

Healthful Cleanliness

Old Dutch There is nothing else like Old Dutch Cleanser for cleaning sinks—it won't clog the drain pipes; for kitchen utensils, bathtubs, floors, etc. The fat, flaky particles erase all the dirt and impurities without scratching the finest surfaces. Contains no lye, acids or gritty substance. Keep the whole house spick and span with Old Dutch.

Goes further—lasts longer.

MADE IN CANADA

Let Us Have Your Order

We have a large and artistic display of monuments on hand. All new material (not shop-worn). Can furnish any design desired. Prices right and satisfaction guaranteed—as expressed in the following letter from one of our customers:—

Summerside Monumental Works,
Summerside, P. E. I.

Dear Sirs:—

I am enclosing check in full for Monument which you placed in the Peoples Cemetery according to contract.

I am glad to be able to inform you that this Monument is entirely satisfactory. It has not only been admired by those deeply interested, but I have heard many complimentary remarks from others. One person told me that, in their opinion, it surpassed any Monument in the Peoples Cemetery, at the same price, for quality of material and workmanship.

I would like to mention how particularly pleased we all are with the lettering, which shows the exceptional skill and artistic taste of your cutter.

Yours truly,
(Signed) WM. F. STRONG,
Summerside Monumental Works
Summerside

MILK AND TUBERCULOSIS

The value of milk is not limited to the first year of life. As the child grows, he needs to enlarge his diet, but milk continues to be the most important article in this diet during the years of growth. Every child should have one pint of milk a day to provide the necessary growing substances for the body. Young children have very little resistance to tuberculosis. In their earliest years they are easily overcome by this disease. There are two types of the tuberculosis germ, two members of the same family as it were, which cause tuberculosis in children—the human and the bovine type. By far the greater number of cases are caused by the human type. The bovine type is responsible for about 25% of all tuberculosis occurring amongst children. In 2. Marjory Blakeney; 3. Roy children, tuberculosis often attacks the bones and joints, and so is responsible for much crippling. The bovine type of the tuberculosis germ comes from cows suffering from tuberculosis, and reaches the child through milk. As a large percentage of milk cows have tuberculosis, it follows that a large percentage of milk is infected with the bovine type of tuberculosis germs. From this it is evident that, unless the necessary precautions are taken, milk is a real factor in the spread of tuberculosis to young children.

It is part of any campaign against tuberculosis or towards the improvement of child health to see that the milk supply is safe and pure. A safe, pure milk supply, free from all danger of carrying tuberculosis or any other disease to human beings, particularly children, comes from healthy cows in produced and shipped in a clean way, is pasteurized to kill any disease germs, is kept cold and covered until used.

Is this the kind of milk you and your children use?

Questions concerning Health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.

—WHIST DRIVE—On Feb. 20th, the Morell Rear Whist Club held their final meeting at the spacious home of Mr. and Mrs. Thomas Kenny, where upward of 100 guests assembled. This worthy couple although well past the "three score and ten" mark, are still active and enjoy nothing better than to gather the young folks about them for a night of innocent fun. Accommodation was found for seventy-two players, some preferring the old-time game of 45's. The winners for this night were Miss Lena Connolly and Mr. W. Sinnott. A dainty and substantial lunch was then served by the ladies and enjoyed by all. Then the kitchen was cleared and soon everyone was enjoying themselves at a good old-time dance to the strains of excellent music furnished by H. McDonald and M. Donovan, assisted by the old-time musician Mr. M. O'Brien. The hours sped all too swiftly and before we could realize it "Good night" time had arrived, and all left after many good wishes to their aged host and hostess and hopes that next year should find them " hale and hearty and able to entertain again. Among the guests were Mrs. M. Morrissey, C. Rodgerson, St. Patricks Road; Messrs. S. Smith, and J. Murphy, Kinkora, Mr. and Mrs. M. O'Brien, Bangor. The proceeds of the Whist went for charitable purposes.

KENSINGTON CLUB RACES

The last weekly meet took place on Long River ice on Tuesday, March 13th. In Class A Miss Claudia (Claude McEwen) driven by John K. McKay had the field easily in hand. Mr. McKay a veteran of the old New London Association deserves credit for transforming this apparently incorrigible colt into a front row performer. Cap. Aubrey Copia colt owned by Duff Hynes, and driven by Dr. Simms made a good showing in her first start. Lulu C. and Teddy were both unsteady.

Class B, had only two starters, viz Campbell Belle a six year old driven by Wm. D. Proffitt, and Major Alto, an Alta Garter trotter, owned and driven by Elton Paynter. Campbell Belle won in straight heats, closely followed by the long gaited trotter.

Class C furnished the thrills of the meet, especially in the 3rd heat. There were three starters viz: Royal Dewey, 2.11.1-4, owned and driven by Allison Proffitt, Freetown; Little George, a George Crecus colt owned by W. D. Proffitt, Margate, and Billy Kail (Champion) owned and driven by Elton Paynter. The latter owned and driven by In Champion. The third heat was dramatic. Royal Dewey had opened up a hundred foot gap at the three-eighth mark, when McArthur started a "do or die" drive with little George which neutralized Royal Dewey's lead and beat him at the wire. In the second heat Royal Dewey and Little George made breaks, Billy Kail winning in comparatively easy manner.

The fans again donated handsomely when the "hat" was passed for the good of the association.

Summary:

Class A
Miss Claudia (C. McEwen) 1
Reda (Dr. Simms) 2
Lulu C. (W.E. Proffitt) 3
Teddy (H. Brown) 4

Class B
Campbell Belle (Proffitt) 1
Major Alto (Paynter) 2

Class C
Little George (McArthur) 1
Billy Kail (Champion) 2
Royal Dewey 2.11.1-4 (Proffitt) 3 3 2

Judges—Dr. Thompson, Will Pickering, Arnel Murray.
Starters—Dan Johnston, David O'Connor.
Next race, Tuesday, March 20th. Three classes.—K.

Happenings of The Week

Continued From Page 4

A Toronto despatch of Saturday says that "Nine overseas post-graduate scholarships in the War Memorial scheme have been awarded by the Imperial Order. Daughters of the Empire. Three of these awards have been given to men who are holding scholarships from the last appointment and who thus are given another year at overseas universities, among whom is Mr. N. White, of Summerside."

Mrs. T. B. Woodman entertained at Bridge on Monday for Mrs. D. R. Morrison, of Summerside, who returned home the following afternoon after a short but delightful holiday.

Mr. Mark Hambourg, the world-famous pianist, is playing at a series of Twilight Concerts in Toronto this week.

The many friends of Mr. R. J. Campbell will regret to learn of his illness in the P. E. I. Hospital.

To raise funds for the Bellevue Women's Institute project, Mrs. Harold Behm entertained eight couples to a pay-as-you-go dinner and dance, last Friday night, March 9. Miss M. McLean and Messrs. Dan Matheson, and Jack McBeth furnished music. A nice sum was realized, and a good time enjoyed by all.

Receiving Tuesday afternoon at the Parliamentary Cafe, Ottawa, Mrs. J. L. Ralston, wife of the Minister of National Defence, welcomed many callers. The hostess wore a smart gown of grey georgette, with a black hat. Quantities of bright spring flowers were used to adorn the reception and tea rooms, and the tea table, centred with iris and daffodils. Assisting were Misses Adele and Dorothy MacArthur, of Summerside.

Miss Barbara MacNeill is spending the week-end in Summerside.

Everyone enjoyed the Fashion Parade this week, and as Easter approaches the ladies just naturally think of their Spring clothes.

Here's a chance to use all that fine old lace that is stored away in the spare bureau drawer or the attic. Once again—for the first time since the war—the lingerie touch has been restored to fashion. Once again the simple little frock of black satin or navy is smart, embellished with collar and cuffs of real lace—Irish, flet, rose-point, anything you have—or dainty embroidered crisp white organdy. The lace vestee also is high in fashion, and the touch of lace inserted in the V or U of the afternoon frock.

No woman can discard the thought of a fur scarf easily. She realizes the charm it can add to a costume. She knows the soft frame it makes for the face, and the finish and chic it gives a suit, dress, or tailored coat. Since the collars of spring coats have appeared very small and of the material used in making the coat, or in small flat furs, there will be an increased demand for the fur neck piece.

Foxes in the varying shades, including the new peach color, fawn, beige, platinum and grey, are the most popular furs for spring wear.

The silver fox, so much in vogue among the royal families of Europe of late years, though as fashionable as ever, can be procured for lower prices than was formerly possible, owing to the fact of these furs now being raised in Prince Edward Island. The price, however, of foxes is high this spring, owing to the increasing demand.

Fox fur also furnishes a popular trimming for cloth coats and wraps. The smaller neck pieces of stone-

"Its Success is being Won on Merit Alone"

PONTIAC SIX achieved, in its first and second year, a success unmatched by any new car, because it established a standard of six cylinder quality unattained by any other car at Pontiac price.

Now . . . the New Series Pontiac Six is winning a still greater success on the single basis of still greater merit!

Look for a moment at the imposing galaxy of refinements and added features of the New Series Pontiac . . .

the ultra-smart styling of the new Fisher Bodies, . . . the super-power of the Pontiac engine with new GMR cylinder-head, . . . the luxurious comfort of the new Lovejoy Shock-Absorbers, . . . the safety and security of positive Four-Wheel Brakes, . . . the richness and beauty of new, fine quality appointments.

Investigate the amazingly low prices of the New Series Pontiac Six! Assuredly, its success is being won on merit alone.

Pontiac Six can be bought on the GMAC Plan

PRODUCT OF GENERAL MOTORS OF CANADA, LIMITED

for its ability to absorb fertilizer. Heavy soils absorb it too slowly and sand too rapidly so the admixture with humus as the carrier is the proper mixture. Every time a crop with the luxuriant growth of a favorable climate is taken off the soil, a portion of the soil fertility goes with it and it is necessary to replace it. The plowing under of green manures, the spading in of stable manure and the adding of vegetable compost and commercial fertilizers is a continuous process.

GARDEN PATHS

Paths add much to the attractiveness of any flower garden or lawn. If a supply of limestone is plentiful and cheap, a pleasing effect may be produced by paving criss style or in regular fashion. Simply dig out sod or soil the same size and exact depth of your stone and plant irregularly. If this is done carefully, the lawn mower will run right over and no trimming will be necessary. The central path of the garden should be in line with the centre of the back porch or with a window commanding the view if the porch is so placed that it is impracticable as an axis. To round off, have the path lead up to a rose-covered garden seat or archway through the flower garden into the vegetable patch. If there is room, the main path may circle a garden pool in which water plants are growing, or if this is too elaborate, a birdbath or sun dial may be used for similar effect.

SPINACH IS A STANDARD VEGETABLE

Spinach will be one of the first vegetables harvested in the vegetable garden, and, if planted at intervals of a couple of weeks, from the time the soil is fit to work, until June, will furnish delightful greens for the table until midsummer. This vegetable delights in a warm, rich soil, and must be heavily manured and, like all other vegetables, should be pushed quickly with regular applications of nitrate of soda. The rows should be at least twelve inches apart, and, where horse cultivation is practiced, two feet or a yard. If preferred, and the soil is clean, it may be broadcast, but in this case it is harder to keep down the weeds. After the plants are up well, then well to at least eight inches apart, and keep the soil cultivated and fertilized. Bloomsdale Savoy Leaved is one of the hardiest and is an early variety as well. This, like the Victoria, is wrinkled like Savoy cabbage, succulent and curled. King of Denmark is one of the most valuable of the recent introductions, and will keep in condition for cutting for a week or two after other varieties have gone to seed, although it is not as early as the first two named. Some of the spinaches after cutting will grow up again and furnish a second crop until the quality of these is not equal to the others.

NEW ARGYLE SCHOOL

Honor roll for February:
2. John MacNevein; 3. John MacEachern.
Grade VI.—1. Vera Smith; 2. Catherine Richardson; 3. Catherine MacNevein.
Grade III.—1. Sadie MacEachern; 2. Daniel MacEachern; 3. Lloyd Smith.
Grade I.—1. Archie MacKinnon; 2. Stewart MacEachern.
Perfect attendance—Sadie MacEachern, Stewart MacEachern, Lloyd Smith.

PERSONALS

—Miss Kathleen Brennan returned to her home in Tignish on Saturday, after spending a very pleasant vacation with friends in Charlottetown.

—Mr. J. A. Brennan, Tignish, spent Tuesday and Wednesday in Charlottetown.

—Mrs. F. N. Conroy, Tignish, spent the week-end with friends in Charlottetown.

—The Guardian is sorry to hear of the serious illness of Mr. J. J. Morrissey, who is confined to his bed for the past week with pneumonia.

—Mr. Pope Clark of Clarke Bros. City, was a visitor to Kensington on Thursday.—K.

HORSE RACING

Three races were pulled off at the Stanley Race Course Saturday afternoon. La Rica, the speed wonder owned and driven by Myron McArthur, from Kensington won the Free-for-all. Campbell Belle owned by James Pendergast and driven by W. Proffitt, captured the 2.50 Class. This mare was bred by Charles McLeod of Stanley and named after her full sister who perished in the fire last summer. Miss Claudia driven by the veteran John W. McKay and owned by Claude McEwen, cleaned the plate in the three minute class. This mare showed a marked improvement in this race. The Club will hold races next Saturday afternoon, March 17th.

Below is the summary:

Free-For-All

La Rica (McArthur) 1 1 1
Goddard G. (McCubrey) 2 2 2
Campbell Belle (Bell) 3 3 3
Best Time—1.11.

2.50 Class

Campbell Belle (Pendergast) 1 1 1
Cock of the North (Perrison) 2 2 2
Miss Kentucky (Hynes) 3 3 3

3 Minute Class

Miss Claudia (McEwen) 1 1 1
Pellinder (McArthur) 2 2 2
Queen Aubrey (Somers) 4 4 4
Co Etta (Bigger) 4 4 4

REMEDY FOR BOILS GIVES PERFECT SATISFACTION

Not a Boil Since Using the Treatment

Linden, Ont.—Since the days of Adam, boils have been one of the great trials to which man is heir. Mrs. John Jones discovered how to rid herself of these troublesome pests. "I have been troubled very badly with Boils. Seeing Dr. Hamilton's Pills advertised, I thought I would try them. They seemed to clean my whole system, and I have not had a boil since. I would not be without Dr. Hamilton's Pills in the house; they certainly are the best medicine one can take."

To those who need something to stir up the system, to drive out the wastes—to those who need a laxative medicine that will act promptly upon the stomach and bowels, Dr. Hamilton's Pills are recommended. To enjoy good appetite, sound digestion, to be brisk, full of pep, always at your best, regulate your system with Dr. Hamilton's Pills. Good for men, women and children. 25c at all dealers.

Recent Cures In Charlottetown

On February 18th a lady who had suffered greatly from an anal stomach trouble and severe pains in her limbs, began to use the Farador. As a result her gains have entirely gone, her stomach trouble is disappearing and her appetite has returned. She is now able to sit up for two or three hours a day. Three days ago she wrote a letter, which she could not have done previously to using the Farador, as she had no use of her hands. Needless to say the lady is delighted and so are her friends and relatives, one of whom has in consequence, invested in a Farador.

A little girl who suffered from appendicitis, has by timely use of the Farador, found complete relief.

A man who suffered greatly from bleeding piles states that the bleeding has entirely ceased and a perfect cure is expected.

Mr. J. S. Perry of Summerside, who was cured of a serious ailment, is agent for the Farador in that vicinity.

W. EDGAR ENMAN,
Representative,
268 Sydney Street, Charlottetown.

Cascara is Your Doctor's Choice

When physicians pronounce cascara the PERFECT laxative—why exclaim in ideal form; the very delightful-tasting candy cascara is pure cascara. It has helped at least a million people to habitual regularity. Millions of others, unfortunately, have stuck to stronger things and acquired only the laxative habit.

Your first cascaret will demonstrate how THOROUGH this gentle laxative is, after all. Your next surprise will be the length of time before you need another. Eventually, you'll see that cascaring tends to make the bowels move thereafter of their own accord!

A modern druggist must stock many laxatives, but for your own good the druggist would rather have you ask for the inexpensive little box of cascara than anything else.

CASCARETS

They Work While You Sleep
