The Rev. Hugh Miller, pastor of Trinity United Church, Charlottetown, who was elected president of the Maritime Conference of the United Church, now in session at Sackville.

Maritime United Church Conference

SACKVILLE, N. B., June 9—(CP)—Further reduction in the hours of sale in government liquor stores, implementation of a Royal Commission report on the penal system and easier procedure in dealing with applications for release of internees were urged today in a report presented to the Maritime Conference of the United Church of Canada by the committee on Evangelism and Social Service.

Rev. V. B. Walls, principal of Naparima College, Trinidad, described the work being done in the island.

The conference passed a resolution of loyalty to the King, mentioning "the courageous and devoted leadership the King and Queen have given their people in these days of trial."

Dr. J. A. MacKeigan, Halifax, addressed the conference on the subject of urban relations in regard to the church and commended the report of the general council on this matter to the earnest study of Presbytery Committees and official boards.

Rev. C. A. M. Earle presented the claims of the Protestant Orphanage in Saint John. Continued support of this institution was pledged by the conference.

Rev. Theodore Ross, of Black River, N. B., reported on the progress of the war savings campaign. In this campaign members of the United Church are asked to buy war savings certificates, the proceeds on maturity to be used to liquidate the debt on the church which amounts to $1,100,000.

By this method a loan to the country becomes a gift to the church. The campaign began in March and will continue till September, 1942. The objective for the Maritimes is $175,000. Of this amount $71,000 was reported pledged or in hand. In the church at large $——,000 has been subscribed.

GERMANS ADOPT

(Continued from page 1)

Apparently the Germans find that sea water quickly attacks paint, leaving the bright metal easily visible from the air. The rubber is being used as camouflage. As a result of one R. A. F. attack the factory had to be closed down for 10 days.

During another recent raid a Hanover tram depot received a direct hit and was burned out, 145 trams and buses being destroyed. Transport in the city now is chaotic.

At Hamburg the traveller was impressed by the tremendous devastation in the port area. Piles of debris and gutted buildings could be seen everywhere, and much damage had been done to port installations.

In the free port at Bremen the traveller saw the skeleton of grain and coffee warehouses. Goods now are being stored in empty villas to distribute the risk.

Interesting Military Wedding

Pictured above are the principals in the Campbell-Large wedding which took place at St. James Church, Charlottetown, on June 2. It was a military wedding and the ceremony was performed by Rev. G. Carlyle Webster. Left to right: Margaret Eileen Large, the bride, who is a daughter of Mr. and Mrs. Charles A. Large of this city; Leading Aircraftsman John Campbell of Regina, Saskatchewan, the groom; Mrs. W. A. Livingston, sister of the bride, who was matron of honour and Aircraftsman Donald Yale, the best man. In the foreground is flower girl Barbara Livingston.

TRINITY UNITED CHURCH

At the morning service men of the Forces were present. Rev. Donald Boothroyd spoke of the United Church Conference now in session at Sackville, N.B. and told of the great honour that had come to this congregation in the unanimous election of Rev. Hugh Miller to the office of President of the Maritime Conference. The minister went on to show that God is acting and speaking today even as he did in the past and stressed the need of a sensitive heart to perceive the will of God. The anthem was Kipling's "Recessional" set to music by Reginald De Koven, Mr. Harvey MacPherson soloist.

At the evening service Rev. D. C. Boothroyd spoke from the text, "What shall a man give in exchange for his soul?" and showed how easily men may value things which Christ knew to be secondary. The music of the day was under the direction of Professor A. Roy Kendall and the evening anthem was "Summer Suns are Glowing" by Samuel Smith.

Need 60 young Men for 8th Mobile battery

Patriotic young men are wanted. Yes there is room for about 60 young men of good physique and preferably with good, or fairly good education to complete the 8th Mobile Heavy Anti-Aircraft Battery, which will consist of four officers and 155 other ranks. Three of the officers and 110 of the personnel have been alloted to our province.

This is a signal honour due to the Island's splendid record in the Artillery in the last war. The new heavy battery will be the last word in air defence. It will be equipped with either the Vickers 3.7 or the new 4.5 or 5-inch gun. These are capable of hurling a shell upwards of forty thousand feet in the air. Yes, capable of driving an enemy airplane into stratosphere where the cabins of the planes would have to be sealed, heated by electricity and the pilots wear oxygen masks to keep above the range of fire of these most modern weapons.

The Battery of eight guns will have a rate of fire of 64 rounds a minute and the shells will range from 28 pounds to 60 pounds according to the calibre of the guns. The new flashless powder will be the propellant used with the shells and this means that the batteries do not give themselves away to enemy anti-aircraft. They will, in addition to gun crews, have specialists for the identification telescope, the height finder, which measures the height of incoming aircraft, and the angle of sight. The predictor, an instrument resembling a giant camera, will have a crew of six. It not only measures the range to the target but determines the future position of the plane and communicates its data through an electric cable to a dial (which is "electrically illuminated at night) on the guns. The gun layers by means of pointers elevate the muzzle of the gun to the range given by the Predictor. They do not see the target. The Predictor also calculates the length of fuse required for the height of burst. This information is communicated to the gun crew and the fuse setters adjust to the required setting. All this takes only seconds or less than seconds—so rapidly does a well trained anti-aircraft crew work.

When the gun is in action large triangular feet keep it steady, no matter even if elevated to 80 degrees vertically. When it is desired to move these are quickly picked up, the rubber tired wheels let down and the battery ready to move off in a very few minutes. Sound locators which consist of a turn table like apparatus with large trumpet like ears on a mobile vehicle pick up the drone of incoming motors and other sound detectors and search lights capable of throwing light beams miles into the sky, make up parts of the technical equipment for a heavy anti-aircraft battery.

Young men of Prince Edward Island who desire to get in on one of the most fascinating and most modern of this war's equipment should not hesitate one minute, but telephone collect their application to Lt.-Col. R. C. Chandler, the Armouries, Charlottetown, or any of the Armouries or members of the Citizen's Committee: Major J. F. Sterns, M. C., or Capt. R. C. MacLean, Souris; E. B. McLaren, Georgetown; George MacDonald, Montague; Mayor J. E. Campbell, Lt. Col. J. A. MacPhee or B. W. Robinson, Summerside or any member of the Citizen's Committee, Charlottetown.

HOLY REDEEMER CHURCH

The sacrament of Confirmation was conferred on 150 children and 10 adults at the Church of the Most Holy Redeemer Sunday evening by His Excellency, Most Rev. J. A. O'Sullivan, D. D., Bishop of Charlottetown.

After first instructing the children, Bishop O'Sullivan spoke to the parents of the necessity of setting a good example in the home. The fourth commandment of God, he pointed out, requires children to love, respect and obey their parents and also imposes on parents sacred duties to their children. They must set the good example of virtue in the home. Only when parents and children observe this commandment can peace, happiness and God's Blessing be expected.

Following the ceremony Solemn Benediction was celebrated by His Excellency who was assisted by Rev. A. MacDonald, C.S.S.R., Rev. George MacKenna, C.S.S.R., and Rev. Father MacKenzie of St. Dunstan's University.

English airmen Seek vacation place

The Pictou Advocate says: Replying to an inquiry on behalf of English airmen who wish to vacation in the Pictou area while on leave, Mayor Macdonald has written Flying Officer D. A. McAlpine, Liaison Officer, R.C.A.F., Charlottetown, giving a list of satisfactory tourist homes and rates, together with an outline of the attractions here and recreations to be enjoyed.

The inquiry came from Flying Officer McAlpine to J. E. McKenna who turned it over to the town authorities for their consideration.

It stated that about fifteen English airmen wished to spend their vacation, at intervals, in this district and could not afford to travel about locating a suitable place for themselves. Most of the airmen have been in the country only a short time.

Excellent Piano Recital Saturday

An excellent pianoforte recital was given in the breakfast room of the Charlottetown Saturday evening by pupils of Mrs. G. Elliott Full. The varied program ranging from the simple folk tunes of the younger players to the different compositions of Bach, Chopin, Leschetishy and Palmgren, was well presented by this talented group, each of whom played correctly, fluently, and expressively. Helen Stewart and Mary Bentley were particularly good, showing considerably more than average ability in their technique and interpretation.

Mary Walsh, well known as a dancer showed her versatility by singing as well as playing. At the close of the recital, Mrs. Full was presented with a beautiful bouquet.

Four interesting Week-end visitors To Province

Charlottetown was gladdened, as was in fact the greatest part of the province, by the arrival on Saturday at Summerside of the following members of the Women's Volunteer Reserve Corps with headquarters at Westmount, Montreal.

The ladies were: Lieut. M. M. Graham, 1925 Lorne Avenue, Saskatoon, Saskatchewan; R.S.M. Grace Findlay, 851 Davaar Avenue, Outremont, Quebec; C. S. M. Joan Rendell, 5003 Cote des Neiges Road, Montreal, and Sgt. Betty Sharpe, 1425 Bishop Street, Montreal.

All four young ladies are filling commercial positions in Montreal and in evenings carry on training with the Volunteer Reserve Corps. They were attractively uniformed and their caps bore a large silver Maple Leaf. The color of their uniform is something similar to Officer's Air Force blue. Their trip to Summerside was made by motor car which they took down for an officer relative. They arrived in Charlottetown Saturday night and put up at the Charlottetown Hotel which they were delighted with.

On Sunday they were guests of many friends who showed them Island scenery with which they were greatly impressed. Yesterday morning they visited City Hall and spent half an hour in interesting conversation with His Worship Mayor B. Roy Holman. They told him in no uncertain way how delightful they found the Island air and restful pleasing scenery and were particularly struck with the vivid greenness which showed up so admirably against the red of the Island soil. All said they would be back again sometime this summer and bring others with them.

Miss Betty Sharpe is a well known Montreal pianist, star pupil of Paul deMarky who will be remembered as having played here for Governor DeBlois during the visit of His Majesty. They left by plane for Montreal at 2.45 p. m. yesterday and after a stop-over of three hours in Moncton arrived at their destination about 7.30 last evening.

PROVINCE OVER

ceipt of the two million dollars subscription from Swift Canadian Company, Limited. The allotment to Moncton for the Maritime Division has been prorated as follows: Prince Edward Island through Charlottetown $20,000.; Nova Scotia through Halifax, $70,000.; New Brunswick through Moncton $70,000. This purchase of Victory Loan Bonds represents of course only the subscription of the company. Following their hundred per cent record in the War Savings drive the employees and management of Swift Canadian Company Limited will certainly again put their share of the Victory Loan over the top. Naturally the Company is offering special accommodation to employees to facilitate this."

* * * *

Everyone will be delighted to read the above good news which shows these two companies which operate very extensively in a business way in our midst, do not forget the province when there is a chance to add to its prestige by boosting the War Loan drive total. The Victory Loan Committee wishes, through the press, to thank them most cordially on behalf of themselves and the Island people.

"Come live with Me" brings new Team to screen

JAMES STEWART WITH HEDY LAMARR IN LOVE STORY OF TWO MANHATTAN MODERNS. ANOTHER HIT FROM CLARENCE BROWN.

Presenting a new romantic team which is scheduled to be one of the most popular in screen history, "Come Live with Me," co-starring James Stewart and Hedy Lamarr, under the direction of Clarence Brown, opens Wednesday at the Prince Edward Theatre for an engagement of two days.

Based on a story tailor-made for the pair, the plot deals with a beautiful Austrian refugee who is given the alternative of marrying an American citizen and thus obtaining a quota number, or being deported to her native Austria. Preferring the former she proposes marriage to Stewart, a penniless young author. Through a purely business arrangement, the marriage is to give Miss Lamarr her number and, in return, Stewart is to have his living expenses paid until he can sell one of his novels. The complications of this strange deal, made more puzzling when the two actually fall in love, supplies the screen with one of its amusing stories.

Stewart, who stepped directly into this role from the lead opposite Katharine Hepburn in "The Philadelphia Story," is ideally suited for the characterization of the ambitious author who finally decides to write from experience rather than imagination. Miss Lamarr comes to the role fresh from her highly applauded appearance with Clark Gable in "Comrade X."

The supporting cast is headed by Ian Hunter, as the publisher. As his wife is Verree Teasdale, remembered for her work in "I Take This Woman," featuring Spencer Tracy and Miss Lamarr. Others in the cast are Donald Meek, Barton MacLane, Edward Ashley, Ann Codee, King Baggot, and Mrs. Adeline de Walt Reynolds, eighty years old, who makes her screen debut in the role of Stewart's grandmother.

Six Lessons From Madame Lazonga

It was a hundred-to-one that when Universal studios decided to base one of its pictures for the new season on the rave song hit, "Six Lessons from Madame La Zonga," they could make only one choice for the title part—Lupe Velez.

And judging by the film's opening yesterday at the Capitol theatre, it apparently is unanimously agreed that "the Mexican spitfire" delivers the role in A Big Way.

Ideal Role for Lupe

Lovely Lupe is right in her own element as the fabulous queen of the Havana night clubs, for the film is filled with (1) the torrid, tingling tempos of the tropics, (2) a barrelful of mix-ups and melees, and (3) a half-dozen favorite players in the supporting cast.

Leon Errol, co-starred with Lupe, is seen as a confidence man with a sweet disposition.

Helen Parrish and Charles Lang, one of Hollywood's most popular young couples, have the romantic leads; and William Frawley, Eddie Quillan, "Big Boy" Williams and Shemp Howard lead the other mischief-makers.

Direction Is Deft

Deftly handling the direction, director John Rawlins tells the story of a "combo" of musical maestros of the Oklahoma mountains, led by Charles Lang, and a struggling night club songstress, played by Helen Parrish, who sail for Havana to acquire the tunes and accent of the tropics.

But they arrive to find that Madame Le Zonga, on whom they are depending for jobs, has gone home.

What follows makes for a thoroughly merry mad chase, interspersed with "Six Lessons from Madame La Zonga" plus three brand new song hits, "Jitterbumba," "She Was the Matador's Wife" and "Mister Moon."

Father Simpson Ordained at Fort Augustus

Rev. William Simpson of Johnston's River was ordained to the Holy Priesthood Sunday morning by His Excellency, Most Rev. J.A. O'Sullivan, Bishop of Charlottetown. The ceremony took place in St. Patrick's Church, Fort Augustus.

Assisting His Excellency at the ordination was Rt. Rev. Msgr. J. A. Murphy, D.D., Rector of St. Dunstan's University and Rev. Louis Callaghan of Fort Augustus. The sermon for the occasion was preached by Rev. D. P. Croken, Souris.

Other priests in the sanctuary were: Rt. Rev. Msgr. Maurice MacDonald of Vernon River and Rev. Father Penly of Rhode Island.

VICTORY LOAN

(Continued from page 1)

port of the opening week already in hand, efforts will now be redoubled to carry the figures toward, and emphasis is being placed on the completion of the general canvass," officials said.

"To date subscriptions have been received from 254,237 individuals, surpassing the record of both the first and second war loans."

From Montreal came announcement that Canadian International Paper Co. had ordered $1,500,00 worth of bonds. A subscription of $1,000,000 was placed by Howard-smith Paper Mills Ltd., of Montreal, and Societe des Artisans Canadiens Francais placed an order for $350,000 worth.

Complete "blackouts" over half a dozen Quebec cities, including Montreal and Quebec tonight were expected to "bring the war closer" to the people of Quebec.

Frank O. Fowler, chairman of the sinking fund trustees of the City of Winnipeg, announced a subscription of $450,000 to the loan.

The sinking fund trustees of the greater Winnipeg water district are taking $150,000 of the loan, making a total subscription from the city and water district of $600,000.

Ottawa's Victory Loan indicator took a long jump closer to the city's $33,000,000 objective on Monday when Metropolitan Life Insurance Co. recorded the bulk of its $20,000,000 conversion of maturing bonds. Ottawa's total at noon Monday was $22,829,050. 69 per cent of the quota.

A $50,000 Victory Loan subscription was reported Monday from the employees' pension fund of Consolidated Mining and Smelting Co., of Trail, B. C. It was expected this amount will be amplified by an additional $10,000.

Officials said a very large number of subscribers are purchasing by the instalment plan. This applies to investors in the $50 bond field as well as to those in the higher brackets.

Hundreds See Military Display At Victoria Park

One of largest Church parades ever seen here held Sunday.

Lowering skies and threats of rain failed to dampen the ardor of citizens to witness the military exercises yesterday morning. These were in celebration of the birthday of His Most Glorious Majesty, George VI.

This traditional honouring of the reigning sovereign in the form of the "Feu-de-Joie" ceremony had not been carried out here since 1905 and there were many grownups since that date who could not quite visualize what it could be but were anxious to see. At ten minutes to ten when the Navy and Military Forces arrived hundreds of autos had parked on the roads around the cricket field—thousands of people were on foot awaiting the spectacle. At ten o'clock the troops consisting of a detachment from the Navy under command of Lieut. Mahar; No. 1 Platoon 7A Company, Veteran's Guard of Canada, under command of Lieut. F. A. Grimmer, M. M.; St. Dunstan's C.O.T.C. under command of Major D. F. Tierney and No. 62 Basic Training Centre under command of Major A. Robertson with the P.E.I. Light Horse Band under command of Bandmaster T. MacFarlane. The troops were drawn up in line under command of Lt. Col. F. I. Andrew, M.M. facing the cricket house. At ten o'clock, His Honour Lieutenant Governor B. W. LePage, accompanied by Aides, Major O. W. Campbell and Lieut. K. Birtwhistle arrived at the parade grounds and were greeted by the "general salute, present arms." The band played the first six bars of "God Save the King." The troops then marched past to the music of the band of the P.E.I. Light Horse. As they approached His Honour, each officer in command gave the order "Eyes Right" and when the detachments had passed the "Eyes Front" was given. Military men present considered the march past particularly well executed comparing very favorably with "Inspection Exercises" held on the same field in years past.

Feu-de-Joie Ceremony

For the "Feu-de-Joie" ceremony the parade was brought into line, and the flag furled and ceremoniously raised to the masthead. It was then broken "unfolded" and the members of the Navy and Veteran's Guard were given the order to load. Rifles were levelled in the air and the "Feu-de-Joie" fired. Commencing with the number one of the front rank, followed in succession to the left, then commencing with the left hand man in the rear rank and continuing all along until the right hand man of the rear rank fired the last shot. During the firing the band played part of God Save the King. When all three rounds were fired the band completed the National Anthem with the last round.

The entire parade was then called to attention by Colonel Andrew, "General salute, present arms" given God Save the King played as the flag was lowered and the ceremony completed with the departure of His Honour, the Lieutenant Governor.

The above is a brief resume of what was highly enjoyed as a military spectacle by the large concourse of people at Victoria Park yesterday morning. It is understood that Brigadier C. E. Connolly, D.S.O., Officer Commanding M.D. No. 6 revived this very colorful and interesting ceremony which is so fitting in honouring His Majesty's birthday and presented pleasurable pageant of military and patriotic significance.

Church Parade

One of the largest church parades in years was held Sunday morning by combined forces from the Navy and Militia. It was under the command of Lt.-Col. F. I. Andrew, M. F. Troops moved off at the Assembly Point, Willow Corner, Brighton Rd. at 10.35 a. m. in the following order; P.E.I. Light Horse Band under Bandmaster T. McFarlane; Detachment from Navy, under command of Lieut. K. Birtwhistle; Detachment from Veteran's Guard under command of Lieut. F. A. Grimmer M.M.; No. 62 Basic Training Centre under command of Major A. S. Robertson; St. Dunstan's University contingent, C.O.T.C. under command of Major D. F. Tierney and the West Kent School band under command of William Hine, Jr.

The route of march was Brighton Road to Rochford Street, Kent Street thence to Queen to Richmond down Richmond to Prince Street. At the corner of Great George and Richmond Street the Roman Catholic, including the S.D.U. contingent C.O.T.C. under command of Major D.F. Tierney broke off to attend service at the Basilica and the remainder of the parade continued to Trinity United Church. The sermon at the Basilica was preached by Rev. P.D. McMahon, D.D. and at Trinity Church the sermon was delivered by Rev. Donald Boothroyd. After the church services the parade re-formed and marched up Prince Street to Kent Street and thence to Drill Hall where it dispersed.

As early as ten o'clock people were lining up along the route of march to get a look at the boys in blue or khaki and the colorfully uniformed bandsmen. It is estimated that over 4,000 persons looked on as the naval and soldier boys marched by. They presented a splendid appearance and many were the favorable comments heard from the lips of the military men who have been following parades for many years. Their steadiness was particularly remarked on and the unit from the C. O. T. C. under command of Major D. F. Tierney, with white bands on the military caps, which were not as familiar to our citizens because of their training being carried on at St. Dunstan's and only recently at Beach Grove, were deserving of great praise. The navy detachment, the Veteran's and the No. 62 Basic Training Centre, all were very smart, kept perfect alignment and their appearance would do credit to any unit. Bandmaster McFarlane's P.E.I. Light Horse band with their magnificent instruments played exceptionally well and the West Kent School band were as usual very popular in their scarlet full dress uniform with forage caps.

Dr. Bonnell Impressed by Wartime Britain

LONDON, June 9—(CP Cable)—Dr. John Sutherland Bonnell, minister of Fifth Avenue Church, New York, and formerly a well-known Canadian pastor, declared in a broadcast to Canada last night that he had been impressed by the spirit of co-operation between British religious bodies and by the close relationship between the clergy and their people.

Here on a visit to wartime Britain, Dr. Bonnell said the churches had suffered from air raids "out of all proportion to other buildings, even in industrial centres, where factories escaped." He added he had found more than 1,000 churches destroyed or damaged irreparably.

Dr. Bonnell inspected the ruins of the famous City Temple. An Anglican rector had turned over his church to the City Temple congregation, Dr. Bonnell said.

When Our Lady of Victories Roman Catholic Church in London was destroyed, Dr. Bonnell continued, the congregation met in a hall, 250 chairs for which were supplied by an Anglican church, while a Protestant gave an organ and the Jewish owner of the building reduced the rent from the equivalent of $35,000 to 25 cents annually.

"Ministers and priests were never closer to their people than today because the clergy are engaged in air raid precautions duties, fire-watching and rescue work, and in caring for the injured," the New York minister said.

"Visiting one of the largest shelters in London, I found a minister and his wife lived with the people there for nine months, caring for them materially and spiritually."

He concluded that "by their defence of international justice and freedom, the British people are holding aloft a torch that, by the grace of God, will not go out."
