BLOODSHED IN GERMAN CAMPAIGN

Six Persons Killed and 25 Severely Wounded in Riots

POLICE BROKE UP COMMUNIST MEETING

Thousands of Persons Were Present in Hall When Police Lieut. Gave Order to Fire

BERLIN, Mar. 16.—First bloodshed in the campaign to select a successor to the late President Ebert has occurred. Reports today from Halle said six were killed and 25 severely wounded in riots when police attempted to break up a meeting of Communists. Extraordinary precautions to prevent violence in the political campaign here were taken throughout the realm. Police telephone messages today said the tumult started when the police forbade translation of a speech of an English Communist. Crowds in the gallery shouted insults at the police and shots were fired. The police answered the fire, the message said, adding.

Five Communists Dead

"Our reports indicated that five Communists were dead, including one woman, six severely wounded and eighteen suffering from minor injuries." The controversy started with an argument over whether all candidates should be granted use of the government radio monopoly for campaign purposes.

Centre of Red Propaganda

About 8,000 people were in the hall when the meeting started and police were on the alert for an outbreak remembering that Halle was a centre for Red propaganda during the uprising of 1921. According to the Rote Fahne, a Communist paper, Ernst Thälmer, the Communist candidate for the presidency, was scheduled to speak at a big folks park hall which became so over filled that parallel meetings had to be held. English and French Communists had addressed the gathering and a German interpreter was about to translate their remarks when a police lieutenant jumped on the platform and said something which the crowd failed to understand. The chairman asked the officer to repeat his remarks so he could inform the audience. Then, the Rote Fahne claims, the lieutenant without warning ordered the police to fire on the assembly.

Ramsay MacDonald Scores Chamberlain

(Canadian Press)
LONDON, March 16.—Addressing a Labor meeting in London last night, Ramsay MacDonald strongly criticized Austen Chamberlain's Geneva Policy and said the Tory Party had rejected the Protocol simply because the Labor Party had created it. Mr. MacDonald said that proposals of military security in the form of pacts were just the old world raising its evil hand again. He predicted that not a single self-governing Dominion would put its name to any pact that Mr. Chamberlain prepares as substitute for the rejected Protocol.

The charges of Mr. Preston were made February 9 before the House of Commons Ottawa.

Eng. Perfecting Control of Planes By Wireless

LONDON, Mar. 16.—Certain residents of the south coast of England were much astonished recently when an air force flying machine fell into the ocean and the authorities showed no undue anxiety about the fate of the pilot who, it was assumed, was aboard. After a while the air force men calmly put out in a skiff and towed the fallen plane to shore. The secret then leaked out that the machine had been without a pilot and that the accident was brought about by the plane passing beyond the radius of the wireless controlling force.

Looks Like More Trouble

(Canadian Press)
PARIS, March 16.—Strasbourg, Colmar and the entire Alsace district will be the scene of the first open conflict between the church and state in a strike which had been steadily becoming more and more acute in recent weeks. Monsignor Rich, Bishop of Strasbourg has issued a proclamation declaring school children to refrain from attending school on Monday in Strasbourg and Colmar. SIXTH ANNUAL MEETING OF THE Y. W. C. A.

Interesting Reports of Year's Work.—Institution to Have New Library.—Appeal Sounded For More Members.

The sixth annual meeting of the Young Women's Christian Association of Charlottetown was held yesterday afternoon in the Cundall Home, with the President Mrs. (Dix) H. D. Johnson, in the chair. The meeting was opened with scriptural reading and prayer by Rev. R. C. Eaton. The President's address reviewed the activities of the year and sounded an appeal for increased membership. It expressed appreciation of the services being rendered by Miss McCallum, General Secretary of the institution. The financial statement showed the total expenditure to be \$5814.21 and the total receipts \$6580.06 leaving a balance on hand of \$765.85. The Association's report read by Mrs. F. E. Smallwood, commended the work of the House Committee which has made extensive renovations and furniture additions during the year. It announced that the directors had provided \$700 with which to begin a House Library. The report of the General Secretary was as follows:

General Secretary's Report

Although there are few outstanding features to show the growth of our Association during the past year, yet the constant trend is one of development and meeting a daily need. At the final examinations of the Prince of Wales College last May, eight out of eleven of our students passed successfully. Two returned to us this year, one to take up her second term, and the other to finish her third year. The remaining six are teaching in schools throughout the island. Our Board of Directors offered a prize of five dollars to the girl standing highest in her respective year. Miss Jean MacLaren of New Pech carried off the reward in the second year class and Miss Amy Howatt of Tryon in the first. The prizes were presented by our president, Mrs. H. D. Johnson, at an afternoon Tea given for the students and their friends. Each of the girls graduating were presented with a bouquet of flowers. Early in the Summer applications were received from students who were entering the Autumn college term, and by September 1st, all our accommodation was filled. On account of the outbreak of Infantile Paralysis the college did not open until September 15th, and to Christmas holidays we had nineteen Prince of Wales girls, two Business College girls, and one from Public School. We are more than pleased to record that our first year students (14) passed the Christmas term examinations, also one for second, and one from third year. The subjects were hard, but success proved to the girls the value of being loyal to their study hours and keeping up in their work daily. Unfortunately there has been

The Master of the Maples

The Vernon River Dramatic Club played to two well-filled houses on two nights last week at the Consolidated School. "The Master of the Maples" was the drama that gave the nine representing the club on these occasions an excellent chance to display their several histrionic abilities. The Master of the Maples was played excellently by Andrew McDonald. The parts of Mr. and Mrs. Moore were played faultlessly by Joseph McDonald and Miss May Jackson, while that of the second year class and Miss Prudence Drake in her character of village gossip and by Patrick McTague as Old Mose, an old-fashioned before the war nigger. Young Raymond Hynes was very effective as Jerry, the young unruly boy of the play while the most pathetic and difficult part assigned to Mrs. Elsie Drake, was remarkably well executed throughout. The whole rendition reflected much credit on the Vernon River Club and elicited admiration from the people of Lot 48, some of whom attended on both nights. It is hoped that such an effective drama will be presented in other places and that another visit to the Consolidated School will be made in June next, when "Fisherman's Luck" another of the Vernon River repertoire, will be seen.

Next Thing To Withdrawing From League of Nations

(Canadian Press)
NEW YORK, March 16.—The Wall Street Journal declares editorially today that the British Empire's rejection of the Protocol of the League of Nations is the next thing to withdrawing from the League itself. The Empire's action indicates that the English speaking races have no intention of effecting any dangerous alliance and continues "bonds which unite the British Commonwealths to Great Britain are supposedly tenuous, but they held like bands of steel during the great war. They have disposed of the Protocol with promptness calculated to make its authors gasp. There is no International League which compels the adherence of Great Britain to the Monroe Doctrine. Nevertheless there is no question in the minds of European statesmen as to where Great Britain stands on that point."
