CIVIL WAR THREATENS IN THE HOLY LAND

Old Home Week Program Will Get Underway Today

The Old Home Week racing program will officially get underway at 1.40 this afternoon when His Honour, Lieut.-Governor J. A. Bernard and his party arrive in the special box reserved for them at the Exhibition Grounds.

Accompanying Lieut.-Governor and Mrs. Bernard will be Premier and Mrs. J. Walter Jones, Dr. and Mrs. J. A. MacMillan, Mr. and Mrs. Allen Wilson, president of Suffolk Downs Racing Association; Dr. Fred Christopher, Boston, Mass., and Miss Edith Bernard, daughter of the Lieutenant-Governor and Mrs. Bernard.

In the morning, however, there will be plenty of activity in the show ring where various classes of livestock will be shown.

World Champion in Ring

Among the dairy cattle breeds which will be exhibited during the next two or three days will be Holsteins, Jerseys, Guernseys, and Ayrshires. Premier J. Walter Jone's "Abegweit Milady", world champion Holstein cow with two world's records to her credit will be in the prize ring as will be some other notable Holsteins owned by other progressive breeders. The Premier will have 17 Holsteins in the ring but that number will be exceeded by Cecil Stewart, Hampshire, with 19, and equalled by Lewis Brothers, Freetown, with 17.

There will be at least 65 Ayrshires for the judges to work on; 26 of those will come from A. McRae, Charlottetown, and John Lewis, Freetown, will have another 17.

One hundred and forty-three Jerseys will strive for coveted prizes and Edison Mutch with 21 entries, Dr. J. P. Lantz with 18, and Clark Bros. with 19, will be among those seeking honours at the show.

The Shorthorn and Angus heavy breeds of cattle will have 58 and 26 entries respectively.

In draught horses, 18 Clydesdales, 29 Belgians, and 7 Percherons will be shown. Thirteen standard bred horses will also enter the show ring.

Sheep will be well represented by the Shropshire, Southdown, Oxford Down, and Hampshire breeds and there will be an excellent selection on exhibition of various breeds of swine and poultry.

Judging begins at 9 o'clock this morning.

Mussolini's Body Found

MILAN, May, Aug. 13 —(AP) —The body of Benito Mussolini has been found in a trunk hidden in the Certosa of the Pacia Monastery near Milan and now is in police custody, a police statement said tonight.

The corpse had been hidden in the Monastery of St. Angelo until Sunday morning, the police communique said.

Then, according to the statement, the same persons who had taken the body there moved it to Pavia Monastery where its presence was disclosed by a monk.

The body immediately was brought to police offices here.

Charlottetown Men Taken To Hospital

TRENTON, N. S. Aug. 12 —(CP) — Two young men, believed to be the Jardine brothers of Charlottetown, were taken to Aberdeen Hospital today with injuries received when a truck tire they were inflating burst. One youth received a compound fracture of the right leg and head injuries, while his companion required several stitches for deep cuts.

Will Seek Authority For Assessment On Proposed Apartments

The City Council decided at their regular monthly meeting last night to apply at the next session of the Provincial Legislature for an amendment to the City Incorporation Act granting authority to the City of Charlottetown to make a fixed assessment of $100,000 on the proposed 52 apartments which Housing Enterprise Ltd., of Charlottetown, plan to erect east of Orlebar Street.

Coun. M. A. Farmer informed the Council that the general manager, Brigadier Storms, requested the amendment so that Housing Enterprise Ltd. could prepare its amortization plan which is to extend over a period of 50 years. At the end of that time, Coun. Farmer said, the property would revert to the City.

The Council meeting was presided over by His Worship, Mayor B. Earle MacDonald, with all Councillors present.

Three new cases of infantile paralysis were reported in the Province yesterday, Dr. B. C. Keeping told the Council. One was discovered in Sea View, another at Belle River, and the third in Montague. There had been 15 cases of the disease in the Province within recent months, the Doctor said, and of those four had died— three mothers and a girl of 16 or 17 years of age.

No Cases In City

Doctor Keeping said the cases in Sea View, Belle River, and Montague did not, in his opinion, have their origin in those places through mere chance or accident. Carriers—people who carry the germs but who do not themselves fall victims to the disease —is a reasonable explanation of why the disease strikes in certain communities to the exclusion of others. He was glad to report there were no cases within the City. If the hot weather continued, Dr. Keeping said, he was afraid there would be more cases for he did not believe the disease had yet reached its peak in the Province.

Mr. Frank Acorn appeared before the Council in the interests of the licensed taxi drivers of the City. Mr. Acorn told the Council he was not asking for any City legislation which would prevent any legitimate taxi operator securing additional licenses for additional cars put in taxi service. All that he and the other regular operators wanted was some protection from the City so that those only intending to do business during Old Home Week would not be able to secure a license. Another thing which Mr. Acorn objected to was the parking in front of his and other regular taxi stands of those new taxi operators who only planned to remain in the business for the next few days.

After some discussion, the Mayor and Councillors unanimously agreed to keep all further applications for taxi licenses under consideration for a week or so. They also agreed to issue no more taxi licenses until after Old Home Week.

Mr. Frank Curtis of the County Construction Company informed the Council that his company had considerable cement on hand and were thus in a position to do any concrete construction on sidewalks that the City might wish done.

Resolutions

Before the meeting adjourned the following resolutions were passed:

"That this Council in consideration of the ultimate reversion to City ownership of the whole improved area with buildings, do undertake to apply for an amendment to the City Incorporation Act to make a fixed assessment of $100 000 applicable to the properties of Housing Enterprises Ltd., Charlottetown, east of Orlebar Street, during the whole period of amortization and to release said property from sidewalk assessments." (Moved by Coun. M. A. Farmer; seconded by Coun. N. W. Lowther.)

"That a culvert be constructed from the Spring Park stream to allow for the continuance of Desbrisay Crescent to meet with Upper Queen Street."

(Moved by Coun. J. D. Stewart; seconded by Coun. Farmer.)

Stresses Need Of Marine Slip For Ch'town

OTTAWA, Aug. 12, (Special)—W. Chester S. McLure, Progressive Conservative member for Queens charged in the House of Commons today that the government lost a $4,000,000 ship by sending it out from Prince Edward Island for repairs.

Speaking on public works estimates concerning Prince Edward Island, the Queens member made a plea for the construction of a railway marine slip at Charlottetown so that the Province would be in a position to repair its own vessels.

"As the minister knows" Mr McLure said, "and as the Minister of Transport in particular knows, there is serious delay in our transportation in sending these ships to other places for repairs. We know also that in 1941 as a result of having the S. S. Charlottetown out for repairs, the government lost a $4,000,000 ship."

Mr. McLure told Works Minister Fournier that the wharf reconstruction and improvements at Charlottetown were very much needed. He asked how far the work has progressed and whether it will be continued this year so as to make up the entire vote of $275,000. The Queen's member recalled that Prince Edward Island had been promised a survey of the harbor for regular improvements and to investigate the feasibility of building the marine railway slips.

"This promise" he declared, "has always been made prior to an election, but the undertaking of such works would be of the greatest assistance to our unemployed."

Mr. McLure further complained of the condition of Rocky Point wharf and of the troubles arising out of what he termed "dual ownership" of the property, with both provincial and federal governments carrying out repaires on it. Mr. Fournier replied that the Rocky Point wharf belongs to the federal government. He expects that the present repair work on the wharf will be completed by July 28, 1947.

Blockade Against Illegal Jewish Entry Invoked

LONDON, Aug. 12—(CP)—Britain declared tonight that civil war threatens in the Holy Land and invoked a total blockade against illegal Jewish immigration to Palestine.

Bitter reaction followed immediately, with one Jewish leader declaring the decision would result in "much more suffering—but it won't stop the stream of immigrants."

Palestine itself was an armed camp as the British Government announced that illegal immigrants attempting to enter would be interned at Cyprus or elsewhere until the problem was settled.

All possible steps to halt the flow of immigrants at the source have been taken, the Government said, including "urgent representations" to governments of countries from which thousands of refugees are dispatched by what the statement called a "highly organized" Zionist-finance movement. Palestine authorities were instructed that "the reception of illegal immigrants must cease."

The announcement said Britain "cannot tolerate this attempt by a minority of Zionist extremists to exploit the sufferings of unfortunate people in order to create a situation prejudicial to a just settlement . . ."

At the same time, the announcement declared, Britain was "deeply sensible of the sufferings undergone by the Jewish community and are anxious to bring them to an end as soon as possible."

The official statement of British policy, foreshadowed by weeks of diplomatic, military and naval preparations, said the illegal immigration was "threatening both civil war and a breakdown of government in that historic land."

The British Government said no further Jewish immigrants without the proper certification will be admitted to Palestine.

While Britain thus announced her intention of clamping down on the steady flow of Zion-bound refugees, Palestine itself was an armed camp.

Two more refugee-crammed ships arrived at Haifa harbor today, bringing to 3,900, by Jewish estimate, the number of Jews on ships at Haifa and en route who will not be permitted to set foot in the Holy Land.

The British cruiser Ajax and two empty troop transports rode at anchor in Haifa harbor; other warships were on the scene to enforce the blockade; barbed wire barricades fringed the streets and government buildings; Haifa harbor was closely guarded, and tankled tommies streamed to the key disembarkation ports in case hints of direct action to free the refugees should be made by armed resistance groups.

R. A. F. patrols droned over the eastern Mediterranean looking for other immigrant ships, and for several days dispatches had reported a state of readiness to receive the refugees at a wire-enclosed camp on the island of Cyprus.

Hospitalized Vets To Meet "Monty"

FREDERICTON Aug. 12 — (CP) — Fifty veterans, patients at Lancaster Military Hospital, Saint John, will have an opportunity to see Field Marshal Viscount Montgomery when the Chief of the Imperial General Staff visits Fredericton Aug 26.

Announcement that arrangements for their arrival in Fredericton had been completed came today as plans for the provincial reception for the wartime commander, under whom most Canadians served at some time during their army careers, began crystallizing. The disabled inmates of the Saint John military hospital will have a special section of the lawn in front of the Legislative Assembly ouildings alloted to them. Also drawn up in front of the legislative assembly building will be members of the New Brunswick branch of the Canadian Legion B. E. S. L. and an honor guard from the 8th Princess Louise's (N.B.) Hussars, R. C. A. C. unit of the Fifth Canadian Army, a time under Field Marshal Montgomery's command when he led moured Division which served for the 8th army in Italy.

N.B. Potato Crop Will Be Light

WOODSTOCK, N. B., Aug. 12 — Continued dry weather has confirmed previous indications that New Brunswick's early potato crop this year will be the lightest, or one of the lightest, on record.

Tops of Irish Cobblers wilted before the potatoes could reach full development. Some farmers reported yields up to 80 barrels an acre but others harvested only 20 to 25 barrels. The average was 40 to 45. With demand good, farmers are receiving $3 per barrel.

Tops of later varieties remain green, and heavy rain would bring these up to average. Soil is powder dry to a depth of several inches.

20 New Cases Polio Reported

By The Canadian Press

Twenty new cases of infantile paralysis were reported yesterday bringing the Dominion's total number under treatment to 362, a survey by the Canadian Press showed today.

The polio death toll in Canada this year now is 25, with four of the deaths being reported in the last 24 hours.

Montreal with 206 cases still had more than half the country's cases. Twelve new cases were reported there yesterday. Ontario's total rose by six to 73 and two new cases were reported in Shawinigan Falls, Que., where 12 persons now are being treated.

Announcement Re Dominion Day

OTTAWA, Aug. 12—(CP) —The July 1 holiday will be known as Dominion Day at least until after another session of Parliament, Acting Prime Minister St. Laurent disclosed tonight in the Commons.

The announcement finally settled for this year the matter of whether the holiday should be known as Canada Day or as the National Holiday of Canada.

A private member's bill calling for the day to be known as "Canada Day" was passed by the Commons after a one-day debate. When it reached the Senate it was debated intermittently for several weeks and finally at the suggestion of Senator Wishart Robertson, government leader in the Senate, the name of the day was changed to the "National Holiday of Canada."

The Senate amendment to the bill was reported back to the Commons. However, Mr. St. Laurent said that under the rules the Commons could only deal on Monday with Senate amendments to a public bill sponsored by a private member.

TROOPS ARRIVE

BAGHDAD, Aug. 12 —(Reuters) — A contingent of British troops sent from India to safeguard British and Indian interests in South Iran in case of necessity, arrived at Basra, Persian gulf port, Sunday, it was learned here tonight. Two troopships were used for transport of the contingent.

Find Body Of Cyrus Birt

HALIFAX, Aug. 12—(CP)— The body of a man, identified as that of Cyrus Birt, 37, Peake's Station, P.E.I., was recovered from Halifax harbor tonight after the city field worker had been missing since July 26.

Discovery of Birt's body ended a fortnight's search carried out by his younger brothers, Alec and Harold. They tramped waterfront streets seeking clues to his disappearance from stevedores and even covered the waters of the harbor in a rowboat.

The body floated to the surface shortly after the fire-boat Rouille moved out of her berth, apparently stirred up by the churning propellors. Police identified it by papers found in the pockets of the clothing.

It was the second body to be taken from the harbor in three days. Last week the body of an unidentified British merchant seaman was found in almost the same place.

Besides the brothers Alex and Harold, Birt is survived by four other brothers, Percy, Peake's Station, Ira, Charlottetown, Wilfred, Torcato, Alonzo, Head of Hillsboro, P.E.I., and two sisters, Mrs. Winston MacKay, Charlottetown, and Mrs. Otto Robbins, Bangor, P.E.I.

LONDON, Aug. 12 —(Reuters) —Rome Radio said tonight that several persons were injured today in armed clashes between Italians and pro-Tito elements at San Canzian D'Isonzo, northwest of Trieste.

Fined For Illegal Picketing

TORONTO, Aug 12 —(CP)— In a case widely heralded as a test to determine what constitutes legal picketing, Ben Doherty, organizer for the Mine, Mill and Smelter Workers Union (C.I.O.) and Jack Stewart, suburban new Toronto local president, today were fined $100 each or three months in jail.

Both were found guilty by Magistrate J.E. Pritchard at New Toronto of "watching and besetting" the strikebound Anaconda American Brass Company plant where their union sought a 40-hour week and a $2-a-day wage increase in calling the strike May 18.

The union paid the fine and Doherty was told by the magistrate that he had 15 days in which to file an appeal. Magistrate Pritchard's 11-page written judgment concluded a six-week case which was instituted after officials of the Ontario attorney-general's department had laid the charges.

The magistrate said he was imposing on each the maximum penalty because he believed both knew they were breaking the law.

The judgement said in part:

"I find that as a fact that the accused not only prevented the employees of the company from entering the plant resuming their work, but they counselled or procured the pickets acting under their authority or control to do so, within the meaning of section 69 of the criminal code . . .

"I therefore find as a fact that employees and officials of the company were deliberately and intentionally prevented from entering the plant by the accused or persons acting under their instructions and that this was done intentionally with a view to compel such employees and officials to abstain from work.

"I find as a fact that the employees and officials who sought entry to the plant for the purpose of resuming their work were doing what they had a lawful right to do . . .

"A fundamental principle of law is recognized and applied in Supreme court decisions referred to in this case, namely, that if picketing is carried on in a manner which creates an obstruction, unlawful assembly, violence, trespass, or otherwise in an unlawful manner, it is being carried on wrongfully without lawful authority and constitutes an offence within the meaning of this section."

At another point the judgment said:

"Judicial opinions sometimes differ as to the interpretation to be given to certain sections of the law, but where the law is well established by a long succession of leading authorities as in this case, then it becomes the duty of the court, no matter what its jurisdiction may be, to apply that law without fear or favor and without regard to the effect that such application may have upon any individual or group of individuals . . .

"Until the law is altered or repealed it must be obeyed and it is the duty of the court to enforce it . . . failure to recognize and obey that principle leads to lawlessness, which if not restrained produces anarchy."

Polish Veterans For Farm Work

FREDERICTON, Aug. 12 —(CP) —Agriculture Minister A. C. Taylor announced today that New Brunswick, together with the other Canadian provinces, is taking steps to ascertain farm labor needs in connection with the anticipated movement of 4,000 Polish army veterans to Canada in the near future.

With a two-fold aim of maintaining Canadian food production and assisting farmers who desire year-round help, the agriculture department is asking the individual farmer to advise if he requires the service of one or more of these veterans.

Contracts will provide for two years of continuous employment; monthly wages at the prevailing rate in the community, and satisfactory working and living conditions, including board and lodging.

Any difference of opinion arising between the veteran and farmer would be settled by an official so authorized by the Federal labor minister.

Labor Minister Questioned By Commons Committee

(By Jack Williams, Canadian Press Staff Writer)

OTTAWA, Aug. 12—(CP)—Labor Minister Mitchell today told the Commons Industrial Relations Committee he believed deliberate by-passing of war labor boards by some unions, rather than suggestion of a 10-cent limit on wage increases, was responsible for Canada's troubled industrial situation.

The minister, undergoing questioning by committee members, said he did not consider there should be a flat declaration of government policy on how much wages could be increased. In general he re-affirmed his support of the opinion of Donald Gordon, Prices Board chairman, who told the committee increases much in excess of 10 cents would shatter price control.

"I don't think you can control the price structure even with a 10-cent increase," Mr. Mitchell said.

and placed on its record a letter

Earlier, the committee received from Mr. Gordon who said while he had put the limit at 10 cents he did not intend it to be taken as "the exact breaking point" for price control.

Mr. Mitchell also told the committee that no directions had gone out from his department to war labor boards to limit increases to 10 cents. Union representatives, in evidence before the committee, had advanced the viewpoint that increases of 15 cents-an-hour could be granted without causing price increases.

The Labor Minister was questioned by Angus MacInnis (CCF-Vancouver East) on his endorsation of a 15-cent increase given British Columbia loggers.

"I was trying to save an enormous crop of fruit," Mr. Mitchell said. "If I had to do it again I would do it again."

"I'm asking you to justify it," Mr. MacInnis said at another point. "A 10-cent increase now is holding up the industry of Canada."

"No, I wouldn't agree with you," Mr. Mitchell replied. "It's an utter disregard of the regulations established for wage control. Here is a group of organizations deliberately circumventing the machinery set up for settling these things. They are saying: 'One law for him and another for me.'"

"Other organizations got 15 cents," Mr. MacInnis said. "I say it's too late to say now that increases cannot be granted over 10 cents."

"Nobody in this committee has said 10 cents is the maximum," Mr. Mitchell said. "If we are going to kick the lid off let's have our eyes wide open and not do it by subterfuge."

Mr. MacInnis suggested the disruption caused by present strikers was greater than that which would have been caused by allowing an additional five-cent wage increase.

"I don't think you can control the price structure even with a 10-cent increase," Mr. Mitchell said. "I think this country will go through one of the biggest booms—a rational boom—if the people keep their feet on the ground. We have got to have some regard for the people who can't defend themselves. I am not going to stand on my feet and tell the working people they can have price control without a measure of wage control."

"But prices are not being held," Mr. MacInnis replied. "Within the next few days or weeks there

(Continued on Page 6 Col. 4)

Flow Of Foreign News Restricted

NEW YORK, Aug. 12 —(AP)— The flow of overseas news messages to and from the United States was seriously disrupted today by an American Communications Association (C.I.O.) embargo against eight cable and wireless companies in sympathy with 300 strikers at Press Wireless, Inc.

Joseph Kehoe, national director of the 2,500-member union, said the embargo was "extremely effective."

The four major world wire services, Associated Press, United Press, International News Service and Reuters, said the normal flow of foreign news had been "seriously disrupted" or "greatly restricted."

Only press traffic was affected. Government messages and other commercial traffic were handled as usual by A. C. A. members.

LONDON — (CP) — During the first six months of the year lifeboats in Britain were launched 266 times to help vessels and aircraft in distress and saved 381 lives.

Error In Agenda Causes Flareup At Conference

PARIS, Aug. 12 — (CP) — Touchy tempers flared once more at the peace conference today when Soviet delegate Andrei Y. Vishinsky hurled a charge of "insult" at State Secretary Byrnes of the United States.

The bitter comment grew from an error in the agenda. When it was settled the meeting made substantial progress.

Mr. Vishinsky's remarks were made during debate on Italy's declaration to the conference Saturday. The Soviet deputy foreign minister charged that a ruling by Mr. Byrnes—who took over the conference chairmanship today — against a general debate on the proposed treaty for Italy was "an infraction of all the rules and an insult to the Soviet Union."

The argument was resolved soon afterward when Mr. Byrnes discovered the error in the agenda. The Russians had insisted on continuation of the debate after the Yugoslav delegate, replying to Premier Alcide De Gasperi's Saturday speech for Italy, assailed Italian claims to disputed Venezia Giulia and implored the delegates to make no concessions to "the policy of Italian imperialism."

Mr. Byrnes had ruled earlier that under previously adopted procedure, general debate on the cases of former enemy countries should be deferred, but he yielded to Russian demands by assuring that a motion for general debate would be entertained. Only then, after an hour's debate, could the Yugoslav delegate take the floor.

Mr. Byrnes consulted the minutes of last Saturday's plenary session when the action on general debates was taken, and agreed promptly that the secretariat had erred in its preparation of the agenda. He scheduled further debate on the Italian declaration for tomorrow, and promised that the name of Foreign Minister Molotov of Russia would be placed on the agenda for an address in reply to the Italian case.

The Yugoslav delegate, Vice-Premier Edward Kardelj, made an impassioned appeal to the conference to hold the Italian state as such, and not Fascism alone, responsible for Italy's part in the war.

After the Russian-United States clash was settled the meeting quickly chose a permanent secretariat and general-secretary for the conference and voted unanimously to invite Albania, Cuba, Mexico and Egypt to give their views on the Italian treaty.

French delegate Jacques DuParc was elected permanent secretary-general, a position he held in a temporary capacity, and the conference decided that the secretariat should consist of eight members, including one each from the United States, the Soviet Union, Britain and France.

Britain's slate for the other four members— Australia, Brazil, China and Yugoslavia—was adopted after an argument over Australia, characterized by Mr. Vishinsky as a "temperamental member of our meeting."

Mr. Vishinsky attempted to substitute Ethiopia as "a calmer state." The slate was adopted without a vote, but Mr. Vishinsky insisted upon putting his opposition to Australia into the record, after both Norway and Ethiopia had declined nomination.

Coming Events

**Show—Canoe Cove, Friday.

**Talkies Malpeque Wednesday.

**Talkies — Freetown, Wednesday.

**Movies at Bradalbane tonight.

**Show—Bridgetown, Saturday.

**Chicken supper St. Margaret's Hall Tuesday, Aug. 13th.

**A bigger and better dance in Tracadie Hall Friday, August 16th. Rollie McKenzie's Orchestra.

**See Fort Augustus Play at St. Charles' Hall, Friday, August 16th.

**Dance Seven Mile Bay Hall Tuesday, August 13th. Dancing from 9.30 to 1 o'clock.

**Collecting hogs for Davis & Fraser every Thursday. Write me or phone N. A. Cutcliffe, Fredericton, D. L. McDowell.

**Collecting Hogs for Davis and Fraser's every Friday, Souris, Rollo Bay, Fortune Bridge, Bay Fortune Annandale, Dundas, Bridgetown Strathcona. George Dingwell.

**Show Mt. Stewart Tuesday 8.30. Sensations of 1946 starring Eleanor Powell, Dennis O'Keefe with Woody Herman and his band plus serial.

**Collecting Hogs for Davis and Fraser Ltd., every Tuesday. Write or phone collect, R. N. Dawson.

**Hospital dance, McLean's Warehouse, Souris, Wednesday. Modern and old time dancing. Two orchestras, refreshments served. 8-23-26-12.
