

Good, Homemade Bread—Made of
"Beaver Flour"

Light, flaky biscuits made of "Beaver" Flour—these are real foods for growing children. "Beaver" Flour is a blended flour. That is, it is made of exact proportions of nutritious, delicately flavored Ontario wheat and a little of the stronger Western wheat.

"Beaver" Flour is both a bread flour and a pastry flour—and makes the real nutty flavored home-made bread and delicious pastry such as cannot be made with any purely Western wheat flour.

CANADA'S WAR FUND ARRANGED

OTTAWA, October 17.—The minister of finance announced yesterday the completion of financial arrangements to meet the war expenditure of the Dominion for the present fiscal year. The funds will in the first instance be obtained from the Bank of England which will make advances to the Canadian government from time to time as required for naval and military purposes. At a later date when market conditions permit, a Canadian permanent funding loan will be issued and all temporary indebtedness liquidated.

The Canadian permanent loan will be made at such time as will not conflict with any issue or issues of the Imperial government. This can be made the subject of an understanding between the chancellor of the exchequer and the Canadian minister of finance.

The war appropriation act of August last covered a vote of fifty million dollars. It is probable that the organization equipment, transportation and maintenance of Canada's contingents will necessitate during the year a much larger expenditure

which the government is now in a position to meet. The negotiations between the minister of finance and the Bank of England have been carried out through Hon. George H. Perley as the representative of the government in London.

The minister of finance said today that for purposes other than war expenditure the London market still remains closed to permanent issues.

The minister further said that the competition of the financing all the war expenditure for the present fiscal year was not only most gratifying in itself but was having a direct bearing upon the important question of exchange between Canada and Great Britain. If Canada were obliged to raise by domestic issue any part of our war expenditure the funds now available through our banks for the credit needs of Canada would to that extent be diminished to the serious detriment of the entire community. The cash condition of the Dominion treasury continues strong, large credit balances being maintained both in Canada and in London.

FOX DIVIDENDS PAID

The following is a list of companies which have paid dividends on account. Most of these companies expect to pay additional dividend later.

Cash dividends declared and already paid as posted in the office of the Canada Fox Exchange.	p. c.

Royal Silver Black Fox Co.	50 per cent. cash and more later.

MRS. LYON'S ACHES AND PAINS

Have All Gone Since Taking Lydia E. Pinkham's Vegetable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

How To Stop Stomach Torment

Sound Advice from a Well-Known Physician.

Men and women who suffer from what they call Dyspepsia, Indigestion or just plain "stomach trouble" usually seek regular relief in the form of some peptic pill or tablet, or other artificial digestant. This, experience teaches me, is a serious error. In nine cases out of ten, the distress is caused by the development of acids in the stomach—formed by the fermenting of the food. Instead of a digestant being required, something should be taken to dissolve or neutralize this acidity, when normal digestion will follow as a matter of course. This acid matter is distinctly poisonous, and unless it is dissolved, digestion merely carries the mass of fermenting food from the stomach to the intestines, where its poison is absorbed by the blood and carried all over the body.

If all the great army of people who suffer after nearly every meal would make it a point to take a teaspoonful of Bisurated Magnesia in a quarter glass of water after each meal, there would be no formation of acidity and consequently no distress or discomfort. Sour, acid, gassy stomach, heartburn, belching, bloating, etc., would then be a thing of the past. "Bisurated Magnesia" is a physician's prescription. It is inexpensive and can be obtained at any drug store. It is prepared for just such trouble and the best proof of its efficiency is that it will stop the sharpest, biting stomach distress in five minutes from the time it enters the stomach, simply by dissolving the acids that have been formed there. Its action is absolute harmless.

How to Destroy The Dandruff Germ BY A SPECIALIST.

That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, is a well-known fact, but when we realize that it is also indirectly responsible for many of the worst cases of catarrh and consumption, we appreciate the importance of any agent that will destroy its power. We are, therefore, particularly pleased to give herewith the prescription which an eminent scientist states he has found, after repeated tests, to completely destroy the dandruff germ in from one to three applications. It will also almost immediately stop falling hair and it has in numerous cases produced a new hair-growth after years of baldness. This prescription can be made at home, or any druggist will put it up for you: 6 ounces Bay Rum, 2 ounces Lavona de Composee, one-half drachm Menthol Crystals. Mix thoroughly, and after standing half an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger-tips. If you wish it perfumed, add 1 drachm of your favorite perfume. While this preparation is not a dye it is unequalled for restoring gray hair to its original color.

Just received a nice assortment of New Silver-ware suitable for wedding presents. Quality & prices right.
