EARL GREY.—The C. G. S. Earl Grey is in the dry dock at Halifax.

RIVALRY.—All should see the Abbie vs. New Glasgow, the old-time rivals, on the gridiron on May 24th.

ARRIVES.—The schooner Lucania arrived Saturday from Campbellton, N. B., with one million cedar shingles in assorted grades for L. M. Poole & Co., Connolly's West Wharf.

MAIL SERVICE.—The people on the Southport and Pownal mail route are sorry that Mr. Horton has resigned as he was very obliging and gave a very satisfactory service. The new mail carrier, Mr. Seymour Farquharson has made a very favorable impression, with his fast stylish horse and nice rig, and a man with lots of push. The subscribers expect to have a right up-to-date service. Friday's mail was delivered in Pownal at 8.30 which is record time.

POLICE COURT.—At the Charlottetown Police Court Saturday morning the cases against Ronald J. Steele and Allan MacDonald for infractions of the Prohibition Act were each adjourned until May 23. Angus Cameron for disorderly driving was fined \$3 or 10 days, and Henry Deorion for depositing filth and rubbish on a vacant lot was dismissed with a warning. The case of Louis Burnett and John Horne for assault and battery on the 13th was dismissed.

Y. M. C. A. CAMP.—Y. M. C. A. boys here will learn with pleasure that arrangements have already been made for this summer's Maritime Boys' Camp. Formerly the camp was held at Big Cove, N. S. but this time it will be at Robinson's Point, on Grand Lake, and altho the boys will miss the associations of the old camping ground they are sure to appreciate the many different experiences and the location of the new one as it affords every opportunity for a pleasant vacation.

INSTALLED IN NEW OFFICES

Canada Fox Exchange Opened in Charlottetown. The Canada Fox Exchange and Investment Company Ltd., are now open for business, in the offices formerly occupied by the Bank of New Brunswick and centrally situated at the corner of Richmond and Queen Streets. These offices have been remodelled so as to enlarge the public space and add to the brightness of the interior. They are among the best in the city, the location being admirable.

The company was incorporated at the last session of the Legislature the following being the directors, Capt. D. A. McKinnon, J. S. Wedlock, F. R. Newsome, D. A. Wedlock and J. G. Jordan. They are prepared to buy and sell options on foxes and list fox securities of all kinds. They have a staff of correspondents throughout the Maritime Provinces and in some of the cities of the United States, and intend to carry on an advertising campaign in different centres. Almost every day enquiries are being received from outside points regarding the wonderful fox industry. The company in fitting up such expensive offices feel that the fox business has now reached such a stage that it demanded premises fitting to its importance.

In anticipation of the great rush of tourists this year, they intend to make this office the headquarters where information can be secured regarding the industry, where investments can be made in black fox securities; they will also make it the headquarters of the fox ranchers when they are in the city.

This fall the company intend making connections with one of the best security houses in Canada, and will handle such high-grade bonds, stocks and industrial securities as appeal to the most conservative investor. The office will be equipped in the most up-to-date manner and a black-board will be provided on which a list of securities will be posted each day. The telephone number is No. 189.

WORLD'S RECORD.

LONDON, May 16.—A world's record with 13.5 inch guns has just been made by the super-dreadnought King George V, during gun layers tests. Forty shots were shot by the guns and the targets were hit thirty-nine times. These guns fire 1400 pound shells, as against the 1250 pound shells discharged by the 13.5 inch guns of the Orion and the Lion.

PRECAUTIONS TAKEN.

WASHINGTON, May 16.—The president and all official advisors are firmly convinced that the issue raised by Japan over the California legislation will not seriously disturb the peaceful relations between the two governments. It is learned that the administration is quietly taking such precautions as will safeguard the nation in the event of trouble arising out of the present situation. President Wilson finds it difficult to conceive of the Japanese situation taking an unfortunate turn, yet apparently he feels that duty requires him to ignore the existence of unexpected possibilities.

The president yesterday held a conference with the officers in charge of the state, war and navy departments. The conditions of the defenses of the United States were discussed and a tentative program for strengthening the effectiveness of these defenses outlined. Independently of the possibilities which lie in the situation, is the fact that two companies of the coast artillery corps have been ordered to Hawaii to man the coast defenses there. These two companies will sail from San Francisco on May 24 on ten days notice.

GOOD SHOWING.—The Cadet Corps of St. Dunstan's College was inspected on Thursday last by Major W. E. Duthit of Halifax; the results is gratifying. Although the day was cold and otherwise unfavorable for drill, the corps did good work, reflecting much credit on themselves and on their officers especially. Instructor R. L. Smith and Captain W. V. MacDonald. The Signl Corps under the instruction of Lieutenant James C. McGuigan has attained remarkable efficiency considering the shortness of the season. Altogether the corps is easily up to the standard of other years. The music for the march past was furnished by the College Band.
