BETTER THAN EVER! The Family Herald and Weekly Star of Montreal grows better year after year. It is truly marvellous what an immense circulation it has. Very few homes in this neighborhood are without it and those do not know what they are missing. The Family Herald's new picture this season is entitled "A Tug of War," one of those beautiful subjects that brighten one's home. To give the Family Herald and Weekly Star along with such a picture for only one dollar can only be done by a paper with the Family Herald's circulation. No other Canadian paper could attempt it.

An Attractive Coat Buying Chance

These garments are all from the sample line of one of the best coat making houses in Germany. In every respect the coats are desirable. There is, naturally a variety of them, being samples there are no two alike. The cloth is tweeds, coverts, friezes, beavers and the rest. You know what workmanship a German tailor puts into a garment—remember, every one of these stood as a representative of the best the maker could do. When the salesman's trip was finished he preferred to take a loss rather than send the coats back to Germany—hence this line we are telling you about—and hence the price saving for you.
