STANDING OF PARTIES IN BRITAIN

(Canadian Press)
RUGBY, Eng., June 14.—The only return still outstanding from the general election was announced today with victory of Capt. D. Margeson, Conservative, who retained his seat with 15,159 votes. J. Morgan, Labor, polled 11,388 votes and Robert; Bernays, Liberal, 10,158. The Rugby election was deferred until yesterday because of the death of the Labor candidate shortly before the date set for the general election.

The standing of parties in the new parliament is now: Labor 289; Conservatives 260, Liberals 58, Nationalist 3, Independent 4, Prohibitions 1, total 615.

BROKER DIES

(Special to the Guardian)
TORONTO, June 14.—Thomas R. Tennant, prominent Toronto real estate broker, died last night in a police ambulance one hour and a half after being taken into custody on a charge of theft of \$5,000 from Dr. Albert T. Emmerson of Godrich, Ont. Tennant died while being rushed from Court Street police station at 6.35 p. m. to St. Michael's Hospital after he had exhibited signs of illness a few minutes earlier. On arrival at St. Michael's nothing could be done but pronounce Tennant dead. The body was taken to the morgue, where an autopsy was performed and was later released for burial. Late last night it was announced that the cause of death was still uncertain. An analysis of the stomach content was ordered and the result will not be known for several days. It was admitted, however, that examination of deceased's heart had shown marked signs of disease in that organ.

TO RECEIVE DEGREE

CAIRO, June 14.—Premier Mohamed Mahmoud Fasha departed for London today to receive the degree of doctor of laws from Oxford University. It is strongly rumored that the Fasha will seize the opportunity of this visit to discuss outstanding questions of Anglo-Egyptian relations with the Labor Government, with a view to reaching a settlement. Albeit, in a statement to the press before leaving, the premier declared the time had not come for negotiations, though it would come soon. He hoped a settlement would be reached which would show that Britain's interests were not incompatible with the complete independence of Egypt.
*The Wilmot Valley Recreation Club will present their 4-act play, "Down in Maine," in Malpeque Hall in the near future. Watch for date in Monday's and Tuesday's Guardians. 5490-6-15-21

MEMBERS OF LABOR CABINET

General opinion in London is that Rt. Hon. Ramsay MacDonald has used considerable skill in making the appointments for his cabinet. The cabinet is in the main in accordance with predictions made in advance but contains a few "surprise" appointments. Layout shows (1) Sir John Sankey, who becomes lord chancellor; (2) Rt. Hon. Sidney Webb, famous economist, has been appointed secretary of state for the dominions; (3) William Adamson, who worked in the mines at the age of 11, has been made secretary for Scotland, his former position; while (4) Lord Farnham returns to his former post as lord president of the council. Neither Sir John nor Mr. Webb have seats in the House of Commons and as cabinet ministers must have a seat, they may both be elevated to the House of Lords. This will bring the cabinet strength in the Upper House to four.

VICTORY FOR HERTZOG

(Special to The Guardian)
CAPE TOWN, South Africa, June 14.—According to the latest election returns, the Nationalist party has been returned to power in the Union of South Africa. The lead which General Jan C. Smuts had in the first hours following the election has not been maintained, the returns from outlying constituencies having strengthened the forces of the government.
The Nationalists led by General J. B. M. Hertzog, now claim 69 seats in the parliament, and there are only ten seats outstanding. The South African party, which is led by General Smuts, have won 59 seats. The Cresswell Laborites have won five seats and the Councilite Laborites are conceded three. The results, therefore indicate a narrow but definite victory for Premier Hertzog.

YESTERDAY'S SESSION OF CONFERENCE

Churches of Christ Continue Meetings.
An invitation from St. Thomas, Ont., to the leaders of the Canadian Churches of Christ, to hold their annual conference in that city next year was an interesting feature of yesterday's afternoon session of the Conference which is now sitting in Charlottetown. The business conducted was largely of a routine and executive nature.
At the afternoon sitting, after devotional exercises led by Mr. Norman McLeod, the opening of the Prince Edward Island Convention took place. The reports of the Secretary and Treasurer were adopted and the executive resolved itself into a committee to make recommendation. The Budget for the ensuing year was passed and Committees appointed.
At the evening session, after devotional exercises led by Mr. R. H. McNeill, an address of welcome was delivered by Rev. W. L. Outhouse and responded to by the president of the Prince Edward Island division, Major C. L. MacKay. Rev. A. E. Smith, new pastor of the Central Street Christian Church of Summerside, then preached an inspiring sermon from the text, "Let your light so shine before men that they may see your good works." Mr. Smith is the second graduate of the college of the Churches of Christ recently established in Toronto.
At the morning-session of the All-Canada body, Rev. Henry Mahon led the devotional service. Consideration was given to the 1930 World Convention at Washington, also time and place of next Conference. These matters were referred to the Recommendations Committee.
Dr. MacDougall spoke on College Courses and the endowment of scholarships, and Mr. R. Butchart on Public

SUPREME COURT AT SUMMERSIDE

Evidence Given in the Case of The King vs. John Grady Indictment for Stealing a Gasoline Engine.

A session of the Supreme Court at Summerside was held on Thursday night commencing at eight o'clock when several civil cases were disposed of. In the absent debtor case of Turner's Ltd., versus Guss D. Shaw, five witnesses were examined and judgment was given for the plaintiff for \$529. Heath Strong, K. C., for plaintiff.
In the case of Mary Ellen Grady versus Alphonso Fanning, an absent debtor, further evidence was taken and judgment reserved. C. D. McCallum for plaintiff.
In the case of C. I. Lidstone versus Yeo, settlement was filed and money paid into court ordered paid to plaintiff. Morley M. Bell for plaintiff, Heath Strong, K. C. for defendant.
In the criminal case of the King versus McKenzie, Mr. E. H. Strong, K. C., made application for bail for his appearance at the November term of the Supreme Court at Summerside, which was granted in the sum of \$1,000, and two securities \$1,000 each.
Yesterday the court was engaged all day on the continuation of the case of the King versus John Grady, indictment for stealing a gasoline engine. Evidence was given by John Winchester, Gabriel Morrison and Eugene Brooks for the Crown. Mr. J. Johnston, K. C., then asked His Lordship to instruct the jury to return a verdict of not guilty, as he claimed the Crown had not proven the ownership of the stolen engine, nor its identity. Mr. Thans A. Campbell addressed the court in reply and His Lordship held that there was evidence of ownership and identity to go to the jury. The prisoner then went on the stand and testified that he had merely driven McDonald out to Grand River with the engine and had no knowledge whatever of the theft or origin of the engine. James H. Grady, Samson Grady, John D. Murray and Wilber Gallant also gave evidence for the defense.
Before adjournment at 5.30 Mr. J. Johnston, K. C., counsel for the accused, and Mr. Thans A. Campbell, for the Crown, addressed the jury. Court then adjourned until 10.30 this morning when His Lordship's charge to the jury will be delivered.

Mr. George H. Stewart, chairman of the Conference, submitted the proposed new pension plan, which replaces the Ministerial Relief Plan, which was useful up to a certain extent only.
The whole pension plan was launched in 1924, by a commission of 215 representative men and women from the United States, Canada, England and Australia, with headquarters at Indianapolis.
Surveys and returns are all completed. From the ministers practically 5561 schedules were received.

DEATH OF SIR PATK. MCGRATH

(Canadian Press)
ST. JOHNS, N. F., June 14.—Sir Patrick McGrath, President of the Legislative Council, died this evening in the General Hospital following an operation for internal trouble. He entered the hospital yesterday morning.
Patrick Thomas McGrath, prolific writer and prominent in Newfoundland affairs for two score of his sixty years, was born at St. John's on December 17, 1869. As a journalist in early life, he figured largely in Dominion politics. He was appointed to the legislative council on Jan. 9, 1902, succeeding the late Hon. E. J. Greene, K. C., ex-premier and attorney general. Before his appointment Mr. McGrath on behalf of the government, negotiated with the Nova Scotia Steel and Dominion Steel Companies to secure for Newfoundland a royalty on the iron ore output from Bell Island. As a result one hundred thousand dollars were added to the annual revenue of the Dominion.
The citizens of Summerside turned out in large numbers to greet their arrival and also to witness their departure. Summerside is certainly receiving considerable prominence from the different aviators and it is hoped that this visit will help to some extent in making it possible to have a flying field prepared in the not too far distant future. When Mr. Graham's report is received, a public meeting will be called to decide the matter.
While at Summerside Inspector Graham and Mr. Ritchie were entertained at luncheon by Mr. Lucas Allen, M. L. A., at the Queen Hotel.

TWO KILLED

(Special to the Guardian)
TORONTO, June 14.—Crushed between a stone wall and a huge steel door which had been flung open by thousands of pounds of steam pressure, two employees of the Gutta Percha Rubber Company on O'Hara Avenue, Parkdale, were instantly killed last night. One was Frank McCarthy, of 30 McDonald Avenue, bridegroom of two weeks and an employee of the plant for only four months. The other was Ernest Stinson of 244 Cronin Street, Toronto, 38 years of age, father of seven children and an employee of the Gutta Percha Company for 10 years.
There were no eyewitnesses to the double tragedy, police were told. Indications showed, however, that the two, prying together on a crowbar, had sprung the catches on a huge steel door, 12 feet in diameter, which capped the end of a drying kiln. The catches sprung, the great door, four feet from the stone wall when closed, swung outward under the tremendous pressure and crushed the two against the stone wall.

AVIATORS IN SUMMERSIDE

Inspector Graham Se- lects Location For Landing Field.

SUMMERSIDE, June 14.—Yesterday morning Inspector F. Graham of the Civil Aviation Branch of the Department of National Defense, Ottawa, arrived at Summerside at 10.30 in the new De Havilland Moth seaplane, "Miss Saint John," accompanied by Mr. L. M. C. Ritchie, Secretary of the St. John Flying Club. They left Sydney on Thursday and called at Arichat, N. S., with the intention of coming to Summerside that night, but due to fog, they were obliged to spend the night at Pugwash, N. S., arriving at Summerside yesterday morning.
The conditions were not very favorable when they left Pugwash, but improved on the way over and were fairly good when they arrived at Summerside. The seaplane is equipped with the new Handley-Page wingslots, one of the latest developments in safety devices to prevent stalling. These are placed on the upper edge of the wings and are controlled by the pilot.
The visit to Summerside was to look over some prospects which might be made suitable for a landing field. They were shown a number of places and picked out two which are fairly satisfactory. Inspector Graham stated that a number of places would be very suitable as the land generally is fairly level and free from rocks. He intends submitting a report as soon as possible giving full details as to the size of the fields required, and also an estimate of what it would cost to put it in condition. They left yesterday afternoon at three o'clock for Shediac and intended going to Moncton and then to St. John.

Council Urged To Have Police Clean Up City

HALIFAX, June 14.—No immediate action to cope with the situation in the city of Halifax with respect to the enforcement of the law prohibiting the illegal sale of liquor can be taken by the city as the result of a move by members of the city Council at last night's regular meeting in referring a resolution moved by Ald J. L. MacDuff and seconded by Ald Russell McInnes to the Police Commission.
Ald. MacDuff's resolution demanded immediate and drastic steps by the city police to stamp out the illegal sale of liquor in Halifax in the following words:
"Whereas the illegal sale of liquor in the City of Halifax has become open and notorious;
"And Whereas owing to the disgraceful situation which arose in this City last night when inspectors were attacked by a mob, this Council fears that if this state of affairs is allowed to continue it will inevitably end in more serious crime.
"Therefore be it resolved that the Chief of Police be instructed to take immediate and drastic steps to stamp out the notorious illegal sale of intoxicating liquors and to clean up the dives in which such illegal sales take place."
