There are three classes of people
who find lost articles, those who
won't return them to the owner, those
who will return them if they see them
advertised, and those who will adver-
tise that they have found them. As
there are very few of the first class
in this city or Province, the loser is
likely to get the article he loses if he
advertises it in The Guardian as
everybody reads the classified ads.

The orators of the Court got in some
very neat and complimentary speci-
als. The hearty vote of thanks was
responded to in Bro. Moore's usual
polite manner. The delegates to the
High Court gave a full and com-
prehensive report of the proceedings,
the next session will be held at the
home of William Judson, Pownal, on

Seems to be the craze in Ladies' Hats this season, but what genuine Merry Widow is going to wear one of those 40 inch hats that are being offered by milliners in large cities. But before your wife or best girl gets to enquiring how you know so much about it we will change the subject by announcing that we are selling lots of Maple Sugar because it is pure and the price is only 2c per pound.

"Good" Loaf | "Poor" Loaf
"Happy" Cook | "Unhappy" Cook

BOTH DUE TO THE FLOUR CHOSEN

The "unhappy" cook chose a flour which had the strength of its "gluten elements destroyed by the electrical bleaching process" and therefore couldn't "rise to the occasion." Result: "Wretched" loaf.

The "happy" cook chose "North West Gem" flour, which is made of the highest quality Manitoba No. 1 Hard Wheat. It is not "purified" by "electricity." Each wheat berry is thoroughly "washed" and "cleaned" by a special "new" process of our own and used in no other mill. Result: A flour which makes the lightest, whitest, tastiest, most wholesome loaf.

Ask your dealer for "North West Gem." Accept no substitute, because there is no flour milled that will make such "good" loaves.
