Devil's Island Secrets Made Public at Last

Stirring heart interest and an intense suspense throughout the unfolding of the story characterize Pauline Frederick's new Chadwick screen drama, which was presented for the first time locally at the Prince Edward Theatre yesterday.

In addition to Miss Frederick, whose superb characterization dominates the photoplay, the cast includes several favorites, whose performances were splendid in lesser roles.

Richard Tucker, of stage and screen fame, a motion picture star since the early days of the photoplay, enjoys a role that offers him an opportunity for one of his versatile characterizations.

The story concerns the struggle of Jeanette, wife of a "Devil's Island" convict, to win freedom and fame for the son that is born to live a prisoner.

Comedy relief is supplied by "The Humdinger" a two part comedy feature. This program will be repeated today, afternoon and evening.

Ottawa Wins From Montreal by 19-16

OTTAWA, April 4.—Ottawa Basketball Club took a lead of three points in the first game of the Eastern Canada senior basketball play downs by defeating the Montreal A. A. A. at the Coliseum here on Saturday night by a score of 19 to 16.

Murderer's Gift To Science

(By British United Press) VIENNA, April 2.—A man who was condemned to death for murder has been pardoned because he consented to allow an operation upon himself for the cure of another man.

Some months ago a peasant was sentenced to death, and was sent to the jail of Zajevar to await execution.

Dr. Kolesnikow, a local doctor, who was interested in the Voronoff process of rejuvenation by grafting the glands of monkeys to human beings, had a patient, another doctor, to do an operation on a man from a monkey.

The operation was performed, and the aged doctor is said to have been rejuvenated to such an extent that he is almost young again.

CAMBRIDGE CREW PULLS AHEAD IN SPEEDY FINISH

PUTNEY, Eng., April 4.—(A.P.) Cambridge's Varsity crew swept across the line three lengths ahead of Oxford today, to win the eight-oared classic for the fourth consecutive year.

Although it appeared to observers that Cambridge was a full four lengths ahead at the finish, officials placed the winning margin at three lengths.

Oxford grimly contested every foot of the 4-1-4 mile course from Putney to Mortlake, and for the greater part of the distance there was little to choose between the two crews.

The time was 20 minutes, 16 seconds, as against the record of 15 minutes 25 seconds made by Oxford in 1911.

The race was rowed under ideal conditions, in bright sunshine, smooth water and a light south-west wind. The banks were lined with huge crowds.

The result gave Cambridge 35 victories, since the series started in 1829, as against forty for Oxford. The classic has been an annual affair since 1841, with the exception of the war years.

In 1877 the crews rowed a dead heat. In 1912 two races were held because both shells sank in rough water during the first attempt.

Huge Crowds

The usual happy-go-lucky "boat race day" crowds were on hand, Londoners predominating. They began tramping through the western suburbs to the tow paths along the Thames at Putney, Barnes, Hammersmith and Chiswick early in the morning.

Canucks in Hub Are All Excited

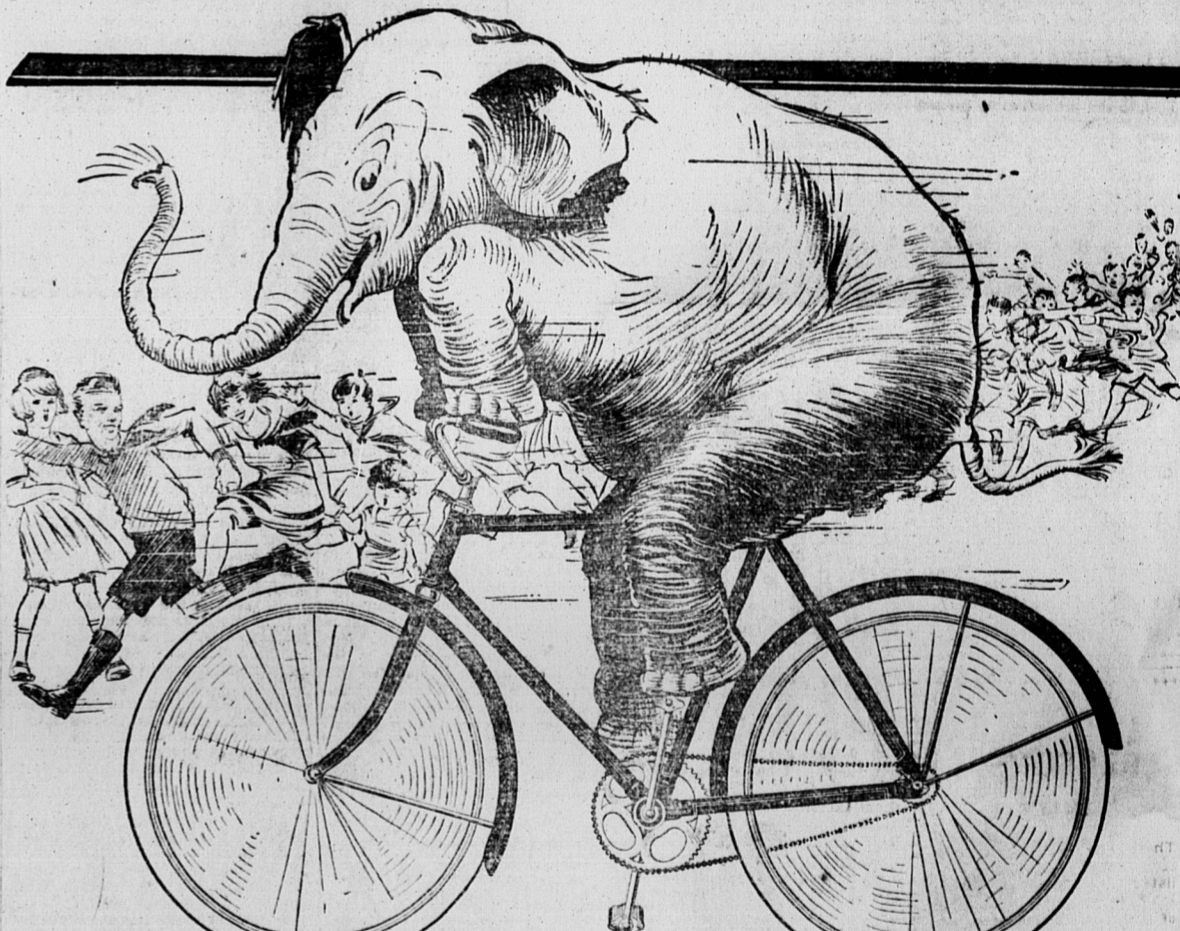

BOSTON, April 4.—As April 19th draws nigh the Canadians of Boston are beginning to feel a bit excited. Why? Oh, you know why! The annual classic event known as the Boston Marathon takes place on that date, and Canadians have not forgotten what happened a year ago.

Can he do it again? You bet your sweet life he can. So figure Canadians and especially former Cape Bretoners as they are preparing to welcome him to Boston. They would welcome him anyway. Win or lose, Johnnie Miles has a place in their hearts.

The Cape Breton Club of Boston has engaged quarters for the Miles family at the Hotel Somerset, one of Boston's most exclusive hostels. A testimonial and reception to Johnnie Miles will be held in the ball room of the Hotel Somerset on the evening of the race.

Strong Enough to Stand a "Baby Elephant"

OH boy! Those are handsome, sturdy bikes—those new C-C-M's. When your boy says he wants "a bike strong enough to stand a baby elephant", he really means a C-C-M. The English seamless tubing, the flint hard steel bearings, the sturdy rims, the specially-drawn, piano wire spokes (tested to 800 pounds tensile strength), all combine to make a rugged machine which will carry "Baby Elephant" weights over rough places.
