

CHINA YIELDS TO JAPAN'S DEMANDS

Another Clash Between Soldiers in Which a Jap Was Killed.

(Canadian Press) PEKING, Sept. 12.—Orders issued today by Provisional President Yuan Shi Kai signify it is believed by foreign observers in Peking, that China has complied with the demands of the Japanese government presented yesterday. The Japanese demands result from the killing of three Japanese at Nanking, maltreatment of a consular messenger, torture of Japanese Lieut. Hankow, imprisonment for two days of Japanese Lieut. Shantung. Japan demanded an apology for the insults to the Japanese flag, punishment of those responsible, and payment of an indemnity. A clash occurred between the Japanese and Chinese soldiers yesterday at Chang Teinar Shab hai Kwan, where a Japanese guard of the section of railway from Peking Sea and one Japanese soldier was killed. The Chinese officer later sent an apology to the Japanese commander.

DEPENDS UPON PAST CONDUCT

(Canadian Press) NEW YORK, Sept. 12.—The nature of the reception that awaits Mrs. Emmeline Pankhurst, suffragette leader, when she arrives from Europe next month will depend upon the outcome of the investigation of her actions in England now being made by immigration authorities of the United States. Myron H. Uhl, Commissioner of Immigration, said today: "It is not at all certain that Mrs. Pankhurst will be detained at Ellis Island, her actions in England are being investigated. If she is found guilty of moral turpitude she shall not be brought here. It will not be known until she reaches this country. If detained she will be treated like any immigrant for there is only one way of handling people here. It is most unfortunate this is the case and is ground for much justifiable complaint. Nothing can be done about it until Congress decides. We need quarters for first class passengers as well as for third class."

LIEUT-GOVERNOR SULZER IS REGULARLY IMPRISONED. KINGSTON, N. Y., Sept. 11.—Supreme Court Justice Hasbrouck today decided that Governor Sulzer was regularly impeached, and while awaiting impeachment trial was divested of the right to exercise his executive functions, including the power to pardon.

SEAGIRT, N. J., Sept. 12.—Expert marksmen from various parts of Europe and North and South America were on hand today at the opening of the twenty-third annual tournament of the New Jersey State Rifle Association and the New York State Rifle Association, popularly known as the Seagirt shoot. The tournament is to continue until September 20. There are forty events on the program of the New Jersey association, eleven New York events and two international matches. The international events will be participated in by teams representing the United States, England, Germany, France, Switzerland, Argentina, Brazil, Sweden and Peru. LORD STRATHCONA WILL HOLD HIS HIGH OFFICE OTTAWA, Sept. 11.—An official denial of the rumor that Lord Strathcona's resignation was about to be placed in the hands of the government was issued today. The rumor is declared to be entirely without foundation. Lord Strathcona's recent hurried trip across the Atlantic shows him to be still active in his advanced years. It is pointed out that his long experience in the position which he has filled so admirably and with such marked devotion to duty, his wide knowledge of public affairs, both in Canada and in Great Britain, together with his well-known ability, render his services to Canada of the greatest value.

BAD RELIGION FOR THE INDIANS.

WINNIPEG, Sept. 11.—A serious condition of affairs among the Indians at Fairford, Manitoba, is reported by Rev. S. P. Lough, who represents the Baptist Union of West Canada in that district. Mr. Lough says that owing to the extent to which the tenets of the adherents of the apostolic faith have attained among the Indians, they have practically abandoned all industry and are neglecting their cattle and allowing them to die. Mr. Lough said:—"This Indian reservation is situated on Lake Manitoba, about 160 miles north, there being about 2,000 Indians in the different reservations at Fairford, Sandy Bay, St. Martins and Carre river. The Baptist church has carried on work there for some time, and J. S. Clark, M. D., was in charge until I arrived there. He looked after the physical and spiritual needs of the Indians ministering to them in their sickness as well as preaching to them in health. "The apostolic faith adherents have been doing work out there, but the impression among the white people seems to be that the general effect on the Indians is not wholesome, as they readily give up their habits of industry when told that they must live by faith, with the result that the cattle are allowed to die from neglect. About a year ago some of the members of the local apostolic faith mission went among the Indians and spread their tents and the instinct of the Indian for demonstration and excitement seems to respond to the appeals made by the followers of the apostolic faith."

ENGLAND HONORS AMERICAN DEAD

Unprecedented Honour Paid to Late Mayor Gavnor in Liverpool.

(Canadian Press) LIVERPOOL, Sept. 12.—The body of William J. Gavnor, Mayor of New York, lay in state to-night at the foot of the grand stairway in the Town Hall of Liverpool. It is an unprecedented honor that Liverpool paid to the dead executive of the American metropolis. Never before had any one lain in state in the history of the edifice. Covered with the Stars and Stripes and the British Union Jack draped over the foot of the casket rested on a catafalque brought from Westminster Abbey, London, in which had reposed the bodies of many of England's most famous men. It was last used at the funeral of Field Marshall Lord Wolsey at St. Paul's Cathedral last March. Candles and the great golden candelabra from Westminster Abbey cast a subdued light up the wide stairway and over a detail of picked men from the Liverpool police force who guarded all night about the catafalque. John Sutherland Harwood Banner, Lord Mayor of the city, who is absent on a vacation, telegraphed to the city officials to do everything in their power to honor the dead.

COAL MINERS SERIOUS STRIKE

Women Take Hand in Disorder. A Number of Arrests Made.

(Canadian Press) CALUMET, Sept. 12.—As a result of a wild demonstration this morning of the copper mine strikers and women sympathizers who poured into Calumet from all parts of the district, fifteen women and three men are under arrest, including Yanko Terzich, the Denver member of the executive board of the Western Federation of Miners. Attempts to interfere with non-union men going to work and disturbing the peace were the charges against the women and two of the men. The women were noisy and apparently in an ugly mood. Hundreds of them marched into Calumet from Keweenaw County mines, north. Each appearance of the strikers and deputies brought out an outburst of hooting. Deputies in automobiles and mounted foot-soldiers prevented serious disorder. Trouble is feared at the mine shafts and deputies are stationed at each of them. The strikers are kept on the move by the cavalry.

HURLED FIFTEEN FEET IN AIR BADLY INJURED

Mr. Sylvester Beazely met with a very serious accident on Thursday as the schooner "Cecil F." was discharging her cargo of "rip-rap" stone at the end of Souris breakwater. It happened that one piece, larger than the rest, had dropped in a decidedly dangerous position and Mr. Beazely, with the aid of a long plank, was trying to remove it. The stone was hoisted up several inches to enable him to get a good hold, and having a good footing, he began jerking on the end of the plank. Suddenly the large iron hook, which was holding the plank caused the end to spring up. Mr. Beazely was hurled about fifteen feet in the air and fell on the sharp edge of a rock, had his head and face cut in several places. He was picked up in an unconscious condition and carried to the office near-by. Dr. McDonald was immediately summoned, and it was found, upon examination, that the wounds upon his head and face were of such a serious nature that it was necessary to place eight stitches in them. The sufferer was then removed to his boarding house and at 7 p. m. was resting easily.

SNOW BABY NOW MISS OF TWENTY

PORTLAND, Me., Sept. 12.—Marie Peary ("Anight, the Snow Baby"), the first white child born in the Arctic circle, celebrated the twentieth anniversary of her birthday today at the island home of her parents in Casco Bay. When her father, Admiral (then Commodore) Peary, was laying the foundations for the chain of explorations which ended in the discovery of the North Pole, Marie was born at Anniversary Lodge, the winter quarters of the Peary expedition on Bowdoin Bay. The baby lived the first six months of her life in Arctic darkness.

MANUFACTURERS ASSOCIATION MEETS

MONTREAL, Sept. 12.—Prominent manufacturers of Ontario and the West are rounding up here preparatory to departing by special train for Halifax, where the forty-second annual meeting of the Canadian Manufacturers' Association is to be held the early part of next week. From all accounts the meeting will be one of the largest and most successful in the history of the association. A tour of the Maritime Provinces will be included in the program. FROST IN THE WEST. WINNIPEG, Sept. 11.—Frost was retty general last night over Alberta and Saskatchewan and the northern part of Manitoba, the low point recording ten degrees, but from one to four degrees prevailed in most of the districts affected. With harvesting practically completed and threatening in full swing all over the country, the frost has come too late to do any material damage. Conditions could not be better for threshing, and the country roads are in good shape for marketing.

INSANE ASYLUM AT SHELBURNE

Burned to the Ground. Inmates Removed to County Jail.

(Special to The Guardian) SHELBURNE, Sept. 12.—The county institution for the poor and harmless insane was destroyed by fire to-day, loss \$7,000, insurance \$4,500. The fire originated from a defective fuse. Though the whole town's fire department was speedily on hand nothing could be done. The building was comparatively isolated but too far from the harbor for salt water to be used. The flying cinders from the burning building started a forest fire about 500 yards to the east which required the attention of a large number of men before it was got under control. There were only three cases of insanity and they were temporarily lodged in the county jail.

RESIGNS FROM HUERTA'S CABINET

(Canadian Press) MEXICO CITY, Sept. 12.—Rodolphe Reyes, son of the late General Bernard Reyes, one of the first victims of the Perby revolt against Madero, resigned today from the Provisional President Huerta. The reason given by Señor Reyes for his withdrawal is that the policy of the president demands his separation.

BRITISH PREMIER CELEBRATES BIRTHDAY

LONDON, Sept. 12.—The Rt. Hon. Herbert Henry Asquith, the British Premier, was sixty-one years old to-day, and was the recipient of many messages of congratulations from friends and admirers throughout the Empire. The Premier was born in Yorkshire, Sept. 12, 1852, and was educated at the City of London School and at Oxford. He has been in public life since 1886, in which year he was first elected to the House of Commons.

ENGLISH FIRM'S CONTRACT BELOW AMERICAN

WASHINGTON, Sept. 11.—An English builder today was awarded the contract for turbine drums for the newest American battleship, No. 39, at a little more than one-third the price offered by the lowest American bidder. The accepted bid, \$57,436, was submitted by New York agents of the Cyclone Steel and Iron Works, Sheffield, England. It is exceptional for the navy department to send a contract abroad, but Acting Secretary Roosevelt held that the action today was justified by the tremendous difference between the English and American prices. The Sheffield bid includes the payment of duty, and by giving the work to the foreign builders, the United States saves more than \$100,000. There were two American bidders, the Bethlehem Steel company, \$169,568, and the Midvale Steel company, \$160,272. The Carnegie Company, the only other domestic concern equipped to build the drums, did not seek the contract.

PROTECTION FOR APPLE BUYERS.

At the request of the members of the Fruit and Produce Committee of the Halifax Board of Trade, the Council have passed a resolution in which they should be asked to appoint an inspector for apples for local consumption, in the same method as apples are inspected for shipment abroad. The matter was taken up with the Minister of Agriculture who passed it over to J. A. Ruddle, Cold Storage Commissioner, and the latter requested G. H. Vroom, Dominion Apple Inspector, to discuss the matter with the representatives of the Board of Trade. A conference was held Wednesday when Mr. Vroom stated that an inspector and helper would be in Halifax all the year round to inspect the apples sold in this market. This is not a new appointment, Mr. Vroom using the members of his present staff, who will, in turn attend to this local business. It was thought, however, by the local produce people that a permanent man should be appointed, and with this end in view, further correspondence will be held with the Department at Ottawa. It was generally felt by those engaged in the apple trade that on account of the shortage in the apple crop this year there should be more rigid inspection as, no doubt, prices will be high, and therefore the necessity of greater protection to the public from fraudulent packing.

COMMON SENSE TO END STRIKE

Conditions Among B. C. Strikers Brightening. Militia to be Withdrawn.

(Canadian Press) VANCOUVER, Sept. 12.—Acting Premier Bowser stated at Victoria that the outlook of the coal strike situation at Nanaimo and other points in Vancouver Island were a good deal brighter at present. He believed the resumption of work in number one mine of the Western Fuel Co., Nanaimo extension, will mean impressing upon the strikers the fact that it is time common sense prevailed. It is believed that the remainder of the militia will be withdrawn within the next two or three days. Mine operators are said to be willing to take the strikers back without discrimination.

GRAND LODGE KNIGHTS OF PYTHIAS

The 27th Convention of the Grand Lodge of the Knights of Pythias, of the Maritime Provinces, convened in the Casino Building, St. Andrew's, N. B., on Tuesday the 9th inst., at 10 o'clock. After roll call the reports of the different officers were taken up and referred to the Finance Committee who in turn reported back to Grand Lodge. The financial condition was found to be in a very satisfactory state and the membership has been increased during the past year by 255 members over all losses. This brings the total membership up to nearly 2,800 members. The matter of Division of the Grand Domain was referred to a committee to deal with and report back their findings at the next session Grand Lodge. The jubilee year of the order will be celebrated at Halifax, N. S., next July, and elaborate preparations will be made for the celebration of this event. The order was organized by Justus H. Rathbone, in the city of Washington, February 19th, 1864. A grand celebration of the order all over the world will be held at Washington on the 19th of February next, which thousands of Pythians will attend. It was decided that so far as the Maritime Provinces are concerned the celebration will be held next July at Halifax, N. S., but that all subordinate Lodges throughout the Grand Domain will hold a fitting celebration on the 19th of February. The Grand Lodge voted the sum of \$500 for the Jubilee Celebration to be held next July at Halifax, and the Halifax Lodge will put up an equal amount. The sum of \$500.00 was also voted for the services of an organizer for the Domain. The Grand Chancellor was granted \$300.00 for travelling expenses and \$100.00 was placed at the disposal of the Uniform Rank as prize money for competition drill at Halifax, N. S., in July. The matter of extending the term of subordinate Lodge officers from semi-annual to annual terms was referred to a committee to report back at the next convention. The accommodations provided at St. Andrew's for the delegates and Grand Lodge officers were superb. The large C. P. R. Algonquin Hotel and the Casino Building (for meetings of Grand Lodge) are probably the first in equipment in eastern Canada. The meetings concluded after the election and installation of Grand Lodge officers, at 4 o'clock Wednesday afternoon, and all the delegates left for their homes by the 5.45 p.m. train. The Charlottetown delegates in attendance were Messrs. J. H. Williams and W. A. McCauley, also C. Leonard MacKay, the present Grand Chancellor.

(Canadian Press) LONDON, Sept. 12.—Postal employees connived at the theft of a pearl necklace, valued at \$625,000 which mysteriously disappeared on July 16 after having been mailed from Paris to a London dealer. By the evidence presented at the hearing today before the Police Magistrate at Bow Street court five men are held on suspicion of being concerned in the crime. Whether the employees belong to the French or English post-office the authorities did not divulge at present.

PROVIDE AGAINST NEXT THAW CASES

(Canadian Press) ALBANY, Sept. 12.—The recent arrest in Canada, of Harry K. Thaw, and the complications which followed, including the arrest of Special Deputy Attorney General, William T. Jerome, has prompted Attorney General Carmody to take steps to meet such conditions should they arise in future. The attorney general has instructed the librarian to secure copies of the Canadian immigration laws affecting gambling. Each Deputy Attorney General will be required to acquaint himself with these statutes.
