PEKIN, Nov. 23.—(By Wire)—Yuan Shi Kai is now practically dictator. He has decided to embark on a vigorous campaign against the rebels in Pekin and Tien Tsin, renewing the censorship and ferreting out the agitators.

ENFRANCHISEMENT OF EVERYTHING IN TROUSERS

KANSAS CITY, Mo., November 22.—The action of the London police courts in sending suffragettes to prison this morning is the enemies' declaration of war," declared Mrs. Emmeline Pankhurst, a leader of the militant suffragettes in England in this city to-day.

Another twelve hours' development which show the situation grave enough to call me home," Mrs. Pankhurst said, "The plotting of my lieutenants in jail may make it necessary for me to go straight to the front without collecting any more supplies. It is the government's late bill, automatically enfranchising everything in trousers, which have precipitated the latest developments. A year ago I accepted the conciliation bill and granted a truce. It was the best we could get at the time.

The came the treacherous action. The government presented its manhood suffrage bill, enfranchising ten million of the lowest types of men, who live of their wives, who prey on other women and have so little political self respect that they would not even register as voters.

TO MAKE DIAMONDS WHILE YOU WAIT.

BERLIN, Nov. 21.—A new method of obtaining diamonds has just been discovered by Dr. Werner von Bolton, a chemical expert connected with the Siemens Halske laboratory here. The process is based on the decomposition of lighting gas by a mercury amalgam whereby the carbon contained in the gas is crystallized into diamonds.

SCHOOL OF MUSIC ENJOYABLE RECITAL

A very successful recital of the pupils of the Charlottetown School of Music was held last evening in the Kindergarten Hall. The attendance was not as large as it might have been owing to other attractions, but the program was much enjoyed by the music lovers who were present.

Rev. J. Heaney, B. A., president and opened the program with a few brief remarks. The piano solos, of which there were seven, were tastefully rendered, indicating industry on the part of the pupils, a certain amount of talent and careful, painstaking instruction. A most enjoyable feature was a reading by Miss Maud McLean, whose beauty of expression and familiarity with the principles of elocution were amply demonstrated.

SIXTY PERSONS MET WITH DEATH

Train Broke Through Bridge Over Swollen River

SAMAR, Nov. 23.—(By Wire)—Sixty passengers lost their lives through the plunging of a train into the river Thout this morning, owing to the breakdown of a railroad bridge at Montreuil Bay.

The train, which started from Adgers, was travelling to Poitiers and it contained a hundred passengers. While crossing a bridge the structure which had been greatly weakened by recent floods, broke down, crashing with the whole of the cars into the swollen stream.

Many passengers who succeeded in getting through the windows tried to save themselves by clinging desperately to tops of trees which showed above the surface of the water.

LANSLOWNE MAY SOON RETIRE

LONDON, Nov. 23.—(By Wire)—The Daily Express understands that Lord Lansdowne is likely to retire from the Unionist leadership in the House of Lords in the near future.

SCHOONER NOVELTY IS DAMAGED

HALIFAX, Nov. 22.—A collision occurred on the harbor yesterday afternoon, when the schooner Novelty collided with a coal barge in Mill Cove.

The Novelty, which was anchored in the cove, was getting under way for Bridgewater, and just as the anchor was breaking, the engine balked. This necessitated a delay and when the vessel started to get under way a second time the block fell from the wildcat and the schooner drifted back and collided with the coal barge.

STORM WARNINGS FOR SMALL CRAFT

WASHINGTON, Nov. 22.—The weather bureau today addressed an additional marine warning to be known as the "small craft warning" to notify owners of fishing, towing, motor boating and yachting craft that might interfere with the safe operation of small vessels. This will go into effect December 1, and will consist of a red pennant flown from the flagstaff on the Atlantic, Pacific and Gulf coasts and the Great Lakes and will signify high winds, which would not justify the issue of regular storm warning.

SUFFRAGETTES IN THE COURT

Prefer to go to Jail Rather Than Pay Fines

LONDON, Nov. 23.—(By Wire)—A long line of window-wrecking Suffragettes again filled in and out of the court room at Bow Street today.

They had to answer charges connected with the disorders of Tuesday night. The accused, almost without exception, took their sentences with indifference, choosing jail in preference to fines.

MIDNIGHT ELOPEMENT OF PROVINCIALISTS

The following is an extract copied from the Boston Post:

HAVERTHILL, Nov. 17.—A midnight elopement came to light today, when it was announced that Louis Costello of this city and Mary Dunford were married last Wednesday in Boston after travelling from Kelly's Cross, P. E. I. The many friends of the groom also learned today that Mr. and Mrs. Costello are now on an extended wedding tour. Mr. Costello is the son of John and Mrs. Costello of Kelly's Cross, P. E. I., and his bride is a daughter of George and Mrs. Dunford of the same place.

They attended the district school in their native town in Prince Edward Island and their friendship ripened into love. Mr. Costello was teaching school in his native town when the two became engaged. A year ago he interviewed the parents of his fiancee and asked their consent for his marriage of their daughter. As Mr. Costello is a Catholic and his bride a Protestant their friends said, Mr. and Mrs. Dunford objected to the match.

Falling to get their consent Mr. Costello left Kelly's Cross and came to this city, where he obtained employment in a local box factory. Letters passed between the young couple and they recently decided to elope. Three weeks ago Costello left this city and went to Charlottetown where he completed his plan for the elopement and marriage.

Hiring a horse and carriage at Charlottetown, two weeks ago Thursday evening, young Costello left that place for a twenty-two mile drive to Kelly's Cross. Miss Dunford that evening supposedly left the home of her parents to visit her brother whose home is a half a mile distant. It was just midnight when the young couple met and started from Kelly's Cross on the return drive to Charlottetown. The couple took the steamer to Pictou next morning, where they boarded the train and landed in this city on Saturday. Miss Dunford went to the home of friends to obtain a marriage license from the City Clerk last Wednesday and were married by the Rev. Father Gorham of St. James R.C. Church. The bride was gown in a suit of blue silk with hat to match and was attended by Miss Etty McCaughy with black picture hat set off by a large willow plume, while the groom was supported by Eiram Malone. After the wedding ceremony a call loan of \$240,000. These securities were awarded sold to the United States Steel corporation and today a part of that combine's vast holdings.

THE REGENT AND PREMIER YUAN

Have Angry Words. Revolt Now Reached Thibet

LONDON, Nov. 23.—(By Wire)—The Daily Mail's Peking correspondent sends word of an audience with Prince Chun and Yuan Kai.

The Premier declared that he was unable to stop the revolution while the Manchus remained on the throne. The Regent became very angry and Yuan replied that The Regent might take his life, but he could accomplish nothing with the material at his disposal and with no funds.

The Peking correspondent of The Times says the revolt has reached Thibet, the Chinese customs official at Y Tung being compelled to withdraw. Word that the Tibetans had risen against the Chinese may be expected at any time.

"STEALING" AND "LYING" TERMS USED

WASHINGTON, November 22.—With a bitterness that lent emphasis to his utterance and at times fairly beside himself with pent-up rage, Leonidas Merritt told the Stanley Steel trust committee today a personal narrative of his dealing with John D. Rockefeller and how the latter had forced him out of the copper business in Minnesota.

Mr. Merritt declared that it was after he had turned down a proposition from Mr. Rockefeller, which he characterized as "stealing," that Rockefeller called upon him to pay a million dollar loan, and brought about his downfall. The proposition Mr. Merritt said, came through the Rev. Dr. Gates, Mr. Rockefeller's almoner. "I listened in amazement to it," said Merritt. "It meant that several men would be thrown out of the company and their stock taken."

turned to Gates and said: "Mr. Gates, you came from John D. Rockefeller. Go back to John D. Rockefeller and tell him that when I steal for a living I will steal for myself." At one time during the remarkable recital of his dealings with Mr. Rockefeller, an encounter between the witness and Geo. W. Murray, counsel for the Standard Oil company, was narrowly averted. Mr. Merritt said that Gates told him "Rockefeller was 'hard up.' He believed it at the time, but today he said Mr. Gates had 'lied.'"

LATER—John D. Rockefeller and his almoner, Rev. F. D. Gates, of Montclair, N. J., will be invited by the house committee of inquiry into the United States Steel corporation to reply to testimony given yesterday and today by Alfred and Leonidas Merritt, of Duluth, Minn., charging that Rockefeller, through Gates, as his agent, took from them in 1897 \$10,000,000 in Mesaba Iron Mine and Duluth, Mesaba and Northern railroad securities to satisfy a call loan of \$240,000. These securities were awarded sold to the United States Steel corporation and today a part of that combine's vast holdings.

After Leonidas Merritt had testified that he had gone to New York with \$10,000,000 in securities, had met Mr. Rockefeller, and that two months later had nothing except a "chance to walk from New York to Duluth on the ties," the steel committee had an active session. Previously, Chairman Stanley had announced that Mr. Rockefeller would be heard, merely the committee decided, however, merely to ask Mr. Rockefeller and Mr. Gates if they wished to appear, and give them an opportunity to be heard. They have already become interested in the marriage and an effort is being made to obtain parental forgiveness and blessing.

Figures show that in the first three days the rainfall reached eighty-eight inches, while in the first twenty-four hours thirty-two inches of water fell.

BERNHARDT DENIES MARRIAGE RUMOUR

PARIS, Nov. 22.—Sarah Bernhardt indignantly denies the report that she is about to marry Lounellegan, a 26-year old Flemish actor, who has been playing subordinate parts in her company. When a correspondent called at Mme. Bernhardt's last night to enquire about the report he encountered a French journalist who had been on the scene and making a hasty exit, having barely escaped having his ears boxed. Boulevard gossip credits the great actress with always having a youthful attendant on whom she lavishes her generosity. The gossip has it that Lounellegan occupies this position at present and has replaced the Crocodiles and Lion cubes of former days.

PARIS, Nov. 23.—It is announced that Sarah Bernhardt, the famous actress, is shortly to be married to Lou Tellegen, a Flemish actor, who is but 26 years old.

KING'S CHAPLAIN WAS DISMISSED

Under Grave Charge—A Great Court Sensation

LONDON, Nov. 23.—(By Wire)—The first court scandal in King George's reign exploded with violence when The Gazette announced officially the dismissal of Rev. Frederick Farrar the King's domestic chaplain and also honorary chaplain to Queen Alexandra.

Charges of drunkenness and immorality are made against the deposed King's chaplain and are now being investigated by the Bishop of Norwich.

The clergyman been rector of Sandringham. LONDON, November 22.—Much comment has been caused by the cancellation of the appointment of Rev. Frederick Percival Farrar as chaplain to the King and honorary chaplain to Queen Alexandra. The official announcement to that effect was issued from the lord chamberlain's office. Rev. Mr. Farrar is rector of Sandringham and when an attempt was made today to obtain the reasons for his retirement, it was stated that Mr. Farrar had gone away, leaving no address.

THE ANNUITIES BRANCH MOVED

OTTAWA, Nov. 23.—(By Wire)—The Annuities branch, which had been under the Minister of Trade and Commerce since its formation some years ago, is to be placed under the Postmaster General and attached to the savings bank. This is the first step which the new Government has taken in the rearrangement of the administration branches. Within a few days the Archives branch will be transferred to the State department.

NO PRESBYTERIAN AND NO SCOTSMEN IS ROSS' LAMENT

OTTAWA, November 22.—The senate beat the commons to the finish in the debate address by winding it up this afternoon. Five senators, spoke, four of them being liberals, and all had a little to say about the recent election. The only man who expressed satisfaction with the result was Senator Perrier. Senator William Ross, of Halifax, regretted that there was neither Presbyterian nor Scotsman in the present government.

SWORDS MUST BE OF BRITISH MAKE

OTTAWA, November 22.—If Great Britain cannot manufacture wholly the swords furnished to the Canadian militia, they will have to be made in Canada, according to an order issued by Hon. Sam Hughes, minister of militia. At the recent military conference, Lieut.-Colonel Gwynne, of Regina, stated that he had directed to be sent back swords bought for his cavalry corps in England, but made in Germany. Since then there have been further intimations to Colonel Hughes that these articles, furnished the department for use by the Canadian militia, are manufactured either wholly in Germany or other continental countries, or that, if the swords are normally made in England, the chief parts are made in foreign lands and put together in England. Colonel Hughes, in a memorandum just issued, states his refusal to purchase swords of foreign manufacture.

A PLEA FOR "HOMES"

Where is the house, the house we love? By field or river, square or street, The house our hearts go dreaming of, That lonely waits our hurrying feet; The house to which we come, we come, To make that happy house our home. Whether our house be new or old We care not; we will drive away From last year's nest its memories cold. And all be gold that once was gray. Oh, dear dream-house, for which we pray, Our feet come slowly up your way! —Katherine Tynan. What a difference there is between a mere house and a real home! In this modern fastidious age, where the houses must be built so beautifully and so evidently for entertainment, there is not a tendency to make too much of the house, too little of the "home." "Susanna Wesley, with the song of the children; these make a palace of praise and the gospel of peace in her the merest hut,"—Marian Garth.

A DESERTER IN POLICE COURT

Wants to Return and Take His Punishment

MONTREAL, Nov. 23.—(By Wire)—John Cusick, 40 years of age, deserted from the Royal Canadian Dragoons at Halifax sixteen years ago. This morning he marched into the police station and gave himself up. He has spent the greater part of his time in Alberta. He did not prosper and determined to give himself up.

He told the police a pitiful tale of his struggles to get back to Halifax from the west, without money or friends.

Reaching Montreal last night he needed he could go no further and so asked the police to send him as prisoner to Halifax.

LABOR ASKS FREE BOOKS IN SCHOOLS

ATLANTA, Ga., November 22.—When the conference of American federation of labor meets tomorrow, it will be with the exception of hearing and passing on the reports of two of its most important committees, that on the adjustment of industrial disputes and that on the president's report. The adjustment committee has in hand the long waged controversy between the carpenters and the sheet metal workers, which resulted last year in the expulsion of the former from the building trades department. It is expected that the committee will recommend the reinstatement of the carpenters if they will agree to abide by the decision of the department in future disputes.

All the recommendations made by President Gompers in his annual report, have been considered by the committee to which it was referred. Chairman Wilson declared today that the committee would make some recommendations of vital importance to the federation. The convention will adjourn on Saturday. President Gompers and the other officials probably will be re-elected easily as the socialists have not developed sufficient strength to make serious opposition. It is regarded as practically certain that the 1912 convention will be held at Rochester, altho Richmond is waging a strong fight for the meeting. The following resolutions were adopted today:

Favoring the construction of all government vessels in government ship yards. Endorsing the strike on the Harriman lines. Changing Memorial day from the second to the fourth Sunday in May. Advocating compulsory education, free school books in public schools, and night schools. Petitioning President Taft to recommend to the government of Porto Rico larger school appropriations, an eight hour day and other beneficial legislation.

W. T. R. PRESTON RESIGNS TRADE COMMISSIONERSHIP

OTTAWA, Nov. 22.—The resignation of W. T. R. Preston as Canadian Trade Commissioner to the Netherlands has been received and accepted by the Minister of Trade and Commerce. Mr. Preston in forwarding his resignation says that he is suffering from insomnia and nervous breakdown. His successor is not yet decided upon. Preston has been in the Netherlands since he was appointed to the position in 1908. He has been successful in securing for the Canadian sword industry a large number of orders for the manufacture of swords wholly in Canada. His decision is that if Britain cannot manufacture swords wholly herself they will be made in Canada.
