VISITED OLD HOME—Mr. John M. Locke, left for his home in Vancouver, B. C., January 10th, 1922 after visiting his old home on the Appin Road, also his friends in Charlottetown and Colville. It has been eighteen years since he last visited his home in P. E. I. He was accompanied to Colville by his father and was met by his wife who had been visiting her relatives in London, Ontario.

ACCIDENT.—Brakesman Austin McDonald received some injuries in the yard at Emerald Junction on Tuesday. Stepping on the while the Borden train was shunting, tender going down the yard he got jammed in a snow cutting that had not been shovelled out properly, and before the driver noticed the predicament and stopped the engine he received injuries to his leg and shoulder and also a bruise on the face. Had not the driver stopped the engine so quickly no doubt a more serious state of affairs would have resulted. Mr. McDonald left for his home in Tignish on the afternoon train where he will receive medical treatment, and it is hoped will resume work in a short time.

Prominent Veteran Disappears From Edmonton

EDMONTON, Jan. 11.—Whether dead or suffering from loss of memory, the disappearance for three weeks of T. Dace, vice-president of the Dominion Command, G. W. V. A., is causing concern among his friends. Deputy Attorney General Browning, as an official guardian of estates of missing persons, has taken charge of the estate, and, pending an official statement, has closed the office formerly occupied by Dace, and auditors are busily engaged over the books.

The missing man is unmarried and has been active in local G. W. V. A. circles, being the vice-president of that organization in Edmonton, Dominion representative and a Dominion vice-president. Headquarters of the G. W. V. A. have been wired asking for assistance in locating him. Members of his firm state that Dace was in Winnipeg December 23, where he made some progress in negotiations for the sale of a valuable block of Edmonton real estate, and that he left Edmonton December 21, although not in a fit condition to travel.

Mr. Dace is a real estate agent insurance and financial broker of this city.

CANADIAN NATIONAL RAILWAYS.

Examination of Canada's trade figures brings out a number of peculiar circumstances. First of all, the figures demonstrate that we are buying too much from the United States in comparison with their purchases from us. Secondly, while our sales abroad are in a measure satisfactory, we are not buying enough from the foreign countries that buy from us.

Broadly speaking, this results in two sets of adverse conditions. The amount we purchase from the United States being too large results in depreciation of the Canadian dollar there. We must equalize our purchases to the basis of what they buy from us, as only by that means can the adverse exchange be adjusted. Another condition is that the ships of the Canadian Merchant Marine are at present returning from foreign ports with inadequate cargoes. It is not sufficient to load ships one way only. Return cargoes are necessary to the economical operation of ships.

The countries to which the Canadian Merchant Marine are operating—British West Indies, and South American ports offer opportunities for the purchase of many commodities which Canada does not, or cannot purchase herself. We must not simply sell to these people—we must "trade" with them.

The revision of our buying and selling operations on this basis would result in the advance of the Canadian dollar to par value in the United States and have a most salutary effect on the financial condition of our Nationally-owned railroads and ships by diverting to Canadian Seaports a much larger proportion of the tonnage which for years has entered and left Canada through the seaports of the United States.

The Canadian Merchant Marine is a Canadian institution—built with Canadian money—operated to further and facilitate the foreign commerce of this country. Somehow or other, a report was circulated to the effect that outsiders were employed by the Canadian Merchant Marine to the exclusion of Canadians and British Subjects. In denial of this report, the management of the Canadian National Railways offer the statement that of the 1674 employees on the payroll at December 31, 1920, exactly half were Canadians by birth or adoption and the balance were of British birth. It is the invariable practice of the management to employ only British Subjects in the management and operation of this Government owned line of steamships.

The Canadian National Railways recently issued a chart of earnings and expenses in which was shown that earnings were falling and expenses going down. Starting with August, which showed net profits of some $47,000, a steady improvement has taken place. October earnings being some half million dollars great than expenses. The greatest reduction in operating expenses occurred prior to July. This is a most important point because it shows that the reduction in expenses occurred prior to the recent reduction in wages put into effect on July 16th. This is conclusive proof that greater tonnage and greater efficiency in management are primarily responsible for this very encouraging state of affairs.

LONDON, Jan. 11.—It is unofficially stated, says a Reuter cable from Melbourne, that the Australian Workers' Unions have voted seven to one, in favor of one big union.

A Woman's Rheumatic Lameness

Relieved by Hood's Sarsaparilla

I have taken Hood's Sarsaparilla and it has done me so much good in relieving my lameness I am very thankful to you for it. I can walk well now and go almost everywhere. Before taking your medicine I was confined to the house for a year and a half. It strengthened my limbs.

I advise my friends that are lame from rheumatism to take it.

My husband and son have also taken Hood's Sarsaparilla, and it has given all of us a good appetite. Mrs. Mary A. Wall, 21 Florence Street, Rockland, Me.

If you need a laxative or cathartic take Hood's Pills.

ISLAND BOXER FOR MONTREAL

Jack Heenan, middleweight pugilist, and a product of the Garden Province, who has been residing [illegible] leaving shortly for Montreal where he intends to get back into the boxing game again.

Jack, who appears to be in the pink of condition, is not only a likely looking boy, but is a perfect specimen of physical manhood, and any boxer who exchanges wallops with him will have to be trained to the minute.

Heenan, who, by the way, is only a boy yet, has fought in the vicinity of fifty battles, winning over ninety per cent of them by the knockout route. He is desirous of getting a match with Mike McTigue, Bill McKinnon, Roddy McDonald, Eddie Ricord, or any other middleweight. His challenge is accompanied by a $200.00 side bet, and he is willing that the proceeds of the bout—win, lose or draw—go to any charitable institution or for any other worthy purpose.

The following are a few of the many light-heavy and middleweight pugilists Heenan has fought: [illegible] Gibbons, Battling Levinsky, [illegible] Nelson, Jim McGlone, J[illegible] Ed. Keely, Eddie O'Hara a[illegible] Jaff.

Let's Pass a Law Making Wash Tubs Illegal

Everybody is talking about "Blue" Sunday, but they forget all about "Blue" Monday, the day when Mother has to do the washing to keep the family from the clutches of the Board of Health.

Nobody tries to pass a law making it a crime for Mother to work on Monday. No, they pass the daylight saving bill so that she can have an extra hour to work in.

Why keep on wasting time and strength on Wash Day—rubbing—rubbing—rubbing?

Cut loose from the bonds of drudgery.

Get rid of wasteful wash boards and tubs—end the back aches—the sore hands—the arm tiring job of hand wringing.

We will do the washing without effort on your part—it's so simple—so easy.

Really all you do is hang the clothes on the line.
