bushels of grain, still stands.

Shipping officials said 1928 record was based on a full while this year's high was only a part season as shipments to liberated European countries were not resumed until June and even later. The longshoremen's strike in Great Britain also cut down the potential total.

Grain loadings will continue for several days but few ships are due and the new mark is not expected to go much higher by the season's end.

LEGAL JAILBREAK

ROCHESTER, Nov. 28 —(CP)— A jailbreak occurred here today while a turnkey and six policmen watched—but it was legal. The turnkey had been unable to unlock the cell door. A locksmith also failed so tools were passed to the prisoner who proceeded to remove the lock from the inside.
