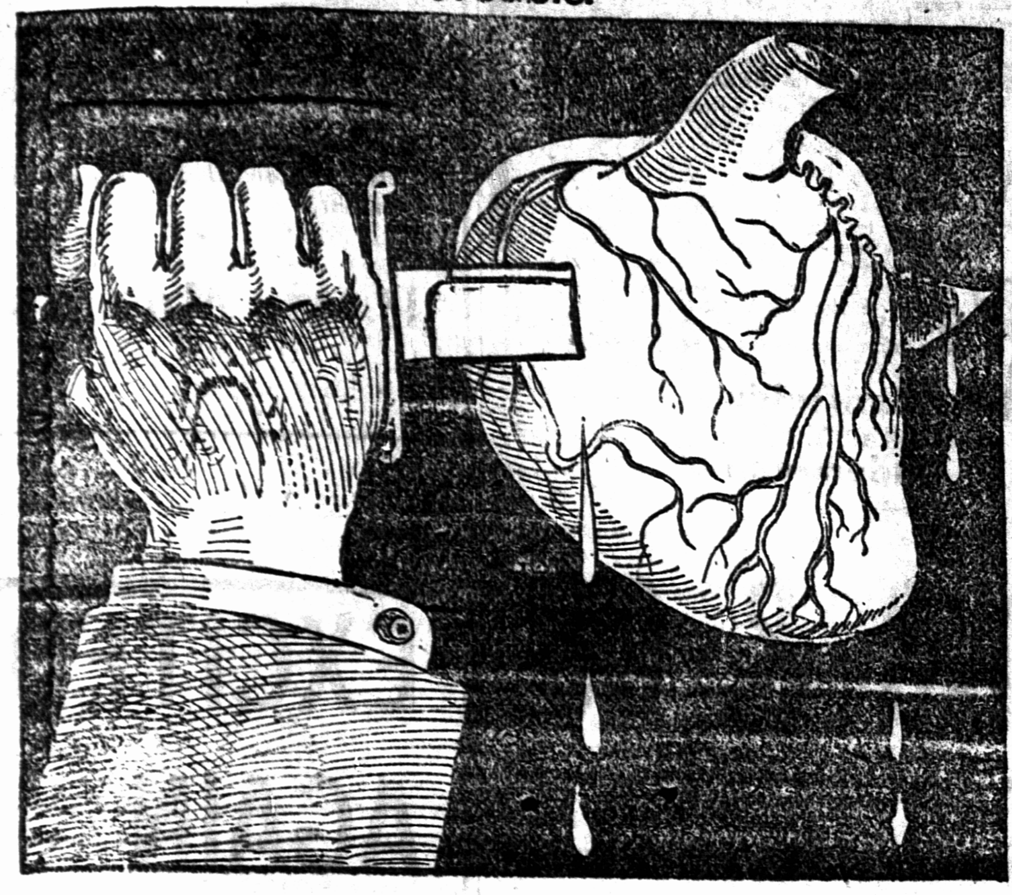
Heart Disease

Some Facts Regarding the Rapid Increase of Heart Trouble.



Heart trouble, at least among the Americans, is certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real organic disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controled by the same great nerves, the Sympathetic and Pneumogastic.

In another way, also the heart is affected by the form of poor digestion, which causes gas and fermentation from half digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfearing with their action; hence arising palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contains valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Mrs. Lydia Bartram of Assyria, Mich., writes: "I have suffered from stomach trouble for ten years and five different doctors gave me only temporary relief. A Mr. E. R. Page advised me to try Stuart's Dyspepsia Tablets and four boxes did me more permanent benefit than all the doctors' medicines that I have ever taken.

Mrs. G. H. Crosley, 538 Washington St., Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I have had the best of luck with them. My three-year-old girl takes them as readily as candy. I have only to say "tablets' and she drops everything else and runs for them,"

Miss Lella Dively, 4,527 Plummer St., Pittsburg, Pa., writes: "I wish every one to know how grateful I am for Stuart's Dyspepsia Tablets, I suffered for a long time and did not know what ailed me. I lost flesh right along until one day I noticed an advertisement of these tablets and immediately bought a 50 cent box at the drug store. I am only on the second box and am gaining in flesh and color. I have at last found something that has reached my ailment."

Phil Brooks, Detroit, Mich', says: "Your dyspepsia cure has worked wonders in my ease. I suffered for years from dyspepsia but am now entirely cured and enjoy life as I never heve before. I gladly recommend them.,'

Full sized package of these tablets sold by dorggists at 50 cents. Little book on stomach troubles mailed free. Address, F. A. Sturrt Co., Marshall, Mich.

ORONHYATEKHA HONORED

He Is Greeted in Australia by Enthusiastic Thousands.

A correspondent at Sydney, N. S. W writing says;

The Supreme Chief Ranger of the I. O. F. Dr. Oronhyatekha, is leaving for Canada on the "Aorangi." His visit there has been a most remarkably successful and pleasing one. Indeed, it has been a series of great ovations ever since he landed.

Forestrically speaking, he has done much work. Four new High Courts of the Order have been instituted by him, as well as an Encampment of Royal Foresters. He has also held conferences of the business managers and High Court officers at two points, and presided over the deliberations of two High Courts his presence arousing great enthusiasm at these gatherings.

The Supreme Chief Ranger, upon this steamer touching at Thursday Island, was met on board and greeted by the the resident governor, Sir John Douglas. At Townsville, the next point of landing, he was met by Hon. R. Lee-Bryce and a number of brethren. He then started for Brisbane, where a number of leading Foresters and public men attending at the wharf and tendered him a reception. In this city itself, he was presented with an official greeting by the Mayor in a beautifully worded address of welcome. The Forestric greeting was attended by thousands of people, and the Supreme Chief Ranger was received with great applause. A little later the Chief instituted a Companion High Court for Queensland. At Sydney a magnificent conversazione was given in his honor. Mr. J. S. Larke, Canadian representative, presided, and the Rt. Hon. George H Reid, P. C, joined with other public men in the welcome. The event was a most successful one.

He was also royally welcomed by the people of Paramatta, one of the chief outlying suburbs of Sydney.—At Melbourne the Chief met the High Court and presided for two days over its meeting. A tremendous public function followed, at which about three thousand people were present. Many hundreds were turned away from the door. At this meeting an official welcome was extended to the S. C. R. by the High Court of Victoria, and an address presented. The High Court of West Australia was also represented in the person of the Rev. Dr. Rowe of Kalgoorlie, who presented an address and handed the Supreme Chief Ranger a beautiful souvenir of his visit in the shape of a decoration badge properly inscribed and having dropped from it a "swan" the whole being in gold.

MARCONI PLEASED WITH CAPE BRETON.

NORTH SYDNEY, Dec. 26—Signor Marconi arrived today from Point aux Basque and was met by Premier Murray, of the local government; W. Smith, representing the dominion government; Mayor Mackenzie and J. N. Armstrong. At a conference, the question of securing sites in Cape Breton for experimental work was discussed.

Signor Marconi said that the selection of the site here would be for the erection of a premanent station for the receiving and transmission of messages across the Atlantic.

Signor Marconi, accompained by Premier Murray, Hon. John Armstrong, Mayor McKenzie, Alex. Johnston, M. P., and Wm. Smith, of the postal department, left at noon for Sydney. Arrived there the party left by train for Table Head, a short distance from Dominion, No 2.

At this point Marconi made his observations, during the progress of which he remarked: "This is a capital point for my ration and I see no reason why my operations should not be conducted from here.

He was informed that there were in all probability just as good locations for his station at other points in Cape Breton, so he decided to see them all before he left for Ottawa, but when he had finished viewing the site at Table Head it was quite dark so he decided to return to Sydney and resume his examination tomorrow.

Marconi declared that he was very faborably impressed with what he had seen, and that it was altogether likely that he would commence operations from some point in Cape Breton within a short time. He intimated that he had about abandoned operations in Newfoundland owing to the interference of the cable company, but he felt that he should give a British colony preference over a foreign country and as a consequence was ready to establish his station in Canada. It would cost $80,000 to establish such a station.

He is making arrangements to have such a station established at Cape Cod and with another at some point in Cape Breton he hopes to control telegraphic service between America and Europe. A point near Scattarie and another point at the northern head of Cow Bay have been described to him and he appears to be favorably impressed with these locations. He will visit both.

Before deciding, however, he will return to England and strengthen his force at Cornwall so as to ensure success when he commences operations here. Marconi, being asked if it were true that Canadian capitalists were interested in his venture, replied that he was under engagement to meet several capitalists at Montreal who had taken an interest in his experiments, but he intimated that he had all the money required to carry out his plans and that the only thing that remained for him to do was to decide on a suitable location.

On Saturday Marconi and his assistant, Mr. Kemp will leave for Ottawa.

ACTION AGAINST MARCONI UNAUTHORIZED.

LONDON, Dec. 24.—Mr Bevan, chairman of the Anglo-American Telegraph Company, writes to the Times stating that the first letter addressed to Marconi was framed in Newfoundland and was sent without the knowledge or sanction of himself or any of the directors of the company. The latter strongly disapprove of the course of action thus originated, but ascribe it to zeal which is usually satisfactorily applied.

COAL FIELDS IN FRANCE.

So valuable is coal in the Punchamp coal fields of France that it pays to mine coal at a depth of 3313 feet. A steel cable weighing 7 tons and nearly a mile long is used. The coal is brought up in trains of six cars.

CATARRH IS A GERM DISEASE. Science, armed with the miscroscope, has established it a fact, and this conclusion renders obsolute the practice of treating Asthma, Catarrh and Bronchitis by stomach drugging, sprays, snuffs, &c. Such treatments are an utter failure because they cannot penetrate the delicate air cells of the lungs, or permeate the air passages of the nose and bronchical tubes where the germs of catarrh have their stronghold. Catarrhozone is the only certain remedy. It is inhaled by the mouth and after spreading through all the respiratory organs is exhaled through the nostrils. Catarrhozone kills the germs heals the inflamed tissues, clears the head and throat in two minutes, and cures in a few hours. Nothing is so effective, pleasant and simple as Catarrhozone. Two months' treatment $1.00. Small size, 25c. Druggists or N. C. Polson & Co., Kingston Ont.

NAVIGATION BY NIGHT.

More than 90 per cent of the vessels using the Sutez Canal navigate by night

THE CAUSE OF NERVOUS HEAD ACHE.

This most distressing and common malady doubtless has its origin in some unbalanced condition of the nervous system. Probably the simplest, safest and most efficient remedy is Polson's Nerviline. Twenty drops in sweetned water gives immediate relief, and this treatment should be supplimented by bathing the region pain with Nerviline. To say it acts quickly fails to express the result. Sold everywhere in large 25 cent bottles.

TUBES OF A LINERS BOILER.

The boiler tubes of a liner, if placed in a straight line, would reach nearly 10 miles, and the condenser tubes more than 25 miles. The total number of separate pieces of steel in the main structure of the ship is not less than 40,009.

CORN LIGHTNING.

That's Putnam's Corn Extractor. Gives corns tired feeling in about twenty-four hours. They consequently get out as they cannot keep up the pain any longer—makes them weary—it's Putnam's Painless Corn Extractor that does this. Now don't forget. All druggists.

THE U. S. OATMEAL EXPORT.

Nearly 4,000,000 pounds of oatmeal was exported from this country during the month of September.

Coughs, colds, hoarseness, and other throat ailments are quickly relieved by Vapo-Cresolene tablets, ten cents per box. All druggists.

MARRIED.

At Brooklyn, Alberton, on December 24th, by Rev. H. G. Grantz, assisted by Rev. A. D. McDonald, Hugh J. Larkin of Tignish, to Georgina L. Hodgson of Brooklyn.

DIED.

In this city, on Saturday, Dec. 28th, Mary Cass, aged 45 years.

(Funeral to-day to Covehead,)

At St. Peter's Road, on Saturday, Dec. 28th, Lucinda A. Smith, aged 17 years, daughter of Thomas Smith.

At his home Bangor, Kings Co., on the th, inst. Donald McKinnon aged 70 years. He leaves a sorrowing widow, one son and nine daughters to mourn the loss of a kind and devoted husband and father.

The death took place on Saturday morning, of Harold Leo, the infant son of Albert E. and Margaret Jane Cannon, Charlottetown. Death was due to meningitis.

This lovely bud so young and fair,
Called hence by early doom,
Just came to show how fair a flower
In Paradise, might bloom.

COULD SCARCELY WALK.

THIS MAN WAS IN A VERY BAD WAY, BUT AT LAST FOUND A PERFECT CURE.

ARNPRIOR, ONT., Dec. 30 (Special).—This most significant statement is being published by Mr. J. H. Martin of this place:—

"For eighteen years I have suffered with a severe baskache which was so bad that I could scarcely walk or lie down at times. I tried many medicines but got no better till I used Dodd's Kidney Pills. As soon as I began his treatment I commenced to improve very rapidly, and now I can do my work without any trouble. They are the greatest medicine I have ever used and I would not be without them I most heartily recommend Dodd's Kidney Pills for Backache."

Those who know Mr. Martin know that he means every word he says, and his plain statement must carry great weight. Dodd's Kidney Pills are very popular in Arnprior.

AUSTRALIAS CROP AVERAGE,

Western Australia has only a small acreage under crops and grass. In 1898-99 the total of cereals crops—wheat barley, oats and maize—was 951,423 bushels.

MESSRS. C. C. RICHARDS & Co.

Gentlemen,—My three children were dangerously low with diphtheria. On the advice of our priest my wife began the use of MINARD'S LINIMENT. In two hours they were greatly relieved, and in five days they were completely well, and I firmly believe your valuable Liniment saved the lives of my children,

Gratefully yours,
ADELBERT LEFEBVRE.
Mair's Mills, June 10th, 1899.

SAVAGES ALL SPEAK PLAINLY.

It is a remarkable fact that few savages have ever been known to stammer.

Bicyclists and all athletes depend on BENTLEY'S Liniment to keep their joints limber and muscles in trim.

Oil Tanned Mocasins—Men's $1.38, Boys' $1.15 and small Boys' 95c at Goff Bros. li

It may be that you are looking for a suitable New Year's gifts for a friend. We can show you some good values in Watches, Rings, &c.—G. H. Taylor, Sunnyside. 30 2i

Shoes.—We have a shoe built expressly for the wide footed persons. We do this because there are lots of people with broad feet. We do the same for the narrow long footed people. By studying the needs of the trade we hold it. If you order our shoes first you will always order them. They feel so good and wear so long.—Conroy the Shoe Man, Pownal Street. li
