Much Speculation Follows Conference Between Montagu Norman And Roosevelt In Financial Circles.

MACDONALD TO NAME CABINET THIS WEEK

Premier-elect of Nova Scotia Returns to Halifax After Brief Vacation.

(Canadian Press)
HALIFAX, Aug. 28.—Premier-elect Angus L. Macdonald may announce the personnel of his Cabinet before the end of the week. Refreshed after a brief vacation, he returned to the capital today and prepared to take over the reins of power from the defeated Conservative administration of Premier Gordon S. Harrington. The 43-year-old Liberal gave no intimation of ministers already selected but said he would make a definite announcement soon.

Meanwhile Premier Harrington continued in office, completing the details of his government's work before resigning from the post he has held since 1931, when he succeeded Hon. E. N. Rhodes.

After leading his party to a 22-8 victory over the Government forces last Tuesday, Mr. Macdonald went to Shediac, New Brunswick, accompanied by Mrs. Macdonald. Shortly after his return he was hard at work, meeting party leaders who arrived from provincial towns.

LONDON, Aug. 28.—Great Britain tonight awaited the outcome of the talk of Montagu Norman, Governor of the Bank of England, with President Roosevelt with the greatest interest of any Anglo-American financial developments since the close of the World Economic Conference.

Speculation in financial and business quarters and in the press ranged over a wide list of world problems from stabilization of currencies to war debts, without, however, any guidance from official quarters. The Foreign office declined to comment on Mr. Norman's visit.

Rumors that Britain through the Bank Governor may offer to join the United States in an inflation and price raising programme in return for a war debts concession were without official backing whatever. The country already has embarked on a moderate price raising policy, as made clear by the rising index of commodity prices since the first of the year. Officials in closest touch with Downing Street have expressed the opinion there is not much essential difference.

PREM. DALADIER ON VISIT TO BORDER TOWNS

French Premier Emphasizes Determination of France to Remain Free.

METZ, France, Aug. 28.—(A.P.)—France's determination to remain free "come what may" was expressed today by Premier Edouard Daladier after a visit to Sarreguemines-Oise on the Franco-German border. (The French Premier flew here yesterday from Paris to inspect the intricate fortification system erected along the German frontier. Before his departure from the capital he declared that while France wants peace, "it is a duty to assure our own liberty, which will be better respected when it is known we are capable of guaranteeing it." He also declared France was determined to guarantee the independence of Austria.)

In expressing gratification for a reception in Loraine, he declared: "We are French and we are determined to remain French. France provokes no one, but she is resolved to remain a free France come what may." The Premier added his appreciation for the work done on the border fortifications "to place France in shelter from a sudden attack."

United States Senator Object Of Punching

(Associated Press)
NEW YORK, Aug. 28.—The New York Sun said today that United States Senator Huey Long, self-styled Louisiana Kingfish, was the object of a punching Saturday night in a fashionable Long Island spot near Port Washington. The Sun did not name the purported assailant or give any details, except to say that the man had been "gravely insulted" by Long.

Nothing To Laugh Over

HALIFAX, N. S., Aug. 28.—Six-year-old Jimmy Fleming of Stellarton hereafter is going to keep his mouth shut when his younger brother is around. Jimmy was laughing when brother Ralph dropped a large cent into Jimmy's mouth. Jimmy tried hard to swallow and the copper became lodged so securely the boy was taken to Aberdeen Hospital and then rushed here. The copper now is on a table beside Jimmy's hospital bed.

SCIENTISTS SEEK "SLEEPING SICKNESS" CURE

Disease Takes Toll of 40 in St. Louis Area — Transmission Germ Sought.

(Associated Press)
ST. LOUIS, Mo., Aug. 28.—Lights in St. Louis medical centres are burning far into the night as science, tired eyed but undiscouraged, seeks an explanation for an ever-widening spread of a mysterious "sleeping sickness" which has claimed 40 lives.

The valiant but so far futile fight has claimed the attention of federal, state and local authorities. Tomorrow Surgeon General Hugh S. Cumming, interested so far as a long distance director of operations, is expected to view the situation at first hand. Encephalitis, as the disease is known to science, first appeared in suburban St. Louis late in July. An alert pathologist gave the matter special scrutiny.

283 Treated
Authorities immediately decided the cases should be handled like an epidemic. Additional patients were sent to isolation hospital. Since then 283 patients have been reported in the St. Louis area. The struggle to reach an understanding of the cause and method of transmission of the disease

THREATEN TO WITHDRAW FROM CUBAN CABINET

HAVANA, Aug. 28.—(A.P.)—The resignation of two members of President Carlos Manuel De Cespedes' Cabinet was threatened today unless he takes immediate action to effect constitutional reforms. The powerful A. B. C. Revolutionary Society, a spokesman for the organization said, will withdraw Secretary of the Treasury Jaouquin Martinez Saenz and Minister of Justice Carlos Saladrigas from the Government unless this is done.

It was reported the President had not planned to have the constitution altered until after the general election set for Feb. 24, 1934. The Nationalist party has opposed any attempt to modify the constitution.

Guard Lindberghs

(Associated Press)
COPENHAGEN, Aug. 28.—Police stationed a guard today in front of the hotel where Colonel Charles A. Lindbergh and his wife are staying, and the men assigned to this duty had plenty of work keeping back a crowd of youthful auto-graph hunters and others.

Suggests Lowering Of C. N. R. Grades In The Maritimes

Material Saving Might Be Effected By This Means Declares Mr. A. S. Prowse.

Mr. A. S. Prowse, Sydney, N.S., brother of Colonel W. B. Prowse, the late Mr. L. E. and Senator Prowse, who is here on a visit is very interested in the development of the Maritime Railways along the lines proposed by Sir R. L. Borden. In an interview with a representative of the Guardian, Mr. Prowse said: "I see you have a meeting of the Associated Boards of Trade here this week. Why do they not take up the matter of lowering the grades on the C.N.R. in the Maritime Provinces? This was a question taken up by the R. L. Borden Government when he proposed spending on ocean terminals at Sydney the sum of \$15,000,000. It was estimated the cost of lowering the grades would be about \$5,000,000. That is, the grade at present here is one to one and a half per cent, where it should be only a half per cent, the same as the Grand Trunk Pacific. What this means is that we would get our produce to markets in Quebec and Ontario very much cheaper. The engine would be able to haul 100 per cent more, and they would not have the heavy high grades to haul over." Mr. Prowse maintains that if the Borden plans were pushed to a completion, the Atlantic liners would call at Sydney and save a day for passengers going to New York or Montreal and Toronto. "The trouble is," said Mr. Prowse, "that Ontario and Quebec oppose this development, as they have opposed every scheme for our development and expansion. Surely we can get together as three Provinces to protect our own interests. We have great

VALUABLE TIMBER LANDS ARE DOOMED

Forest Fires in Ontario Cause Heavy Losses — Fitzwilliam Island Heaviest Hit.

TORONTO, Ont., Aug. 28.—Timber-loaded Fitzwilliam Island, privately owned producer of lumber in Georgian Bay, was virtually the only part of Ontario where latest reports indicated a serious forest fire situation existed tonight. In all other fire-menaced districts flames were under control.

But on Fitzwilliam, where only 20 men were camped to give battle with inadequate equipment, valuable timber lands were believed doomed. At last reports that reached Owen Sound by wireless the few families on the Island were poised to flee on the tug Harrison. Three distinct fires have left wide trails of blackened, smoking destruction across the island's 36-square-mile area.

Threatened by flames for 48 hours, Turkey Point pronounced itself out of danger tonight, though there still remained the possibility the blaze would creep into peatlands not far from summer cottages and remain a threat indefinitely. Volunteers have the fire under control, however.

Mother Of Nfld. Premier, Dies

(Canadian Press)
HALIFAX, Aug. 29.—(Tuesday)—Death early today defeated the efforts of Premier R. C. Alderdice of Newfoundland, only a few hours before he was to have left Halifax by steamer for his aged mother's bedside at St. John's. The Premier received word of his mother's death shortly after he had been advised of her illness.

Alberta Realizes Favorable Price For Bonds

(Canadian Press)
EDMONTON, Aug. 28.—Sale of a million dollars in Alberta Government bonds at the most favorable figure secured by any Western Province this year was announced by Hon. R. G. Reid, Provincial Treasurer, today. The bonds, a refunding issue, were disposed of at a price of 93.37, which is a cost basis of 5.51 1/2 percent to the province. The successful tenderer, a syndicate composed of the Imperial Bank of Canada, Wood Gundy Company Limited, A. E. Ames Company Limited and Dominion Securities Corporation Limited, also took a 10-day option on a further million dollars in bonds at the same price.

Mail Order For Sydney

(Canadian Press)
SYDNEY, N. S., Aug. 28.—Announcement was made today that the Dominion Steel and Coal Corporation had received an order for 1,000 tons of nails for the British market, first of its kind in 14 years. The nail mill at the Corporation's Sydney plant will begin production on the order immediately, employing about 130 men. The local plant has not turned out a British nail order since 1919.

CURB RIOTS IN ST. PIERRE AND MIQUELON

All Prisoners Arrested in Connection With Disturbances Are Released.

(Canadian Press)
ST. PIERRE, Mig., Aug. 28.—Order has been established in St. Pierre following the riots of a few days ago and today all prisoners arrested in connection with the disturbances were released. The riots occurred when angry colonists stormed the jail and another government building in protest against recent increases in taxation. While no announcement has been made it is understood the order for the release of the prisoners came from Paris.

Warships Remain

French sailors from the warships, D'Entrecasteaux and Ville D'Ys are still on the islands and are expected to remain for some time. The warships are on their annual summer cruise and came into port here at the request of Governor Barrillot Thursday.

Plan Reduction In United States Wheat Acreage

(Associated Press)
WASHINGTON, Aug. 28.—Secretary of Agriculture Wallace today formally announced a reduction of 15 percent in the seeded acreage will be required of farmers joining in the United States Government's wheat plan.

AIR TOUR PLANES ARRIVE IN QUEBEC

(Canadian Press)
QUEBEC, Aug. 28.—(C.P.)—Seven aeroplanes of the Ontario-Quebec Goodwill Air Tour to the Maritime Provinces arrived here tonight on their return flight from the Eastern Provinces. They came here from Moncton, N. B., today with a stop at Caribou, Maine. Two other machines flew straight to Montreal and two others remained in the Maritime Provinces. Jack Charleson of Ottawa plans to spend a few more days down east on business. The machine piloted by Walter Fowler of Montreal will remain in the east and will be used in commercial services there.

Float Bond Issue To Relieve Flood Victims

(Associated Press)
SHANGHAI, Aug. 28.—The National Government at Nanking tonight sought means of financing relief for 3,000,000 persons rendered destitute by flooding of the Yellow River in Shantung's western districts. It was believed, however, little could be done for the residents of some 800 villages under water due to a shortage of funds. A bond issue to finance flood relief was reported under consideration.

Canada Making Steady Progress Towards Recovery

Employment Shows C. P. R. Earnings Increase

Favorable Progress Recorded in Maritimes.

OTTAWA, August 28.—(By The Canadian Press)—Employment has increased in all economic areas of Canada. According to the Dominion Bureau of Statistics which made this announcement today, 24,000 more persons were employed on August 1 as against July 1. On August 1, workers numbered 804,219, a figure greater by 200,000 than the number engaged on April 1. Reports giving the figures were made by 8,261 firms to the Bureau. The employment figure on July 1 was 780,015. Persons employed on harvesting operations are not included in the statistics. In Ontario the employment index number rose from 78.3 to 86.6 on August 1 as compared with April 1. In Quebec, the advance was from 73.1 to 84.8. In the Prairie provinces, the increase was from 78.3 to 90.5. In British Columbia, the rise was from 68.6 to 87.3. In the Maritime Provinces, the index number rose from 78.3 to 83.0 in the four months' period. The chief cities showed similar advances.

DETROIT TRUST COMPANIES FACE INQUIRY

(Continued on page 3)
DETROIT, Aug. 28.—(A.P.)—A call for the records of two Detroit trust companies, for the purposes of a "thorough examination," went out today from the one-man Detroit bank jury, the first move to follow charges by Senator James Couzens, Michigan Republican, that trust company officials had "acted iniquitously" preceding Michigan's famous banking holiday.

Cupid Busy On Mauretania's Summer Cruise

(Canadian Press)
PORT OF SPAIN, Trinidad, Aug. 28.—Romance defeated the elements and broke all records on the steamer Mauretania's fourth summer cruise, when 10 engagements were announced aboard, despite the fierce battle of the liner with a hurricane which swept this part of the tropics. The Mauretania arrived here five hours late at a speed of only 22.08 knots compared with its usual average of 28. The big liner encountered the storm just outside New York Harbor. The gale, blowing 80 miles an hour, lasted 36 hours.

Machado May Change Ships

(Canadian Press)
OTTAWA, Aug. 28.—The Government was advised today in a communication from Gerardo Machado Y. Morales, deposed and exiled President of Cuba, that if he is unable to continue his journey from Bermuda on the C. N. steamship Lady Rodney, he will transfer to some other vessel and come to Canada via Boston or Saint John. General Machado left Nassau, Bahamas, yesterday en route to Canada. His communication today anticipated that previous reservations taken on the Lady Rodney by returning tourists from Bermuda might compel him to finish his journey to Canada on another vessel.
