Protection For National Beauty

Recent correspondence in The Montreal Gazette has called attention to some of the natural beauty spots that are to be seen from driveways in and around Montreal, special tribute being paid to the exquisite panoramic view to be obtained driving eastwards from Montreal West along the old Upper Lachine road, now known generally as Western Avenue, and St. James street as far as Decarie boulevard; and the local authorities or the Motorist League were urged to take such steps as may be facinating not only to Montrealers but also to the large number of tourists who come to the city. Beauty lovers must frequently be tortured in their journeyings by recurring disfigurements in the shape of rows of dilapidated billboards that obstruct the view and often spoil the beauty of a whole course of picturesque countryside, and if something could be done that would, if not entirely remove, at any rate minimize these defects the result would be a boon and a blessing to many. The question has just been brought to the fore in England, where a judgement pronounced by the King's Bench Division of the High Court of Justice is being hailed as the most important event that has occurred in the history of legislation for the control of disfigurement. The Somersetshire justices had convicted a billposting company for disfiguring a Somerset landscape with advertisements on a hoarding, contrary to a bylaw of the Somerset County Council. The company appealed on the ground that the bylaw under which it had been convicted was invalid at law. The Appellate Court, however, confirmed the conviction and affirmed the validity of the Somerset Council's bylaw.

The importance of the judgement does not rest solely in its local application, but in its wider effect throughout the country. Local authorities have hesitated hitherto to adopt protective bylaws because their leagality has long been a matter of doubt, but now there is an end of this impediment it is confidently expected that general action will be directed to the protection of scenery in town and country. In fact, it is proposed that the Home Office shall substitute for the local country as a whole. Conditions in Canada of course are hardly parrallel to what prevails in England, but it would be a distinct advantage if such correspondence as was initiated in The Gazette a few days ago could be the means of stirring local bodies and individual citizens to proper pride and interest in and greater jealousy for the beauties of their neighborhoods. In this matter of the disfigurement of natural beauty one who runs may at once read that the offenders are not native of the region, and much could be done in the way of protection without in any way hamering commercial enterprise and without caprice, but in a spirit of reason, enlightenment and good sense.

YORK SCHOOL CLOSING

York School Closing was held on Wednesday June 30, with forty visitors and thirty pupils present. The pupils were examined in the various subjects by the teacher Miss Ruby Stewart and also by Rev. Herbert Vessey of Western Canada.

With Harold Watts acting as Chairman, the following programme was rendered.

Chorus The Song of the Mariner By the School.
Recitation A Boy's Pocket Roy Vessey,
Primary Song Ding, Dong, Bell Six little tots.
Chorus Grandpa's advice to the Boys
Monologue Neighbors Mary Vessey.
Drill Canada
Motion Exercise by Queenie Hudson
Presentation of prizes
Chorus A Happy Holiday

Just before the presentation of prizes four girls came forward and while Florence Vessey read an address to the teacher, Vaunda Watts presented her with a stencilled silk scarf and a box of chocolates.

Then every one was treated to ice cream and cake by the teacher and pupils. Each of the pupils was also treated to a bag of candy, which was supplied by Mr. W. C. West.

Interesting and complimentary speeches were made by Mr. Milton Vessey. The exercises closed with the singing of the National Anthem.

The following is the address to Miss Stewart.

Dear Teacher,— It is with sincere regret that we the pupils of York School have learned that you are leaving our school, in which you have labored the past three years.

Your work among us has not been without difficulties, but you have always been able to meet them in a kind and sympathetic way.

In the social life of our community you have been one of the foremost, always willing to help out in every way.

The pupils of this school wish you all success in your future work. We ask you to accept this gift not for its value but as a slight remembrance of your work among us.

Signed on behalf of your pupils.

PRIZE LIST

School Leaving Certificate Harold Vessey.
Prizes for Attendance, awarded by the teacher.
1. Muriel Dover, 2. Aletha MacDonald.
The following prizes were donated by Dr. J. C. MacDonald for Class Standing for the year.
Grade X—1. Marion MacDonald, 2. Helen MacDonald.
Grade IX—1. Ivan Vessey.
Grade VIII—1. Isabel Brown, 2. Mary Vessey.
GradeVII—1. Roy Vessey, 2. Louis Vessey.
Grade VI (a)—1.Aletha MacDonald, 2. Willie Crockett.
Grade VI (b)—1. Muriel Dover, 2. Vaunda Watts.
Grade V—1. Raymond Vessey.
Grade IV—1. Roberta Brown.
Grade II—1. Stanley Crockett.
Grade I (a)—1.Alice Crockett, 2. Queenie Hudson.
Grade I (b)—1. Raymond Watts.
Grade I (c)—1. Ruby Watts.

IRISHTOWN SCHOOL

The semi-annual examination of Irishtown School was held on the afternoon of Wednesday, 30th. There was a large attendance of parents and others interested. The pupils were thoroughly examined in the various subjects by their teacher, Miss Katherine MacLennan. They acquitted themselves admirably, reflecting great credit upon their instructors during the past term. After the examination, Mr. Wm. Profitt acted as chairman, while a well rendered program was given by the scholars, and was much enjoyed by all present. An address was then read by Kathleen Profitt, while Hilda Campbell presented the teacher with a beautiful gift on behalf of all the pupils. The teacher responded in a few suitable remarks thanking the children and people for their kindness during her stay among them. Prizes were given by the teacher to being the best scholars. After the distribution of candy, complimentary speeches were delivered by Hon. J. H. Myers, Alexander Cousins, Michael Ready and others. The examination was brought to a close by singing The National Anthem. Miss MacLennan who has been in charge of the school during the latter part of the term, followed out in an efficient manner the good work begun by Miss Peake, who owing to ill-health had retired. Though being in the district such a short time, she won the love and esteem of all, and much regret was expressed that owing toformer engagements she found it impossible to return for another term. Following is the program:—

Chorus Island Hymn, The School.
Recitation My Pa By Alma Campbell.
Duet Prisoner's Song, By Jessie Cousins and Kathleen Profitt.
Dril Seven Days of the Week By seven little girls.
Recitation A Toad's Toilet, by Glennie Campbell.
Chorus; Vacation Song by the School.
Dialogue, Trials of a Schoolmistress by Hilda Campbell and Gladys Profitt.
Recitation My Ma She Knows by Leigh Paynter.
Duet Let Me Call You Sweetheart by Marion and Lillian Ready.
Recitation A Little Boy's Troubles by Johnnie McLeod.
Dialogue, The Smith Family, by six girls (in costume).
Recitation, The Cut Down Trousers by Irving Campbell.
Chorus God Bless the Prince of Wales by the School.

Leigh Paynter and Gladys Profitt for

Squares of cheese cloth or sugar bags, dipped in kerosene and dried in the sun, make good dusters both for furniture and automobiles.

INSIDIOUS EYE STRAIN

We use this adjective advisedly.

Sufferers from Eyestrain may have perfect vision and therefore do not suspect the presence of any eye defect.

The motive power of the entire human organism is Nerve Energy.

Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eyestrain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy, may seriously affect the functioning of other organs of the body, and produce ill health.

HAVE YOUR EYES EXAMINED

G. F. Hatcheson

Optometrist

DEFECTIVE EYESIGHT

does not mean disease of the eyes. Healthy eyes often give trouble in reading or other uses.

We are specialists in correcting defective sight with proper glasses. We are equipped with the latest and most scientific instruments used for eyesight testing.

Long experience and a sound business reputation is your guarantee of good service.

LONDON LETTER

THE OFFICE OF THE HIGH COMMISSIONER FOR CANADA IN LONDON, WEEK BY WEEK.
24th JUNE, 1926.

The Officer of the High Commissioner for Canada has despatched two large photographs of Their Majesties the King and Queen, by Express to Esquimalt, B. C. Their Majesties have been graciously pleased to autograph these photographs which are to be hung in the Church House of St. Paul's Royal Naval Station and Garrison Church, Esquimalt, B. C., in connection with the celebrations this year of the Church's Diamond Jubilee.

The High Commissioner for Canada was represented by Lieutenant Colonel H. C. Boak, D. S. O., R. C. A., on Wednesday last, June 18th, at the Annual Ceremony of laying flowers upon the graves of the Canadian Soldiers in Shorncliffe Cemetery. Colonel Boak reports that the Ceremony was a most impressive one being attended by the Mayor of Folkestone and Hythe, the Colonial Commandant of the local Garrison, leading clergymen of the district as well as the Children from the neighboring schools.

Among the services rendered by the High Commissioner's Office should be included the procuring of tickets of admission for Canadian visitors to the House of Lords, House of Commons, Royal Mint, Royal News, General Post Office, Tower of London and other places of interest in London. During the months of May and June a continuous demand was made for these facilities. In these months alone approximately 450 permits were applied for and sent to visitors.

Nine hundred and fifty Canadians registered at the Canadian Building during these months. The number is far smaller than in former years, a fact that is probably due to the General Strike which prompted many people to visit other countries.

The High Commissioner has also been furnished with particulars or the City of London Vacation Course in Education, to be inaugurated on the 30th July. It is thought that visitors from Canada may like to know of the opportunities provided by the Course.

The High Commissioner has also been furnished with a copy of the programme of Courses for the 1926 Session of the Academy of International Law at The Hague, which was founded with the support of the Carnegie Endowment for International Peace. This information has never been transmitted to Otawa in order that it may be available for Canadians who are interested in the Courses.

Three shipments of Canadian Store Cattle arrived in the United Kingdom during the past week, 1202 animals being landed in good condition.

The High Commissioner's Office circulated to the Press this week a Canadian Official Mining News Letter entitled "Recent Developments in the Mayo District, Yukon," prepared by Mr. W. E. Cockfield of the Geological Survey Branch of the Dominion Department of Mines.

News items from the Natural Resources Intelligence Branch News Letter were also sent out to the addresses on the Paper, Railway, Electrical, Chemical and Textile Forestry, Grain, Fish and Clay Lists.

The export of Canadian last blocks to England will receive an impetus in the immediate future from the establishment of warehouse, reconditioning plant and distribution service in the Midlands by a Canadian Company.

The Bristol Trade Commissioner who has been working on the above matter reports that English last manufactures have promised their inqualified support provided supplies of a satisfatory nature and competitive in price can be shipped from Canada.

The High Commissioner's Office is informed by the Canadian Trade Commissioners in Great Britain that they have received the following enquiries for Canadian goods during the past week:—

A London firm dealing in canned fish asks to be placed in communication with Canadian packers of Canned Pilchards, not already represented in the United Kingdom.

A firm in Lisbon, Portugal, who are the exclusive agents of an important English House, asks to be placed in touch with Canadian manufactrers of Macaroni, Spaghetti, and other Alimentary Pastes, from whom the firm invites samples and lowest quotations.

A Manchester firm is interested in securing c. i. f. prices and descriptive literature from Canadian manufacturers of heavy woollen Sweaters, suitable for winter sports wear.

(Further details of these can be obtained from the Commercial Intelligence Branch of the Department of Trade and Commerce, or from the Canadian Trade Commissioner, The Canadian Building, Trafalgar Square, London, S. W. I.)

Western Guardian

—FOR LATE WESTERN NEWS —Page 3 is available. tf

—ROBIN HOOD FLOUR is milled only from selected wheat and sold by leading Island dealers who guarantee is quality.

—WANTED.—Experienced maid, for general housework. Highest wages. Apply Box 8, Summerside. 615-7-12-mwf3i

—SEVEN MILE BAY Hall on Monday, July 19th, Kelly's Cross Dramatic Club presents "Arizona Cowboy". If not fine, on Tuesday Admission 40c and 25c. 2i

—POLICE COURT —At the Police Court in Summerside yesterday one drunk was fined $2 and costs; or 10 days in jail. As he was unable to remember where he got the liquor he was given three days in jail to think it over.

—COUNTY COURT — At the County Court in Summerside last Friday before Judge McQuarrie a man from Brae was tried for an offence against the Prohibition Act. The case was adjourned for a week.

—TOWN COUNCIL — The regular meeting of the Summerside Town Council on Monday night was the shortest meeting for some time only routine business being dealt with. The Council will meet again on Frday night.

—CROPS GOOD —The crops in the country are looking great and the last rain just "pushed" them along. The beneficial effects of fertilizer is seen not only in the potato crop but also in the large fields of grain and clover following. Another year like last year and very few will have any inclination to leave the farms.

—AUTO LAW —There are many drivers who have yet to become acquainted with Motor Law. There is altogether too much fast driving which is rendered increasingly dangerous on dusty roads. Then there are still some people driving cars with last years numbers or worse still without any numbers at all.

—POLICE COURT — Eleven autoists appeared before His Honor yesterday morning charged with overspeeding. Nine were each fined $10.00 or thirty days and the cases against two were adjourned. One autoist refusing to stop when signalled was fined $5.00 or twenty days. One drunk was fined $5.00 or thirty days. The defendant in an assault case was fined $10.00 or thirty days and a lad charged with breaking and entering was remanded.

PERSONALS

—Miss Aleya Wedge was an inward passenger on Saturday from Boston on a vacation.—H.

—Mr. Alfred Chtorassy and Mr. J. McNeill arrived from Brighton, Mass., on Saturday, the former will spend his vacation at Waterford and the latter at West Devon.—H.

—Messrs. Alfred Foley, Augustus Ahern and Claude O'Brien, Alberton, motored the trip to town on Saturday.—H.

—Dr W. L. Holman, Professor of Toronto Uuiversity, with Mrs Holman and son have arrived in Summerside and are the guests of Mrs. R. T. Holman.

—Mrs John B. McDonald and son Junior have arrived from Moncton on a visit to Mrs McDonald's parents, Mr. and Mrs. J. W. Callbeck, Summerside.

—Miss Margaret Barnes, of Roslindale, Mass., who recently graduated from Simmons College, Boston, is a guest of Mr. and Mrs. A. Stirling McKay, Summerside.

—Miss Dora Simpson, of Cavendish and Master Edgar Brown, Stanley Bridge, are week-end guests of Mr. and Mrs. A Stirling McKay, Summerside.

—Miss Victoria Doyle, arrived from the States on Saturday evening to spend her holidays with her parents, Mr. and Mrs. Robert Doyle, Locke Road.—H.

—Miss Margaret Griffin, is visiting friends in town after an absence of two years in the States. Miss Griffin will also spend a few weeks with her parents, Mr. and Mrs. Joseph Griffin, Doyle Road, Lot 7.—H.

—Messrs. Harold Howard, arrived home on Saturday from the States on a visit to his parents, Mr. and Mrs. Robert Howard, Cape Wolfe.—H.

—Miss Hermina Poirier of the law office of Messrs. McQuarrie and Arsenault, returned on Saturday evening from Moncton where she had ben visiting.—H.

—Miss Fanny Butler of Boston, Mass., and Miss Sylvia Gaudet, arrived by the Car Ferry on Saturday evening, the former will spend her holidays with her parents, Mr. and Mrs. Thomas Butler, Glengarry and the latter with her parents, Mr. and Mrs. Alphonze Gaudet, St. Nicholas.—H.

Corns Drop Out In Hot Water

It is very easy to take out a sore corn by the "Putnam" method. You take a special foot bath which is described in the directions that go with the package. Apply a few drops of Putnam's Corn Extractor, and out comes the corn, roots and all. There is no pain, not even soreness; the thick tissue is softened, and healing "Putnam's" goes to the heart fo the corn. Success guaranteed. 25c. at all dealers.

Crop Report

Below will be found a brief synopsis of telegraphic reports received at the Head Office of the Bank of Montreal from its Branches.. The Branch Managers have complete and intimate knowledge of each local situation and are in close touch with crop conditions in all sections of the district mentioned.

GENERAL

Heavy rains have been general throughout the Prairie Provinces, with the exception of a small area in Saskatchewan. Conditions are promising but warmer weather is now required. So far no important damage has been done to the crops either by cutworms or frost. Early sown wheat is in shot wheat in Manitoba. In Quebec Province all crops while late appear to be doing well. In Ontario there has been plenty of moisture during the past two week and crops have a greatly improved appearance. In the Maritime Provinces seeding has been completed and growing crops show good prospects. In British Columbia recent steady showers have been of much benefit to the varied crops of the Province and satisfactory yields are looked for. Details follow:—

PRAIRIE PROVINCES

ALBERTA WESTERN AREA—Heavy soaking rains have prevailed and conditions are excellent. There is ample moisture at present. ALBERTA NORTHEASTERN AREA—There is ample moisture and prospects continue most favourable. ALBERTA SOUTHEASTERN AREA—Conditions have been improved by recent rains which have been somewhat lighter than elsewhere in the Province. SASKATCHEWAN Northern Area—Wheat and other grains are doing well and with the setting in of warmer weather after recent cold wet spell prospects are quite promising. Growth is in advance of last year and there is a slightly higher acreage. Damage from soil drifting, cutworms and the recent frost, is slight. SASKATCHEWAN SOUTHERN AREA—All grains are well advanced and looking healthy. A copious rainfall has been general, excepting in the territory between Maple Creek and Prelate where more moisture is necessary. Loss from cutworms and other causes is small. MANITOBA—Conditions are satisfactory. As a result of continuous general rains early sown wheat is up twenty inches and in shot blade. Coarse grains are doing well but hay prospects are only fair.

PROVINCE OF QUEBEC

Hay is growing thickly but is short. Grass pastures are in good condition. Recent rains have been beneficial and with warmer weather average crops may be expected.

PROVINCE OF ONTARIO

Cool weather has prevailed during the past two weeks with some light frosts but no damage is reported. 30 per cent of fall wheat was winter killed but the balance is heading out and promises a fair yield. Spring grains are now growing rapidly and give every indication of being an average crop. Hay is short and will be below the average. Corn is backward and a smaller acreage was planted on account of fear of the corn borer. Root crops are showing above ground and look promising. Pastures are excellent. All crops especially corn need warmer weather.

MARITIME PROVINCES

NEW BRUNSWICK—Frosts have been reported with some damage Warm dry weather is needful. Potato planting has been completed. Hay and Pasturage are excellent. NOVA Scotia—Recent weather conditions are favorable but warmer weather is still needed. Hay and pasturage are excellent. Apple bloom is abundant. conditions are favourable for a good set.

PRINCE EDWARD ISLAND—Crop conditions are generally favourable.

PROVINCE OF BRITISH COLUMBIA

A good hay crop is now being cut. Grains and other field crops are doing well. The condition of fruits is estimated as follows, apples 105 per cent, pears 100 percent, cherries 80 percent, plumes and prunes 110 per cent, strawberries, now nearly finished, 90 per cent, and raspberries, now being picked, 75 percent. Hops show very good promise. Pasturage is abundant and although grasshoppers are numerous damage caused by them as yet is small.

Eastern Guardian

..*EASTERN AGENT.—Mr. J. W. Murdock is now Guardian agent in Montague and will be pleased to receive news items, advertising, etc.

..*FOR SALE—Homestead farm 100 acres beautifully situated north side Montague River, two miles from town of Montague. Good buildings. Land high state cultivation.—A. J. Robertson, Montague. 346-7-3-sw-8i

..*KELLY'S CROSS Dramatic Club presents "An Arizona Cowboy" in St. Patrick's Hall, Souris, Thursday, July 15th. Reserved seats 50c, general admission, adults 35c, children 25c. 650-13-2i

DR. THOMPSON'S NEW BOOK

The following reference to Dr. Thompson will be read with interest.

Dr. Thompson when Mgr. of the Plant S. S. Lines from N. Y. to Halifax, Savannah, Lampa and Havana, visited Charlottetown with Mr. Morton Plant, son of the owner of line on S. S. "Olivette" of the Plant Line, a ship that was a famous transport in America's war with Spain, and is still kindly remembered:—

Dr. John Stuart Thompson of Jersey,—author of "Eltabelle", "A Day's Sang", "Fil of Our Philippines", "Bud & Bamboo of China", "China Revolutionized", "The Chinese" and other books, has been appointed on the General Committee, for the Conference and After, of the anti-Narcotic International Conference which meets at Philadelphia this July in Cooperation with the Sesqui-Centennial Exposition. This general Committee deals with government, colleges, schools, foundation and institutions. Dr. Thompson was called upon for an opinion in the Hearings before Congress and is quoted on p. 109 House Joint Resolution 65, 69th Congress. He urges the passage of that Bill promptly by the Senate (the House has passer it) to enable this nation and the President to be adequately represented as host of the nations. The Conference Committee includes the names of General Pershing; President Atterby of the P. R. R.; Mrs. E. T. Stetesbury; Mabel Boardman, President of the Red Cross, General Ballington Booth; R. Fulton Cutting of N. Y. City; Hon. Jno. W. Davis; Secy. Davis of Labor; Cardinal Dougherty; Bishops Berry and Garland; Commander Richmond P. Hobson, U. S. ex Secy of State Robt. Lansing; Hon Nicholas Longworth; Governor Pinchot; Senators Smoot and Merlinley; and other names outstanding in betterment and international affairs. The conference wishes to limit chime by controlling drugs, both those grown and synthetic; a sort of Disarmament in Drugs. The Conference which took place at Shanghai and Geneva did not meet America's expectations. It may be recalled that Dr. Thompsom opened the last Oriental Conference at Clark University which publishes his speech in their "Journal of Race Development", and it was to him that Woodrow Wilson from Bermuda wrote this letter of promise to Recognize the new republic of China which movement Dr. Thompson was leading against much opposition. When ascribing a copy of his delightful book "Rural Life in Canada" to Dr. Thompson, Rev. Dr. John MacDougall D. D. of The Presbyterian Church in Canada, called him "friend of China and humanity". That about describes this American Nationalist and Constitutionalist of when the Boston "Congregationalist" (Jan 22, 1914) wrote: "Already Stuart Thompson's life has been one of large usefulness for civilization, far travel and exciteement."

::Miller's Worm Powders will clear the stomach and bowels of worms, so that the child will no more be troubled by their ravages. The powders are sweet to the taste and no child will object to taking them. They are non-injurious in their composition, and while in some cases they may cause vomiting, that must not be taken as a sign that they are nauseating, but as an indication of the effective work.

Conferment of Honorary Degrees at Oxford

This picture, taken during the last week in June when Oxford University conferred a number of honorary degrees upon prominent men, shows from left to right: Rt. Hon. Lord Hewart, Lord Chief Justice, and Rt. Hon. Sir Austen Chamberlain, Secretary of State for Foreign Affairs in their scholastic gowns.

He who borrows trouble pays the interest with worry.

In baking potatoes, place them in the broiler instead of in the oven. They will cook much more quickly and the flavor will be much improved by the quick cooking. A saving in gas is also a result not to be scoffed at.

Canadian Pacific Rockies

The Perfect Vacation

Let it be a vacation without regrets this summer—at Lake Louise, Banff, or any of the nine bungalow camps in the Canadian Pacific Rockies. What a tonic for tired brains and frayed nerves! Appetite regained and sleep-sure nights

in the Playground of the Continent

Sports? Anything you like. Golf, motoring, dancing, fishing, climbing, swimming, riding; in the sweetest, purest air on earth. Swiss guides for Alpine climbing, courteous attendants, and hotel service that makes Canadian Pacific famous the world over.
