WHAT SIR HENRY THORNTON SAYS:

"I am very much obliged to you for the advance copies of the SOUVENIR EDITION. I congratulate you upon the excellence of the production which is really well done and full of interesting articles dealing with the Garden of the Gulf."

THE HALIFAX HERALD SAYS:

"With the compliments of The Charlottetown Guardian, we have received a brochure entitled 'The Golden Future,' setting forth the attractiveness of Prince Edward Island. The spirit of optimism which characterizes this publicity publication is particularly commendable, and the fact that one of the provinces of Canada, in the face of a world-wide depression, is singing a song of faith and confidence, is a good indication that this Dominion has yet many things for which to be thankful.

"Prince Edward Island, pre-eminently a farming district, has led the way in many branches of progressive farming, and also in co-operative marketing. The people are, on the whole, exceptionally contented. They invite the rest of the world to share their happiness with them. And the initiative of the Charlottetown Guardian in the publication of this strikingly illustrated little booklet is highly commendable."

Perfect Prince Edward Island Potatoes

We are just commencing our potato season, and during the past few days certain points have arisen that have caused quite serious trouble. I feel if we point these out to our loaders and everybody cooperates, it will eliminate the difficulties and will go a long way towards establishing a much better name, and a much more satisfactory deal for all concerned, on Prince Edward Island potatoes this year.

First is the matter of quality. As you know the American market demands good sized, carefully graded potatoes, something better than just within the tolerance of Canada No. 1 Grade. They are paying a big premium for Prince Edward Island potatoes over stock from any other sections, and naturally expect something more for their money than nice new bags, marked "PRINCE EDWARD ISLAND POTATOES."

Most farmers and loaders are endeavoring to put up carefully graded potatoes that will meet the requirements of the American Trade. There are, however, a few farmers, and a few loaders, who insist on working in far too many undersized and poor quality stock. These men seem to feel as long as the potatoes get by the Government Inspectors that they are O.K. They do not seem to realize in all probability when their potatoes reach the ultimate consumer they kill the sale of a good many additional cars of potatoes. It certainly kills the possibility of getting the premium we are now realizing on Prince Edward Island Potatoes over those from other sections.

The American buyer, who receives a car of potatoes in which there is an excessive quantity of small, undesirable stock, refuses to buy further when he can get potatoes just as good from Maine, or elsewhere, at probably forty or fifty cents per hundred less.

If our potatoes were running generally poor this year there would probably be some excuse for the grade not being perfect, but when the stock is as good as it is, we have a golden opportunity to establish a name for our potatoes that would bring our farmers a premium that would almost be sufficient to offset the duty we now have to pay on potatoes going into the United States. It only requires perhaps twenty or twenty-five bushel of extra culs to be thrown out of any of these poor cars to bring the quality up to a real nice car, and one which would make the buyers come back and want more as soon as he gets it. In other words for the sake of a Ten Dollar Bill the loader is probably sacrificing ten cents per bushel on the entire car.

We are sure with this explanation we can get hearty cooperation towards putting up a better grade than ever before. Potatoes are cheap this year, and we never had a better opportunity to put across the idea of "PERFECT POTATOES FROM PRINCE EDWARD ISLAND."

Can we depend on the cooperation of potato growers and can we go out and assure the people to whom we are selling the potatoes that what we ship them this year will be the best they ever received? If we can do this, and deliver the goods, it is going to mean more dollars in the pockets of every farmer, and every dealer, in Prince Edward Island before the close of the present season.

Before closing, we would just like to mention some other points that are the cause of many complaints. The first is SOILED BAGS. We cannot emphasize too much the importance of keeping the bags clean, and sewing and tagging them neatly. It is a bad practice to use Binder Twine.

The next point is the matter of WEIGHTS. There have been a great many complaints in the past of potatoes running one, two and even as high as five pounds short. In our opinion this is not so much the result of farmers trying to get paid for something they do not deliver as from filling the bags and not weighing them. The Inspectors have been instructed to check weights as well as the grades. We have also assured our customers that the weights in every car will be tested before the potatoes go aboard the ship.

At this time of the year potatoes will shrink fast. To be safe, we believe every bag should be filled—92 LBS—gross to insure its arrival at destination a strong 90 lbs. net.

The meeting opened by all the members singing "My Old Kentucky Home," followed by the roll call, which was answered by each member paying a fee of five cents. The minutes of the previous meeting were read and adopted after which the reports of the different committees were heard and the re-appointment of the old committees. After the business part of the meeting was over Miss Donovan read a very interesting paper on "Ways and means of improving our Institute." Mrs. Desmond Doyle invited the members to her home for the November meeting which is the annual meeting and all members are asked to attend, roll call to be answered with a "Tongue Twister." WEDDING BELLS—A very pretty wedding was celebrated at Mt. Stewart on Sept. 10th, when Emma Elizabeth Court, daughter of Mr. and Mrs. Joseph Court, and Gordon Edgar Coles, son of Mr. and Mrs. Henry Coles, Suffolk, were united in marriage. The ceremony was performed by Reverend M. N. Charman. The groom was ably supported by Albert Court and the bride by Miss Gladys Sentner. The bride, who looked very attractive was becomingly attired in a mauve georgette dress with bridal veil, fastened with orange blossoms and carried a bouquet of pink sweet peas and maiden hair fern. The bridesmaid, Miss Gladys Sentner, looked very winsome in a gown of rose cerise de chine. After the marriage the wedding party motored on a trip through the province, and returning to the bride's home were entertained at a sumptuous supper where many friends and relatives awaited them. Many beautiful gifts were received. Their many friends wish the newly wedded couple who are very popular many years of happy wedded life.

CLAN MACLEOD—Among those who attended the Baptist District meeting at Dundas on Monday and Tuesday of last week was Mr. Benjamin MacLeod, of Tryon, brother of Mr. William MacLeod (Deacon William) of Bridgetown, at whose home he was entertained during the meeting. Mr. MacLeod travelled by automobile with Rev. M. O. Brinton. During the journey he recalled incidents of sixty and seventy years ago as he passed through the familiar scenes of his youth in Kings County. At the district meeting it was a pleasing sight to see those two brothers, physical giants, intellectual giants, yes, and spiritual giants, one over eighty years of age, the other over ninety, and to hear them speak of the things that lay nearest to their hearts. The MacLeods are nephews of Rev. Samuel MacLeod, a Baptist Minister, who came out from Scotland when Prince Edward Island was young, one who was a power for righteousness and whose genuine goodness was so generally recognized that a school boy on being asked where he would like to be on the Day of Judgment replied, "Inside Rev. Samuel MacLeod." The MacLeods of the present day are walking in the old paths and may Prince Edward Island never lack MacLeods like Deacon William and his brother Benjamin.

GEORGETOWN

The death occurred at Georgetown, on Monday, October 13th, of Percy Henry, aged three months, youngest son of Mr. and Mrs. Sullivan Henry, after a short illness. He was a bright and loving child and was tucked in his little bed by his loving mother some hours before his death, which was unexpected. All hopes for his recovery were expected, but God willed otherwise, "Suffer little children to come unto Me and forbid them not for such is the Kingdom of Heaven." He leaves, besides his heart-broken parents, two brothers and three sisters, to whom sincere sympathy is extended. His funeral after a short illness.
