Here's Proof Charles Johnson, P. O. Box 105, Lawton's Station, N. Y., writes: "I sprained my ankle and dislocated my leg by falling out of a third story window six months ago. I went on crutches for four months, then I started to use some of your Liniment, according to your directions, and I must say that it is helping me wonderfully. I threw my crutches away. Only used two bottles of your Liniment and now I am walking quite well with one crutch. I never will be without Sloan's Liniment."

—SMELTS.—Since the price of hooked smelts has reached 5 cents a pound, that industry is looked upon as a no-account. Scores of men are on the fishing ground at day-break and after eight to ten hours of fishing they return each with loads averaging from sixty to eighty pounds—pretty good pay.—H.

—DIED IN HOSPITAL.—Mr. James Hiltz, of French River, died Monday afternoon in the Prince County Hospital, Summerside. The funeral takes place Wednesday afternoon from the home of his sister, Mrs. Boyd Hardinge, French River, to the English Church cemetery. —MT. CARMEL.—The people of Mount Carmel are anxiously awaiting sleigh roads to haul their winters wood.—Mr. Joseph V. Arsenault, of Mount Carmel had a narrow escape recently when his horse ran away. Wanting to check his speed the driver pulled in the reins but the bridle broke and made the condition critical for Mr. Arsenault. Finally he was thrown from his wagon and sustained severe bruises on the leg and side of the head. The injuries are not very serious.—R.

—A FOX CHASE.—On Monday, when a number of skaters were enjoying themselves on the harbor, a nice pitched fox made his appearance. The skaters started in pursuit and tried to round it up, but Reynard was too cunning for them and would have evaded them all, only Mr. Earl Grady procured a rifle and drew a bead that put Reynard to sleep. A local fox man has since missed a fox that got out of the pen.—H.

—CAPE TRAVERSE.—Cape Traverse and vicinity has been the scene of some social gatherings during the Christmas holidays, among the number was a supper at Lansdowne Hotel given by the members of Mount Miriam Lodge, when a most enjoyable evening was spent. Also, Gordon Lawson opened his handsome and spacious residence for a house warming where upwards of one hundred guests tripped the light fantastic until the wee sma' hours. A most delightful time was spent and every one said it was the best ever. The ice being in excellent condition, some of the speedy ones are to be seen each afternoon, among them being Mr. E. Cristy's Melbourne Howatt's, Bert Dickie, P. S. Howatt's Shrub, also Mint Campbell with his mare Moxey. The interior of the Cape Traverse School has been beautifully painted, the work being done by Clark Bros., of Augustine Cove. —ST. LOUIS.—The semi-annual examination of St. Louis School took place on Dec. 23, in the schoolroom, which was tastefully decorated for the occasion with Christmas wreaths, bells, drapery, evergreens, etc. The schoolroom was crowded with visitors, parents and pupils. The visitors showed the greatest interest and closest attention knowing that as in the past something more than common was expected. Their expectations were fully realized. A programme, rich and rare, was carried out without a hitch, the smallest child seemed imbued with the determination to please and showed the utmost confidence in their teachers, their parents and themselves. The programme was long and quickly brought the twilight hour, when old and young declared themselves content to stay on to be edified and pleased by the evidence of love, care and attention to their duties on the part of the teachers, Miss O'Brien and Miss Gaudet. After a few complimentary remarks by the trustees and others, the singing of the National Anthem brought the gathering to a close wishing each other a Merry Christmas and a Happy New Year. Rev. R. C. Gauthier is organizing a night school of the young men and boys of Palmer Road parish, meetings to take place twice a week, the lessons to be along agricultural lines with lectures and confidential talks on all things that concern farming community. Success to his efforts. An unusual sight is to be seen these days on the Palmer Road. Captain Henry Perg is hauling his new vessel, the Graton, to Ebbesfleet harbor. Great times are predicted for the Graton and her genial captain next summer. The mail carrier on Route No. 1 reports the roads in excellent condition, particularly in the Waterford District where the thanks of the whole district are due to Messrs. Patrick Fitzgerald and John M. Donette for the success of the rural mail delivery daily in that district. Messrs. G. L. Reid and Jas. Gavin are doing a thriving business in the smelt fishing this winter at Ebbesfleet. Their shipments are large and frequent and the fishermen at Ebbesfleet are doing well. The soft weather of the past few days had a detrimental effect however. The W. F. Callaghan Co. are doing a thriving business in general merchandise at St. Louis.

The school was beautifully decorated for the occasion the examination was attended by a large number of parents from the district. The pupils were carefully examined in many branches by their teachers assisted by Miss Ethel Foley, student P. W. C. The ready answers of the children showed the careful training they had received from their teacher. Miss Mable Gavin to whom much credit is due. Songs and recitations were also rendered by the pupils with great success. Prizes were then given by the teacher for department attendance and etc. also a sufficient amount of candy and nuts was distributed among the children which showed the kindness of the teacher. Speeches were made by Mr. P. M. Foley, Mr. E. O'Rourke and others. Then Miss O'Rourke in behalf of the pupils presented the teacher with an appropriate gift, Miss Gavin made a suitable reply thanking the parents and pupils for their interest in the school. The singing of God Save the King finally brought one of the most successful examinations to a close.

—LONG RIVER EXAMINATION.—The semi-annual examination of Long River school took place on the afternoon of Wednesday, Dec. 23rd in the school rooms. The examination was very largely attended there being about sixty pupils and twenty-five visitors present. The various classes were examined by their teachers, Mr. Malcolm MacLeod and Miss Margaret Berrigan, assisted by Messrs. John Johnstone and John R. Wigmore and Mrs. Montgomery. By their prompt answers the pupils showed that they had been carefully trained by their teachers. After the examination of the different subjects a very interesting programme, consisting of singing and recitations was rendered by the pupils of Miss Berrigan's room and was much enjoyed by all present. Speeches were made by the trustees and visitors. All expressed themselves as highly pleased with the progress of the pupils. They remarked a great improvement not only in attendance but also in the quality and quantity of the work of the pupils. The grading of the school last August, Rev. Mr. Gauthier, who came towards the close of the examination congratulated the ratepayers on their fine school building and expressed his pleasure at the grading of the school. He said that judging by the number present all took an interest in the school and that good work would follow. After the passing round of candy the examination was brought to a close.

—HORSE NOTES.—Mr. Moses Woodside, Tryon, is the lucky owner of a valuable draft colt which he purchased from Mr. Joseph McDonald Crapaud, at a high figure.—V.

—A NARROW ESCAPE.—It is proverbially true that we are never more in danger than when we think our selves secure. This was demonstrated by an incident which occurred in Alberton recently and which almost resulted in the death by electrocution of a certain respectable citizen of that place. This gentleman was reclining leisurely in his favorite arm chair at the Central Telephone office and ex-patiating eloquently on the possibility of a German invasion of Canada when his animated countenance suddenly underwent a complete transformation followed almost immediately by a leap from the chair. As seen as he regained control of the faculty of speech, he answered a whole volley of questions by saying that he felt a sensation in his arms as if they had been torn from their sockets, their explanation, instead of enlightening the surprised onlookers, served only to perplex them the more. Some thought it advisable to telephone immediately for Dr. Kier, but as he appeared to be in his normal condition despite a slight pallor, which was hardly perceptible owing to a hirsute covering, it was not considered necessary. Many and diversified were the suppositions formed but each in turn was discarded as an unsatisfactory solution. Several present were of the opinion that the peculiar sensation was caused by a slight paralytic stroke, but its short duration and the absence of after effects showed this to be an erroneous supposition. The only other conceivable solution then is that this gentleman received an electric shock. This theory is strengthened by the fact that it was on this evening that the electric current was turned on for the first time. Mr. Matthews, proprietor of the telephone office had copper plates put on the arms of the chair recently to prevent their wearing and it is quite possible that a current of electricity may have been generated to these with the above mentioned result. If this were the case the victim of this accident certainly had a miraculous escape.—A

—An enjoyable whist party was given by Miss Zita Cahill, Alberton at her home, on Friday evening, Jan 8th. The highest score was made by Mr. C. Cahill. After the serving of refreshments the guests were treated to some pleasing vocal and instrumental music. One of the most amusing features was a step dance by Mr. Clifford Cahill.—A
