GIVEN DAMAGES BAD SIDEWALKS

MONTREAL, Feb. 18.—After two days' hearing the jury trial in the case of Louis Segouin vs the City was concluded yesterday afternoon. This was a claim for \$4,000 damages on account of the plaintiff, a master carter, who broke his left leg by falling on the slippery sidewalk, in front of St. Agnes' Church, St. Denis street. The jury arrived at the conclusion that the accident was entirely due to the bad condition of the sidewalk. They, however, estimated at \$1,436 the damages sustained by the plaintiff. The city had called the corporation of the parish of St. Agnes in warranty, and this action will be heard later.

KAISER ATTENDED IN DISGUISE

Appeared At Fancy Dress Ball At Kiel Without Any Warning

BERLIN, Feb. 18.—The Kaiser's fondness for creating surprises was manifested in a remarkable manner last week, when without warning, his Majesty suddenly made his appearance at a fancy dress ball which his third son, Prince Adalbert of Prussia, was giving at the Seebad Hotel, at Kiel. The ball had just begun, and the brilliantly attired company was tripping the opening steps of a torch, dance, the music of which was of Prince Adalbert's own composition, when the curtains leading from the royal suite parted and a mysterious group of black dominoes entered the ball room.

TOM LONGBOAT WON RELAY RACE IN RECORD TIME

BOSTON, Feb. 18.—Tom Longboat the Indian long distance runner, who is to represent Canada at the Olympic games in London next summer, won the ten mile relay race at the Park Square Coliseum Thursday defeated three men. His time was 50 minutes 52 3-5 seconds, beating the record made by Alfred Shrubbs, the English champion, over the same track. Longboat maintained an even pace throughout and no lapping was done. At the end of the five mile lap the time was 24 minutes 18 seconds, and at the ninth 45 minutes 4-5 seconds. The three men who ran against the Indian are Percy Sellen, holder of the Canadian five mile record; Claude Pierre, both of Canada, and Bill Cummings, of Scotland, who was a pace maker for Shrubbs in England. At the finish Longboat was two feet ahead of Pierre.

IS JAPAN AFTER ANOTHER LOAN

PARIS, February 18.—It has not been possible to obtain confirmation of the report current here yesterday that the Japanese Government is trying to float a loan in Paris through the Banque de Paris et des Pays-Bas. The only statement the Japanese embassy would make was that nothing was known of the matter, and a leading official of the bank in question characterized the assertion as "totally inexact."

A HOT ROAST FOR ROOSEVELT

TROY, N.Y., Feb. 18.—Ex-Senator Brackett, strongly criticized President Roosevelt's administration in a speech last night before the Republican Club of Rensselaer County which observed Lincoln's birthday. He said the President had assumed all branches of Government and dictated. He practically charged White House influence over the Government and said that a parting of the way had come for Republicans with the coming election.

BRAVE FIRE CHIEF FIGHTS LAST FIRE

Deputy Kruger Thought He Bore A Charmed Life, But Was Drowned In A Cellar Full Of Water—A Sad Event.

NEW YORK, Feb. 18.—"Big-hearted Charley" best beloved of New York's fire fighters, met today, the death he had defied for thirty six years. It was a common remark that Kruger never "sent" but always "led" and when his cheery call "come on boys" rang out for the last time a dozen men were at his heels. The situation was desperate. The buildings at 215 and 217 Canal street were in flames and the whole block was threatened. Chief Croker had refused to order his men into the building, but had consented to Kruger's venture. "Chief, there's no hope of getting into the basement of 217," the grizzled deputy had said. "Our only chance is to go down into the cellar of 215 and cut a hole through the separating walls. Come on, boys."

BRITISH COAL BEING STORED

MORE TROUBLE ABOUT PAPERS

In the Commons—Not Produced But Member Could See them Privately.

OTTAWA, Feb. 19.—(Special)—English and French speakers attended the House of Commons debate today. Col. Ward, Conservative, moved for papers regarding a western man Frederick Blunder of Macleod, whom an Alberta court declared a cattle thief. The Minister of Justice said so far there had been no application for clemency though the case might deserve it. He offered to show Ward the papers privately. R. L. Borden thought this strange as the report of the Judge on the murder of an Armenian pedlar near Colchester had been produced in Parliament without demur.

WEARING QUEUE RAIDS CHINESE

PITTSBURG, Feb. 18.—So well disguised as a Chinaman that even members of that race did not discover the deception, a detective made a raid this afternoon, in which eleven violators of the law were rounded up. For several weeks the establishment of Sam Yee has been under surveillance of the police. Lieutenant John J. Ford today donned a Chinese wig queue and all, and appeared in the front entrance. He had no difficulty in gaining admittance to the room on the first floor, where he found a game of "pi-kow" in progress. After a while he got a secret signal that a larger game was in progress in the basement, and he hurried to the lower floor. There he found ten men around a table, with the proprietor of the establishment, Sam Yee, in charge of the "kitty," which contained more than \$13. He summoned Captain McCabe, and all were taken to the station.

At Halifax May Mean that Fleet Will Be Assembled There Next Spring—Why Ships Did Not Go To Esquimalt.

HALIFAX, Feb. 19.—(Special)—It is reported here that in view of the possibility of a struggle for the mastery of the Pacific a large fleet of British warships would rendezvous at Esquimalt, but when the report went to the United States it created such a stir that it was brought to the attention of the British Admiralty who denied it. There was a similar report yesterday in reference to this station, but it can hardly be due to the Admiralty report which was to the effect that a large British fleet will visit Halifax this summer. It was learned that a steamer is being loaded under charter to the Admiralty in Wales with a cargo of coal which is to be delivered at Halifax. It will be remembered that when the last fleet of large war vessels were here a steamer from Wales with a cargo of coal preceded them and coaled them in the stream here. There are now 6,000 or 7,000 tons of Welsh coal and briquettes belonging to the Admiralty at the Dock Yard and the steamer loading is expected to bring nearly 3,000 tons. So that there will be a lot of coal here available for naval purposes. The steamer coming is the Camperdown and she will be here early in March. It is just possible therefore that it is the coming of this cargo of coal in addition to the big stock at the Dock Yard that gives rise to the report of the fleet rendezvous here.

SUFFRAGETTES WERE FOILED

In their Attempt to Storm the House of Commons—The Police "Were On" To their Stratagem and Carried Them Away to Custody

LONDON, Feb. 18.—The latest attempt of the suffragettes to storm the British House of Commons is thus described in a London despatch of a late date:— "A band of militant suffragettes tried another strategic move this afternoon in their anti-government campaign. Shortly after four an innumerable looking furniture van drove up to the house of commons, but instead of furniture its load consisted of some thirty women, who, as soon as the vehicle stopped flung the doors open and made a desperate rush for the entrance of the house. THE POLICE WERE VIGILANT. "Only one gained admittance through the outer portal before the vigilant police surrounded them. By the number of police who appeared on the scene like magic it is quite certain that the raid was no surprise. "As the women refused to disperse the police began to make arrests, whereupon the usual scene of scuffling and excitement followed. Nineteen women were made prisoners at this time. They fought and butted with dogged courage but the police only smiled good-naturedly. One red-haired working woman of powerful proportions certainly succeeded in winding several policemen. Leaving her head tilted back at a row of six policemen, two of whom were almost upset. Finally a policeman undertook to subdue her, but he was unable to overpower the woman without resort to force. The woman's onslaught inspired her discouraged followers, who renewed the struggle with fresh energy. Finally the police, finding the women deaf to persuasion, decided on drastic measures. They assumed the offensive and broke up the enemy's ranks, marching fifty-four of the most refractory to the police station.

FEAST OF ENTERTAINMENT

Will Be Presented At Fairyland Tonight

The splendid performance at "Fairyland" last night was greatly enjoyed by the large audiences that were present at each show. The celebrated moving picture "The Life of Moses" came in for much praise. This is one of the most successful films turned out by the Pathe Bros. of Paris. It gave a vivid description of the grand Biblical story, and it is pleasing to note that this film is to be repeated to-night. The sporting picture the swimming and diving feats at the Crystal Palace, London, was also highly appreciated. The re-appearance of the "Despatch Bearer" which was given by special request, was loudly applauded. The comedy picture—"Nature Fakirs" was one of the most amusing films shown for sometime and formed a feature of the pictorial program. "The work of the celebrated acrobat and juggler Mack Howard is receiving hearty and well deserved commendation. Mr. Howard juggles with cannon balls, cigar boxes, umbrellas, lighted lamps, etc., and performs most difficult acrobatic feats, which surpasses anything in that line that has ever been put on in vaudeville. To-night, he will introduce tumbling in addition to the other features of his act. The musical program to-night will include a new illustrated song by Mr. Maddison, the popular baritone who is singing better than ever.

TRAM CARS FOR WOMEN ONLY

London County Council's Plan To Meet Rush Hour Abuses.

LONDON, Feb. 18.—The County Council proposes the experiment of running a certain number of tram cars for women only during the rush hours in the morning. The fierce struggle among the passengers at the suburban termini has long been a scandal. Women and girls have to wrestle with men and boys to secure places in the cars on their way to work. They often sustain injuries and have their clothing torn.
