THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Islandhas 103,000. The Guardian's daily circulation is therefore as 1 to 1½ of population in the city in which it is published, or 1 to 13 of the population of the Province. This is, the management believe unequalled by any daily newspaper published in Canada.

Take one or two comparisons with other leading newspapers in other cities and Provinces.

St. John has a population of 40,000 and the Province of New Brunswick 320,000 St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000 or say as 1 to 5 of the population of that city and 1 to 40 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,225,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 50,000. That is as 1 to 5 of the population of Toronto and 1 to 44 of the population of Ontario.

The point is this that The Guardian covers the field of its circulation three and a half times as well, if compared with population of the city, and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons alike. They have a right to know how completely their favorite Journal's endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province.

SUNDAY SCHOOL LESSON

LESSON VII.—NOVEMBER 17.

GIDEON AND HIS THREE HUNDRED

Judges 7: 9-23. Memorize verse 17, 18.

GOLDEN TEXT.

Ye shall not be smitten; for the Lord your God he shall fight for you.—Deut. 3:22.

EXPLANATIONS.

Vs. 9-12. Same night—(See preceding verses). Arise—God will work through those who are alert and willing. Delivered—In the divine purpose. Fear—God graciously grants another sign (See ch. 6:37-40). Hear—And so learn the spirit and feeling of the enemy. Strengthened—Necessary, since there were only 300 to war against a great host. Multitude—This was not calculated to encourage; but he was to wait until he heard.

Vs. 13 14. Cake—Food of the poor, and suggested by the scarcity of food in Gideon's army. Tumbled—Came suddenly. Smote—A powerful stroke for a man. Answered—This interpretation showed that God was guiding Gideon, and also that the Midianites were in terror, fearing that God and Gideon would prevail.

Vs. 15—18. Worshipped—Gratitude and joy at the revelation. Arose—He now repeats the call of God, and persuades the people—probably filling the army what he had heard. Companies—The plan seems to have been Gideon's; God allows full play of the human powers. Trumpet—And thus each man would seem to be the enemy to lead a band. Lamps—Torches (See Judges 15: 4 5). These were concealed in the pitchers. Do likewise—The plan depended on simultaneous and united action. Blow Signal for action. Say—This shout would terrify by its very mystery the host of the Midianites.

Vs. 19-21. Watch—just after midnight Blew—The great number of trumpets would suggest a mighty army in assault. Brake—Like the clanging of swords and shields in actual battle. Three—Continuing and in greater volume than at first. Every man—Here we see why very select and brave men were needed. Each one was an army. Fled—In the utmost terror.

Vs. 22-23. Lord—He smote them with a panic which completely demoralized them, so that they fought each other. Pursued—The Midianities were so utterly annihilated that they do not reappear on the page of history.

50,000 000 FOR ADVERTISING

"James B. Duke, the tobacco king of Long Branch, New Jersey, recently claimed in an interview that he had spent more money in advertising than any other living man. He said that the figures would reach fifty million dollars.—Newspaperdom.'

Yet James B. Duke is to-day one of the wealthiest men in the world. When you see a liberal advertiser you see a rich man. The business man who in this age of advertising is afraid to invest his money in ublicity will never accumulate a fortune.

PANDORA RANGE

Pandora Ventilated Oven is a Real Success

That the Pandora oven is ventilated in reality you can prove for your own satisfaction beyond a shadow of a doubt. Just moisten your finger and place it in close proximity to the three small vents between oven and fire-pot doors. You can then feel quite distinctly the current of air being drawn towards and through the vents. Try this little experiment on your neighbor's Pandora.

So scientifically perfect is the Pandora system of ventilation that the air in the oven is constantly being renewed with fresh air and the cooking fumes carried out through another set of vents in back end of oven and from there to smoke pipe.

The arrows in illustration show how the fresh air is distributed throughout the oven and the way the odors escape from the oven.

No indiscriminate mixing and re-mixing of cooking odors in the Pandora oven, consequently there is positively no chance for one article to be tainted with the flavor of another. Rather, the delicious natural flavor of every article is retained to the fullest extent.

The Pandora ventilated oven is a real success. When you open the door, the oven never smells close and stuffy, as do the great majority of range ovens.

Food cooked in the Pandora is more healthful, as well as more appetizing and satisfying.

If your local dealer cannot give you complete information about the Pandora, write direct for FREE BOOKLET.
