Fresh Russians

(Continued from page 1)

launched a number of attacks, which were repelled. On one sector six German tanks were destroyed."

New Large-Scale Attack

The Russians also reported that the enemy had launched a new large-scale attack on the western bank of the Don river south of Voronezh, using an entire infantry division supported by 100 tanks. The Germans lost 2,000 officers and men in killed and wounded, it was announced. Voronezh is about 300 miles northwest of Stalingrad, a key defence sector where the Russians have launched a number of counter-attacks recently.

Encouraging reports reached Moscow about fighting in the deep Caucasus, the news agency Tass stating that in the mountainous region near Mozdok Axis units were "withdrawing northward." In actions in this region Russian artillery, it was reported, set fire to 26 tanks.

The midnight communique, however, said only that "in the area of Mozdok our troops, in fierce battles with the enemy, destroyed 12 German tanks and wiped out about a battalion of infantry."

Sixty more German tanks were disabled in one sector southwest of Stalingrad and heavy losses inflicted on the enemy, the high command said. This was in addition to the 40 disabled in the sector where the Germans advanced.

At Stalingrad, the Russians were counting heavily on fresh air force, tank and artillery units which the Soviet command managed to move into the fighting zone. These fresh troops to a degree offset the superiority in men and equipment the Germans had thrown around the Russian industrial city in a vast semi-circle to the north, west and south.

Lone Wolves

The fresh Russian combat fliers were especially successful in inflicting punishing losses on the invaders, it was reported from the front. Many of the Red fliers were turned loose as individual hunters, roving over the smoking countryside and striking at the enemy at will where the best opportunities presented themselves.

The army newspaper Red Star reported that in three weeks these lone wolves of the sky have destroyed 51 German planes and have caused great confusion among enemy tank formations.

Nazis Inch Forward

Russian resistance increased in stubborness as the Germans inched forward. But it was acknowledged that the Nazis' slow progress toward the Volga had not been halted and it remained to be seen whether the fresh Russian forces now in action could overcome the added pressure being exerted by the new German reserves doing their utmost to storm every approach to the metropolis.

Not Guilty But Insane

GUELPH, Ont., Sept. 13—(CP)—Declared not guilty through insanity of shooting to death his mother and sister, 21-year-old Charles Clarence Dickinson remained in custody today pending notification of the lieutenant-governor-in-council when final disposition of his case will be made.

A Supreme Court jury needed only one hour Saturday to bring in a verdict in the case. Earlier in the hearing the same jury had ruled that Dickinson, a former soldier, was fit to stand trial.

The two women, Mrs. Amy Dickinson, 55, and Megan Dickinson, 19, were found shot to death in their Guelph home last Feb 21. Dinckinson, on leave from the army at the time, later gave himself up to police.

Mr. Justice W. D. Roach expressed himself in complete accord with the jury's finding.

Island-born Doctor Dies In Saskatchewan

Dr. Fred R. Jardine, son of Mrs. James Jardine of Kensington and the late Dr. Fred W. Jardine died Friday, Sept. 11 at Estevan, Sask., it was learned over the week-end. The young doctor was married on Sept. 8 to Miss Dorothy M. McDonald at Roche Percee, Sask. He underwent an emergency operation the following day and his condition failed to improve and he died two days later.

He graduated from McGill University in 1938 and for the past year was on the staff of a hospital at Weyburn, Sask. For two years previous he was on the staff of a hospital at St. John's, Newfoundland. He also spent a year at Saint John, N. B.

Surviving in addition to his wife are his mother and stepfather, two brothers, J. W. Jardine and Eric Jardine, both at Kensington and one sister, Miss Janet Jardine, dietitian at Columbus, O., now visiting her mother at Kensington.

The body will be sent to Kensington for burial. It will be accompanied by the widowed bride.

Much sympathy is extended to the family in the sad bereavement.

Says Church Must Have Place In Education System

BELLEVILLE, Sept. 13—(CP)—Rev. W. Harold Young, chairman of the committee on vacancies, Saturday told the general council of the United Church of Canada that the church must have a definite hand in the education of Canadian youth.

Suggesting the existing set-up in Christian education should be completely revised, Mr. Young remarked:—

"The actions of Hitler in Germany should make us realize how important it is for religious education to be given to our boys and girls. The future of the church depends on the religious education of the youth."

The highest dignitaries of the church and commissioners of the general council today visited Hay Bay church, Adolphustown, the first Methodist church to be built in Upper Canada and known as "the cradle of Methodism."

Nearly 300 attended the service commemorating the 150th anniversary of the Church, in which Rt. Rev. J. P. R. Sclater, Moderator; Dr. A. S. Tuttle, ex-moderator; Rev. A. J. Wilson, editor of the Observer, the official organ of the United Church of Canada; Dr. Gordon A. Sisco, secretary of the general council, and Rev. H. L. Morrison, president of the Belleville Presbytery, took part.

Wholesale Beef Prices Drop Today

OTTAWA, Sept. 13 — (CP) —A further drop in wholesale beef prices becomes effective tomorrow, in line with the graduated seasonal reduction announced on June 26, officials of the Wartime Prices and Trade Board's foods administration said tonight.

The new scale of wholesale carcass prices covers the period from Sept. 14 to Nov. 30, inclusive. Prices of beef quarters and cuts will also range correspondingly lower than those in the preceeding period, Aug. 24 to Sept. 13.

This is the fourth successive reduction in beef prices, totalling 3-1-2 cents per pound since the order became effective.

After Nov. 30 beef ceiling prices again will rise on a graduated seasonal scale, reaching their peak in next June or early July.

Retailers will be allowed one week from Monday during which time they may sell on the basis of cost plus their normal markup, the board said. This allowance is made to take care of beef ordered and in storage. After that period the retailer's price must be based on the newly reduced wholesale price specified for each of the 15 zones into which Canada has been divided for beef distribution.

CONSTIPATED? CORRECT IT!

This Easy Way Eliminates Harsh "Dosing"

LONDON, Canada: When you treat constipation with harsh cathartics it's only temporary relief. Your constipation may be caused by lack of the right kind of "bulk" in your diet. KELLOGG'S ALL-BRAN helps supply "bulk" needed for regularity.

ALL-BRAN is so good, with cream, milk, fruit juices, or in hot muffins. Eat ALL-BRAN every day and drink plenty of water. But remember, ALL-BRAN doesn't work like purgatives; it takes time. In two convenient sizes at your grocer's. Or in individual serving packages at restaurants. Made by Kellogg's in London, Canada.

Heavy Damage At Duesseldorf

LONDON, Sept. 13 — (CP) — Daylight reconnaissance photographs at Duesseldorf and Karlsruhe substantiated today original R.A.F. reports of widespread damage in the latest raids on those German-Rhineland cities, it was authoritatively announced. Duesseldorf was raided last Thursday night and Karlsruhe the night before.

"On the day after the attack on Duesseldrof the greater part of the town was covered by dense smoke and another reconnaissance had to be done," it was said. "The damage at both places is still being assessed and details will be issued later."

Britain had a quiet night Saturday, so far as air raiders were concerned, and it was understood that unfavorable weather over the continent barred any new attacks on Germany.

Opposition Is Slight in Madagascar

By RUSSELL C. LANDSTROM
(Associated Press Staff writer)

LONDON Sept. 13 — (AP) — British troops penetrated more deeply into Madagascar today, every dispatch from the French Island southeast of Arica indicating that the occupation is being carried out systematically and with little opposition.

British spokesmen said the British troops are attempting to inflict as little punishment as possible on Vichy troops standing in the way of Marches on the Capital, Tananarive, from the north and south.

"We are getting on," said a military commentator. "But it must be remembered that one of our objects in these operations is not to cause French casualties."

Today's communique said merely that "the advance on the capital continues."

The phrase was interpreted to mean that the occupation troops are closer than 71 miles, the distance announced by Saturday's communique.

An official report from Nairobi, Kenya colony, said that no French artillery fired in the course of the British landing at Majunga Thursday. British naval guns were at hand, but it was not necessary to bring them into action.

Two Killed, One Injured

ROBERVAL, Que., Sept. 13 — (CP) — A pilot and passenger were killed and the only other passenger seriously injured when a Dominion Skyways Limited plane crashed Saturday on the Bersimis River, three miles from Pipnauki Lake and not far from this northern Lake St. John district town.

The Dead:

Pilot Bruce Yasinki, 36;

W.G. Auger, 38 son of Henry L. Auger of Montreal and a minister of colonisation in the Union National Cabinet of former Premier Maurice Duplessis

The Injured:

Joseph Roux, 32, Aluminum Company of Canada engineer.

Cause of the crash was not given but it was announced investigations are being carried out by Dominion Skyways' engineers and officials of the Dominion Transport Department.

Details of the crash could not be learned immediately but it was known that another plane flew the injured man here for hospital treatment.

Yasinski was a vetean bush pilot, having flown chiefly along the skyways of Northern Manitoba, Saskatchewan, Ontario and Quebec for the last 10 years. He had 8,000 flying hours to his credit. He was the senior pilot at Dominion Skyways Roberval base which serves this northern part of the province.

DAIRY RECORD

Far away in Australia a daughter of Wonderful Standard 2nd., a Jersey bull that was grand champion at Charlottetown a few days ago, has completed an outstanding four year old record. A few years ago B. H. Bull & Son sold the cow, Brampton Standard Free Girl to Australia. She was in calf to Wonderful Standard 2nd., and produced a heifer calf that has completed a four year old record of 11,852 lbs. of milk and 745 lbs. of fat. This is her fourth record made in Australia. She is a line bred cow, exactly the same breeding as the Prince Edward Island Jersey Club is endeavouring to concentrate on in their herd improvement work.

Indian Problem Is Discussed

By PAUL KERN LEE
(Associated Press Staff Writer)

LONDON, Sept. 13 — (AP) — The problem of India was the chief preoccupation of week-end speakers following upon Prime Minister Churchill's sharp criticism in parliament of the congress party's disobdience campaign.

Lord Strabolgi, Labor Peer, suggested that President Roosevelt mediate in the difficult deadlock.

"We should swallow our pride and invite the President of the United States to arbitrate on India," Lord Strabolgi said in an address at Basingstoke.

He took cognizance of Mr. Churchill's suggestion that a Japanese fifth column might be working in India by telling labor party members:—

"I fear a repetition of what happened in Burma where important elements turned to the Japanese after being rebuffed in London."

Lord Winster, another Labor Peer, spoke at Cardiff criticizing Mr. Churchill's statement, saying:—

"The time has long since gone by to talk about India in the tone of a cavalry subaltern of the 1870's."

Lord Winster declared that this is "no time for wavering or weakness."

"The government must be supported in acting firmly against the threat of Japanese invasion," he said.

This attitude also was evidenced Friday at Blackpool at the Tades Union Congress when a member called the Churchill statement provocative and Sir Walter Citrine reported that the handing of self-government to India would cause such internal strife that the Japanese would be able to walk in. The T.U.C declined to go further into the matter.

The suggestion that Mr. Roosevelt mediate also was made by Syamaprased Mookerjee, leader of the Hindu Mahasabha, who obtained the agreement of that minority party and the Moslem and Sikh minority groups in a campaign for independence now and settlement of the controversies after the war. Arbitration by President Roosevelt further was proposed by a committee of Indian Congress Party members in Britain, which announced that such an appeal had been sent via the United States Embassey.

Sections of the Indian Press were critical of Mr. Churchill's remarks.

21st Authors' Convention Ends

By D'Arcy O'Donnell
Canadian Press Staff Writer

MONTREAL, Sept. 13—(CP)—The 21st annual convention of the Canadian Authors' Association ended last night shortly after Alfred Noyes, well-known British poet, told delegates during an address that the Allied nations are "not going to win this war unless we stick to our Christian beliefs, unless we stick to the things we say we are fighting for."

Addressing delegates at the associations' annual banquet, Mr. Noyes said that evil has been infused into literature in England and Europe during the past 25 years and as a result the people have developed a spirit of "cynicism and defeatism."

"Unless we get rid of that spirit of cynicism and defeatism we are going to lose this war. You cannot go into a war saying you are a Christian nation and at the same time deny all Christian principles.

"In Christianity you find the answer to every single one of the problems in the world today. Unless we recapture what our forefathers had I don't think there is any hope for the world we live in today."

Mr. Noyes spoke before Pierrepont Moffat, United States Minister to Canada, presented medals awarded to winners of the Governor-General's 1941 literary contest.

Anne Marriott of Victoria, B.C., won the award for her book of poetry "Calling Adventures" and Emilie Iarr, also of Victoria, won an award for her book "Klee Wyck," a series of prose sketches of British Columbia Indians. Allan Sullivan of Toronto won the award for fiction with his book "Three Came to Ville Marie."

In a brief address, Mr. Moffat said that "never before has the printed word meant so much as today...The enemy is fighting us with words and ideas and consequently our victory depends not only on our feats on the battlefield, but also on our feats in the realm of thought."

Abbe G. Maheux, archivist at Laval University in Quebec City, told the delegates in an address that authors can contribute to the war effort and "our first contribution consists in abating the quarrels which arise between our fellow contrymen."

"We Canadians have had and still have too many quarrels between ourselves. Time for quarreling is over, it should be finished. Our quarrels are like weeds that come from the ground with the wheat and with the oats, spoiling the crop. Our duty is to uproot them."

Stray Bullets Strike Delegate's Car

MONCTON, Sept. 11 —(CP) — Bullets which entered the car carrying Msgr. Ildebrando Antoniutti, apostolic delegate to Canada and Newfoundland, on the eve of his departure from Ottawa for Moncton, were stray shots from the gun of a hunter shooting near the highway on which the apostolic delegate's car was traveling, according to information obtained here tonight.

A special despatch from Ottawa to Le Devoir, a French language newspaper published in Montreal, stated the apostolic delegate "was the object of an attempt on his life" on the eve of his departure from Ottawa.

Two bullets entered the windshield of the car and one narrowly missed striking the delegate members of the party which welcomed him on his arrival here were told.

Ottawa Has Some Knotty Problems

OTTAWA, Sept. 13—(CP)—Several knotty problems confront government officials here this week including the demand for further regulation of the liquor traffic, the organization of a new public information set-up and the question of salaries for the ranking officials of the Canadian Broadcasting Corporation.

News from the Canadian Navy also may bulk large in the next few weeks. Last Friday, speaking in Hamilton, Ont., Navy Minister Macdonald forecast news of successes by the Canadian Navy but a few hours later navy headquarters here warned against false optimism. The navy's statement was prompted by statements from London and Washington of the drop in shipping losses in July and August.

The battle of the Atlantic was not over, the navy's statement said. To the contrary it was still being waged as relentlessly as ever.

Today a special German communique claimed sinkings in the St. Lawrence River. Naval headquarters here declined to comment on the claim further than to say "the Canadian Navy will follow its usual warrants. In the meantime the Germans are fishing for information.

On the civilian side the wartime information board headed by Charles Vining will be struggling with the task of building up an organization to provide news of Canada's war effort for the people at home and for the United States. The task has been made more difficult by the resignations of G. Herbert Lash, director of public information, and his assistants, Claude Melancon and Walter Herbert.

A delegation of commissioners from the United Church general council now meeting in Belleville, Ont., came to Ottawa Saturday and asked the Government what it was going to do about restricting consumption of alcoholic beverages. The delegation met Prime Minister King, Resources Minister Crerar and War Services Minister Thorson.

The visitors presented to the cabinet ministers a resolution passed by the council asking limitation of materials used by breweries and distilleries, rationing consumption of alcoholic beverages, banning of liquor advertising and a Dominion-Provincial campaign of temperance education.

Since the delegation had undertaken to report back first to the council, Rev. John Coburn of Toronto, spokesman for the delegates, declined to comment on the talk they had with the Government members. A report will be made in Belleville tomorrow. However, the Prime Minister already had expressed his sympathy with efforts to cut down on liquor and beer consumption.

Munitions Minister Howe has handed over to the Justice Department a report which his investigators made to him about allegations of padding of costs by a firm engaged in filling war contracts. Questioned regarding a report published in Montreal of alleged exorbitant costs put in by a Montreal plant, Mr. Howe's office said the report of the investigation had been received but it had been decided to turn it over to the Justice Department without comment. The Justice Department also withheld comment.

The government is not satisfied with the salary schedule the governors of the Canadian Broadcasting Corporation submitted to it in connection with the appointment of Dr. J. S. Thompson, Saskatoon as general manager. The governors proposed Dr. Thomson would get $15,000 a year. War Services Minister Thorson said Saturday Dr. A. Frigon as assistant general manager was to get $14,000 and Maj. Gladstone Murray as director of broadcasting $14,000. The minister made it clear there was no complaint about the appointments, a fact was told for the construction The recommendation was referred of another corvette.

Canadian Soldier Pulls Tall Story

COLUMBUS, O., Sept. 13—(AP)—A Canadian soldier who took this Ohio capital for a hero-worship ride awaited a ride himself tonight—back to the outfit which missed him.

It all started about two weeks ago when George Fochuk, 18, of Niagara Falls, N. Y., told Columbusites he was "on a 20-day furlough tour of the States" after fighting with Canadian forces in Libya.

(No Canadian troops are in Libya.)

Attired in "battle dress" shorts, he was a conspicuous figure in a city where masculine knees are a rarity. His accounts of desert fighting found ready audiences. He had been wounded twice and was rarin' to get back to the smell of gunpowder, he related.

Radio stations and newspapers featured Fochuk in their columns and over the air, city officials feted him and he helped boost war bond sales on a theatre program.

Then patrolman Carl Offenbacker took Fochuk into custody and disclosed the youth was listed by the Canadian Government as absent without leave.

8 Merchantmen Reported Sunk

By the Canadian Press

The battle of the Atlantic, apparently entering a new phase with Saturday's Axis submarine attack upon vessels moored in Carlisle bay, Barbados, claimed eight more allied merchantmen in official announcements last week.

No mention was made of damage in a statement issued by the information officer on the island. It was said there were no casualties.

Meanwhile, although reports from an east coast Canadian air base last week indicated that more enemy submarines had been destroyed by bombers off Canada's east coast during summer operations than allied surface craft sunk there by U-boats, Royal Canada Naval headquarters had a word of warning for "false optimism" in connection with the submarine menace.

Admitting that shipping losses in the war at sea had lessened during the summer months, the Canadian officials declared that the battle of the Atlantic was "of far greater scope than ever before experienced."

Attacks on allied merchantmen announced since Sept. 6 included two United States vessels, two British, on Mexican, one Polish, one Norwegian and one Dutch.
