Street Repairs Will Continue

Many Subjects Discussed At Monthly Meeting Of City Council.

A resolution to continue the repair work on the streets to the extent of \$2,800 was passed at the monthly meeting of the City Council last evening. Dr. B. C. Keating was appointed City Health Officer in place of Dr. P. A. Creelman.

The meeting was presided over by His Worship Mayor Stewart. All Councillors were present except Councillor Burke.

An application was read from residents of Connolly St. requesting the placing of a light on that street. A letter was read from the Executive Council notifying the City Council that an increase in salary of \$150 had been granted to Dr. I. E. Croken, food inspector, conditional upon a like increase from the City Council. A letter from Dr. R. E. Wodehouse, of the Canadian Tuberculosis Association suggesting the transfer of the position of Chief Health Officer from Dr. Creelman to Dr. Keating as the line of the former was occupied at the sanatorium was read. Following the reading of a communication a resolution was passed permitting the Highland Band from Pictou to hold a sacred concert in the Park on Sunday afternoon. A letter was read from the Hygiene Service Co. requesting an investigation into the

alleged smoke nuisance. A letter was also read from a party on Spring Park Road requesting damages in connection with an accident to a little girl who was injured at a water gate on the street. A protest was read from meat dealers regarding the license regulations, requesting a more rigid enforcement of existing regulations, and making several suggestions regarding the sale of meats.

Several councillors pointed out that the local meat dealers were at a disadvantage as compared with the dealers in the Market House.

Councillor Holman moved that the matter be left in the hands of the Market Committee, Dr. Croken.

BOLIVIA CALLED UPON TO LAY DOWN HER ARMS

Paraguay Also Requested To Suspend All Hostilities And Warlike Preparations.

WASHINGTON, Aug. 8.—Bolivia was called upon today by representatives of the United States and other neutrals to lay down her arms in the Chaco boundary dispute with Paraguay by daybreak Wednesday. At the same time, Paraguay was informed of the terms of the note to Bolivia and requested to prepare to suspend all hostilities and warlike preparations.

Mexico, Cuba and Colombia joined the United States in this latest effort to avert war in the South American jungles. Uruguay also was understood to have concurred. The text of the note to Bolivia was not made public but it was learned the neutrals "insisted" on compliance with their suggestions and requested a prompt reply. It requested cessation of hostilities under an armistice based on the position of troops in the Chaco on June 1, and gave until August 10 to comply.

Today's action immediately followed a complaint from Paraguay that Bolivian troops had recaptured Fort Carlos Antonio Lopez, a charge which the Bolivian Government promptly denied.

Conference Activities

CONFERENCE ACTIVITIES ... OTTAWA, Aug. 8.—(By The Canadian Press)—A proposal to steady the exchange between Canada and Great Britain and also to economize in the transfer of money between the two countries is stated to be before the committee on Monetary and financial questions of the Imperial Conference.

At present a British importer pays for his Canadian purchases in Canadian dollars bought in New York and Canadian importers pay for British goods in sterling also bought in New York. With the fluctuations in exchange and the costs of thus transferring money, this makes for uncertainty and expense.

The proposal is that the Canadian banks pay for British purchases made in Canada at a fixed rate of exchange, and British banks pay for Canadian purchases made in the United Kingdom.

Aviatrix Gives Evidence At Murder Trial

MIAMI, Fla., Aug. 8.—The state re-tried its case against Captain W. H. Lancaster today at the close of a hysterical session in which Mrs. J. M. Keith-Miller told intimate details of her love for Lancaster and young Haden Clarke, the man Lancaster is accused of slaying.

Lancaster was placed on the stand as the first defence witness immediately after circuit Judge H. F. Atkinson had denied a defence motion to strike from the record all testimony of Mrs. Keith-Miller and eliminate as exhibits the letters between herself, Captain Lancaster and young Haden Clarke.

Lancaster began his testimony with a careful choice of words. He said he was 34 years old and had served with the Australian and British forces in the World War.

Mrs. Keith-Miller's testimony today was given between laughter and tears. The session was marked by frequent verbal clashes between the diminutive aviatrix and N. Vernon Hawthorne, the prosecutor.

WENTWORTH, N. C., Aug. 8.—Libby Holman, sought since last Thursday on a charge of murder of her husband, wealthy Smith Reynolds, surrendered to North Carolina authorities today and was released under bond of \$225,000.

was incorrectly attributed to me. I didn't object," she added, weeping, "for I was passionately in love with him."

A court room crowd, the largest to attend any session of the trial, listened intently as Mrs. Keith-Miller told of her love—first for Lancaster, a former British army pilot and once her fiance, and then for Clarke, a writer who was preparing for publication her life story.

Lancaster, she said, she had never loved passionately, but that she had always intended to marry him before Clarke came into her life. Clarke was shot to death in her home April 21. Lancaster also was a guest there.

Mrs. Keith-Miller said she and Clarke had discussed suicide. "I said I wished we could end it all and go out together, and Haden said he wished he could too," the aviatrix said.

"Your statement made in my office after the shooting said nothing of that, did it?" the prosecutor asked.

BRITAIN ASKS FOR FURTHER CONCESSIONS

Letter From British Delegation Now Being Considered At Ottawa. Details Not Published.

(By George Hambleton, Canadian Press Staff Writer.)

OTTAWA, Aug. 8.—Great Britain has requested further negotiations on Canada's offer of preference for preference.

Discussions between the Canadian and British delegations were interrupted today by a letter from Rt. Hon. Stanley Baldwin to Premier Bennett. Announcement that the letter had been despatched created immediate excitement in the conference.

There were rumors of flat-footed refusal of the Canadian offer, of conference break-down. There was talk of an ultimatum. Inquiries in both Canadian and British circles tonight fail to elicit confirmation of such view. It is admitted however that negotiations are travelling a difficult road.

Main Points of Letter

The text of the Baldwin letter is a closely guarded secret. But main points are said to be:

- (1) That Great Britain does not regard Canada's offer of preference as an adequate quid pro quo for what she asks in return.
- (2) That Great Britain would like further tariff concessions on British iron and steel and textiles.

C.P.R. WILL PAY DIVIDEND

(Canadian Press)

MONTREAL, Aug. 8.—Officials of the Canadian Pacific Railway issued the following statement today: "At a meeting of the board of directors of the Canadian Pacific Railway Company held today a dividend of two per cent on the preference stock for the half-year ended June 30 was declared payable on October 1 next to shareholders of record at three p.m. September 1.

"In view of the continued sharp decline both in rail gross earnings and in income from subsidiary undertakings and investments, and the uncertainty as to the time when the 1932 grain crop will be marketed, the directors have decided to defer consideration of the dividend on ordinary capital stock until the full year's earnings are known.

"In the meantime the policy of retrenchment initiated in 1929 is being continued and extended as far as it can be extended consistently with the maintenance of the properties in a high state of efficiency," the statement concluded.

The last Canadian Pacific dividend was paid December 31, 1931, for the last quarter of the year when common stock shareholders received 3 1/2 cents a share, equivalent to an annual rate of five per cent on the stock.

Lindbergh Case Again Revived

Serial Numbers Of Bills Deposited Recently In Albert, N. B. Bank Correspond With Ransom Money Paid—Plate Numbers Differ. However, Mounted Investigating

(Canadian Press)

SAINT JOHN, N. B., Aug. 8.—The Lindbergh case again! Royal Canadian Mounted Police blinked their eyes today when it was reported that some of the Colonel's misplaced \$50,000 ransom might be found at Albert, New Brunswick.

Tonight they stated the serial numbers corresponded but the plate numbers differed. They ventured the opinion that the deposit of United States bills at the Albert branch of the Bank of Nova Scotia had no connection with the famous kidnapping.

They refused to disclose the numbers, however, and interest in the four-month old mystery returned to Virginia, where the notes came from.

Miss Carrie Anderson, a nurse brought them to Albert—three twenty-dollar bills, two tens and two fives. She got them from the bank in Hampton, Va., she said, to finance a vacation, which she now is spending with her sister, Mrs. W. H. Martin, of Albert.

The Albert banker refused to give out the numbers of the bills, declaring the matter was now out of his hands and in the hands of the police.

Royal Canadian Mounted Police headquarters at Ottawa would not "give any information at this stage," and it is believed that non will be forthcoming until United States authorities announce the status of the bills.

SAINT JOHN, Aug. 9.—(C.P.)—The serial numbers of bills deposited recently at the Bank of Nova Scotia at Albert, N. B., correspond with ransom money paid in the Lindbergh kidnaping case, but the plate numbers differ, Inspectors

per value. At that time it was decided to declare dividends on a semi-annual basis instead of quarterly.

A dividend of 6 1/2 cents a share for the first half of 1932 was the normal expectation today, but the dividend was deferred. The dividend rate on the preferred stock remains unchanged at four per cent annually.

GIRL KILLED IN PLANE CRASH

SPRINGHILL, N. S., Aug. 8.—(By The Canadian Press)—Marjorie Horton, 16 year old Springhill girl was killed instantly this evening when a plane piloted by Tim Carr of Saint John crashed at North Wallace, near here.

The plane burst into flames, and Carr was burned slightly when he hauled the girl's body out of it. They were starting to return to Springhill when the accident occurred.

Shortly after the take-off, engine trouble developed. The plane then was flying over Wallace Harbor, and Carr tried to get back to the field he had used as a landing field.

Before he reached the field, however, the engine stopped, the plane took a nose-dive, went into a spin and crashed.

Carr was injured but not seriously. His companion was motionless. Jumping out, he lifted her clear just as the flames swept over the machine. He summoned aid, but the girl was dead. He said he believed she had been killed instantly in the crash.

Carr, a commercial fish operator out of Saint John, arrived at Springhill early this afternoon. He and Miss Horton flew to North Wallace to visit Dr. Sproull. He alighted on a field and they walked about a mile to the Doctor's summer cottage.

Miss Horton was a daughter of Rupert Horton of Springhill.
