 voice. With a harrowing scream, the majiora straightened his back with a jerk.
 Somehow, Gray unbolted the door and stumbled out.
 Hurrying to the end of the long gallery, his flesh prickling with waves of mingled fear and disgust, he passed a number of lammas discussing some sensational piece of news. Other small groups of monks, grave-faced and preoccupied, were talking in low tones that betokened anxiety.

Gray made no comment. Once again a sense of having taken on a flight against hopeless odds swept over him. The death of the Living Buddha had carried off a powerful friend. Almost certainly nothing would now be done about sending out search parties. More than ever was it urgent that he should get to Hlampo.

Eagerly Follow Tour Of Their "Mere et Pere"
 (C. P. By Guardian's Special Wire)
 CALLANDER, Ont., Feb. 11.—Five little tots today gazed at a newspaper on a table in a little North Ontario farm home—but they could not read. The children were the elder five offspring of Mr. and Mrs. Olivia Dionne, parents of the famous quintuplets, and it was the pictures of their mother and father in Chicago that caused the close survey of the paper.

Only 100 yards from their kindergarten sisters, the other five kiddies, only two of whom have ever been inside a school, are guarded by their grandfather, Oliver Dionne, and other relatives. They miss their parents and pray for them nightly.
 At the same time, they have a long list of gifts ranging from a pony to a pair of skates which they would like their "mere et pere" to bring them from the United States. Should the parents comply, it will take a fair valise of their present vaudeville earnings.

CURLING
 The Montague Curling Club has just finished a series of games which terminated in the winning of the Tip-Top Tailors Trophy. The competition covered a series of forty-two games, and was won by Cecil K. Wightman's rink. This team battled through the entire series without suffering a single loss. This is the first time since the donation of the cup—emblematic of the club championship—that this has been accomplished and speaks very well for Mr. Wightman and his team in this game of games.

Miller's Worm Powders never fail. They immediately attack the worms and expel them from the system. They are complete in themselves, not only as a worm destroyer but as a highly beneficial medicine for children, correcting weak digestion and restoring the debilitated system to healthfulness, without which the growth of the child will be retarded and its constitution weakened.

GIRL GUIDE NEWS
 First Charlottetown Company

The meeting opened as usual with the Guide Prayer. Inspection for ties of correct width and length was taken by the Patrol Leaders in their corners. After a few minutes of brisk Company Drill, work on the tenderfoot, second class, and first class badges continued. Tests were held in further knowledge of the Guide Law and in Health Rules. On Thursday afternoon Ruth Sinclair and Louise Cox passed the fire-lighting test, building a fire in the snow, lighting it with only one match, (the maximum allowed to pass the test is two matches), and keeping it burning for five minutes. This makes Louise a Second Class Guide. Five of the Guides passed their Child Nurse Badge during the past week, and will be awarded their badges at the next meeting. The tenderfoot knots were reviewed by a knot game, and a relay race followed. The meeting closed with Campfire, conducted by the Thrushes, and Taps.

2ND CHARLOTTETOWN COMPANY
 Friday, February 8th.—The Patrol Leaders taught their Guides a smart new roll call drill and the drill signals. These will be used from time to time to add variety to the weekly meetings. A lively bean bag relay was won by the Bluebird Patrol.

A few interesting details of Lord Baden-Powell's early life were told by the Company by their captain. It was a strange coincidence that the Chief Scout's birthday and that of the Chief Guide, his wife, fell on the same day, February 22nd, which is celebrated by Girl Guides and Girl Scouts the world over as "Thinking Day."

Miss MacNutt, Deputy Commissioner, was the Company's welcome guest at this meeting, gave an interesting account of how Guiding is progressing in rural Prince Edward Island. The first chapter of "Guide Alice" was read by the lieutenant. The Guides are very generous donors of delicious fudge which was passed around at campfire.

"HOCKEY MATCH— The Charlottetown Sea Gulls and the Sea Gull Sisters met the Montague Jap-a-Lacs and Jap-a-Lac Sisters in a hard fought game in the Montague rink on Saturday evening. The Girls game ended in a score of 1-0 in favor of the Jap-a-Lacs. The other game ended in favor of Jap-a-Lacs. On Friday evening the Montague School Boys and the Jap-a-Lac Sisters played in Georgetown rink. The Jap-a-Lac Sisters won in a 3-2 score, and the Boys won from the Squarriers in a 8-6 score. Winnie McKenzie scored two goals for the Jap Sisters and Winnifred MacDonald one. The boys game was quite lively from the face off but got a bit ragged before the game was over. The Montague teams motored down to Georgetown on the ice.—H.

"CANADIAN LEGION.—The regular monthly meeting of the Montague Branch of the Canadian Legion B.E.S.L. was held in the Memorial School on Thursday evening. Good roads and fair weather enabled a goodly number of veterans from the outlying districts to be present. The President, Simon D. Nicholson opened the meeting in the usual manner, observing the two minutes silence. A good deal of business was transacted. One new member was enrolled. Captain Harry Bruhm, who served in the British Navy during the War. Past President, W.A. McLaggan is sponsoring a three months card tournament which is creating lots of fun and amusement. Some of the players had rather poor luck on Thursday evening but are warning the others to watch out at the next play.—H.

ELECTED VICE PRESIDENT HOLSTEIN ASSOCIATION—MR. J. H. Kennedy, Southport, has just returned from Toronto where he attended a meeting of the Holstein Association which took place in that city on February 7th. This Association is the largest live stock organization in Canada and the meeting held, at which there were about 300 persons present, was one of the biggest and best in the history of the Association. Mr. Kennedy was elected Vice President at this meeting and he states that the Association is in splendid financial condition having over \$100,000.00 assets all invested in Dominion Government bonds. They had a most successful year, prices of cattle having advanced about 25 percent and the export of Holsteins to the United States, exceeding that of the previous year by a considerable number.

Requisite on the Farm—Every farmer and stock-raiser should keep a supply of Dr. Thomas Electric Oil on hand, not only as a ready remedy for ills in the family, but because it is a horse and cattle medicine of great potency. As a substitute for sweet oil for horses and cattle affected by colic, it far surpasses anything that can be administered.
