RUSTICO—Resolved that more benefit can be derived from the radio than from the press was the question discussed in Rustico Hall, on Friday, Nov. 22nd, Messrs. Edward Blanchard and Alyre Gallant defended the resolution while Messrs. Jean H. Doiron and Isidore Gallant attacked it. Very interesting speeches were delivered by both sides showing that the subject had been given a good deal of thought and studying. The judges, Rev. J. C. Pitre and Messrs. Frank Gallant and Elias Gallant basing their judging on delivery, English and composition, opted in favour of the Pro side. The meeting was ably conducted by Mr. Jeremiah Doiron while Mr. C. H. Doucette acted as secretary. After the debate Rev. J. C. Pitre gave a short speech on his trip to the Toronto Fair and more especially his meeting with Cardinal McCulgan with whom he spent several days of his vacation tour and particularly the interest shown by the Cardinal in his boyhood home. The remaining part of the evening was spent in very enjoyable entertainment.

W.M.S. MEETING.—The New London W. M. S. of the United Church held their November meeting at the home of Mrs. Edward Williams. Mrs. Stirling MacKay led the devotional period using the program from the Missionary Monthly and also gave some interesting readings from the Study Book, assisted by Mrs. C. B. Goss. Eleven members answered Roll Call with a verse on peace. A letter was read from Mrs. G. B. Pickering announcing the arrival of the box for Labrador, from this Society. Mrs. Harold Dunning read an interesting letter from Rev. E. J. O. Fraser, describing his journey back to Korea and the conditions in that country as he found them. The Treasurer reported the receipts for the autumn thank-offering were \$26.25. The roll call for the December meeting, which is to be held at the home of Mrs. Hugh Campbell will be answered with a Christmas thought. The meeting closed with the Lord's Prayer in unison after which a delicious lunch was served by Mrs. James Williams assisted by Mrs. J. M. Campbell.

PROGRESS REPORT! #4

NOW WOOLLEN SOCKS ARE SHRINK-RESISTANT! You've always wanted them—now you can have them! Now Mercury Mills holds exclusive Canadian rights to a world-famous English process that actually makes wool socks shrink-resistant. Mercury spent months of study and experiment before adopting this revolutionary formula for use in its own mill. And production has started! Mercury shrink-resistant socks will probably be in your store by Christmas—ask your dealer!

IMPORTED SOCKS?—NO! Remember when you had to buy imported products to get fine wool socks? Those days are gone! Mercury Mills now makes socks as good and better than those that formerly came from overseas! New machines and fine yarn insure this high quality. The constant research at Mercury has produced trained experts possessing the "know-how" formerly associated only with the artisans of distant lands. Mercury now produces socks with style, fit and quality unsurpassed anywhere in the world!

"NYLONS FOR GLAMOUR!" Milady says. And Mercury nylon hose are special! Here's why: The Mercury rounded French heel is specially patterned to follow the natural line of your foot... and this feature of design slims your ankle magically, makes stockings cling firmly with no damaging garter pull. These new-nylons by Mercury fit perfectly from top to toe... are completely fashion-right. Today's supply? Not enough, unfortunately, but steady and worth looking for!

DISCRIMINATING MEN get the benefit of hard-wearing nylon too! Now Mercury's famous Crusader socks are reinforced heel and toe with strong inter-knit nylon. Result? More comfort, longer wear. Also, Crusader socks boast attractive patterns, rich colours, and Mercury's snug-knit "English-rib." No wonder the demand for Crusaders is terrific. And Mercury knits more Crusaders than ever before... is trying to supply all dealers fairly. Ask for Crusaders by name.

THERE'S A CEILING AT MERCURY—on prices, yes... but not on quality! Although Mercury holds to ceiling prices on products—there's no ceiling on Mercury quality. Mercury Mills isn't content to produce just "good knitwear"—they have constantly studied, experimented, tested to make Mercury products always better. This ceaseless research results in new features in all Mercury merchandise... and more improvements are coming! Mercury constantly strives to produce knitgoods of superlative quality at reasonable prices for Canadians!

THE SKILLED CRAFTSMEN and women of Mercury Mills work in close co-operation and friendliness. Newest machines, newest designs, newest ways of handling materials make it possible to produce knit goods of highest quality. Their job isn't easy, these days of shortages, but Mercury strives to supply your dealer fairly. The Mercury family look forward to the day—not far off—we hope—when increased raw materials will mean enough Mercury Knitwear for everyone!
