THE AGE OF BRAIN WORK

"In these days, half our diseases come from the neglect of the body in the overwork of the brain. In this railway age the wear and tear of labor and intellect go on without pause or felt pity. We live longer than our forefathers, but we suffer more. They fatigued only the muscles, we exhaust the finer strength of the nerves. Dr. Chase's Nerve Food is the greatest medicine of this age because it is best suited to the needs of the present day. It restores and revitalizes wasted nerve cells and makes the pale, weak and exhausted strong and healthy and vigorous."

To Hon Sir Louis H. Davies, K. C. M. G., Judge of the Supreme Court of Canada:

Sir,—Your friends in Prince Edward Island cannot allow the occasion of your first visit to your native province since your appointment to be a Judge of the Supreme Court of Canada to pass without publicly expressing their heartfelt congratulations on the eminent position to which you have attained, and hope you will long continue to adorn the Bench of our highest Canadian Court. As a souvenir of your long and distinguished public service we beg you to accept a portrait of yourself painted by one of the sons of our Island who has also been the recipient of honors from His Majesty, our beloved Sovereign. To your self and Lady Davies, who has shared the arduous duties of your distinguished career more than many know, we extend our sincere wishes for long and happy life. On behalf of your many friends, Signed, B. Rogers, Chairman, D. A. McKinnon, Sec.
