NEW TEACHER.—Miss Pond School, which has been vacant since the beginning of the school year has at length secured a teacher in the person of Miss Ignatius Gava of Woodville. SOLDIERS WELCOME.—On Friday evening January 31st, a number of the residents of Clinton assembled at the home of James Graham to welcome home their soldier boy "Jimmie." Jimmie enlisted in the service of his country, March 2nd, 1916, in September, 1917, he was gassed and recovering from the effects of these poisonous fumes, he again returned to the front where, on August 9th, 1918, he was wounded by a piece of shrapnel in the knee, which leaves him a little lame. Mr. Graham is among the fortunate who are able to return to their homes "after the war is over," and his many friends are rejoiced to see him back to his island home once more. Mr. Ernest Pickering made a short speech, after which an address was read by Mr. Emerson Woodside, and Mr. Willfred Pickering presented the returned hero with a signet ring. Mr. Graham then responded in a fitting manner and thanked the people for the warm reception he had received. After singing the National Anthem, the boys bounced and cheered Jimmie, and all returned to their respective homes.

GERMAN SOUVENIR.—Mrs. John W. Fraser, White Road recently received the following slip of paper which was picked up in "No Man's Land" by her nephew, Corporal Earl Campbell of the American Army in France on October 7, 1918. This bit of propaganda, dropped by a Hun aviator, shows the efforts put forth by the Hun to influence British and American soldiers and is but an instance of their mistaken conceptions of British and American principles. This slip is about 8 inches long and 4 inches wide of course brown paper printed in black type and reads as follows: Are you a brave man or a coward? It takes a brave man to stand up for his principles. Cowards stand behind their leaders and die, imagining that by so doing they become heroes. The motive of an act is its measure. If you think the war is hell, and that you as a citizen of the United States of America have no business to be fighting in France for England, you are a coward to stay with it; if you had the courage to face criticism you would get up and over the top in no time to a place where there is some likelihood that you see home again. What business is this war in Europe to you anyhow? You don't want to annex anything, do you? You don't want to give up your life for the abstract thing "humanity." If you believe in humanity and that life is precious save your life and dedicate it to the service of your own country, and the woman who deserves it of you. Lots of you fellows are staying with it because you are too cowardly to assert your wills. You are the best judges of what is best for you to do. Don't ask anyone's opinion as to what you had better do! You know best what is the right thing to do. Do it and save your life! Germany never

did any harm to you. All the newspaper tales of wrong were printed to influence you to the fighting pitch, they were lies, you know you can't believe what you read in the papers. If you stay with the outfit ten chances to one all you will get out of it will be a tombstone in France. It is needless to pass further comment on this. Its weak arguments abundantly testify to the sincerity and justifiability of German ideas and to their mistaken conception of others. In the letter which accompanied this slip, Corporal Campbell gives an interesting and graphic description of when the runs suddenly ceased their dreadful booming on the morning of Nov. 11th.—G

A meeting of the Charlottetown Industrial Promotion Committee was held last evening. The Publicity Committee submitted a report which was approved. Mr. J. O. Hyndman stated that he heard many encouraging words in regard to the proposed plans of the Committee and had met several who stated their willingness to invest capital in new industries. The housing question was brought up by Mr. J. O. Hyndman, who read a copy of the memoranda of the Dominion Government, handed to him by the Premier and which is being submitted to the Provincial Governments in regard to this matter. The Government proposal is to provide loans for 20 or 30 years at 5 p. c., for building houses. It was pointed out that Charlottetown should take action in regard to the advantages laid down in this scheme and a committee was appointed to confer with the Premier in reference to the matter. This committee is composed as follows:—R. E. Mutch, representing Board of Trade; G. S. Luman, the Rotary Club; H. W. Lowther, the G. W. V. A.; S. A. Charlottetown triumphed for the second night in succession last evening when they meet the Moncton hockey team. The score was 13 to 5. The Moncton team was strengthened by the addition of Ingraham a former Victoria player who arrived by last night's train.

Charlottetown won by superior speed and combination. The score at the close of the first period was 3-3 indicating that the play up to that time was even and exciting.

At the close of the second period Charlottetown had shown superiority in combination and general stick-handling making the tally 8 to 3.

At the wind-up Charlottetown had rolled up 13 goals to the visitors 5. Lane and Kelly were the bright and particular stars for the home team, their runs being wonderfully fast and spectacular.

McEachern played his usual steady game and showered in a large proportion of the goals.

Hutchison was always with the puck and did great work in breaking up the visitors combination.

Ingraham, Carroll, and Buote starred for Moncton the first named putting in three out of the five goals scored.

There was a tendency on the part of the visiting team to "rough" matters somewhat towards the finish and one of their players was penalized.

There was a good attendance, good ice and a good hour's skating afterwards.

Your Sick Child Is Constipated! Look at Tongue

Hurry, Mother! Remove poisons from little stomach, liver and bowels. Give "California Syrup of Figs if cross, bilious or feverish"

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half sick, isn't resting, eating and acting naturally—look, Mother! soe if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a tea spoonful of "California Syrup of Figs," and in a few hours all constipated poison, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative" because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

FOOD WILL PREVENT DISEASE

Food is always a better preventive of disease than serums, toxins or other drugs—but be sure the food is pure, clean, nourishing and easily digested.

Shredded Wheat

is the most thoroughly cooked cereal in the world. It is the whole wheat boiled in steam, drawn into filmy, porous shreds and then baked crisp and brown in coal ovens. Epidemics of disease may be traced to under-nourishment. Keep yourself fit by eating foods that fortify you against disease. Serve Shredded Wheat with hot milk or cream and fruits.
