

ON LIFE INSURANCE DAY

(WEDNESDAY, JANUARY 22nd.)

OUR THOUGHTS SHOULD NATURALLY TURN TO PROTECTION OF OUR LOVED ONES—WE SHOULD ASK OURSELVES SUCH QUESTIONS AS:

- (1) What will be my wife's Net Income after I am gone?
- (2) What provision am I making for my children's education and future?
- (3) After doing my best to take care of wife and children will there be anything left for my own old age should I live on?
- (4) How can I best arrange to cover and provide for the above?

The new minimum cost policies, pension policies and children's saving and educational policies will help you with your obligations to self and family. Write us for particulars, or consult the nearest Great-West Life agent.

ROADS THAT WERE LAID BY THE PROCESS

in 1914 show hardly any signs of wear to-day, Mr. White claims. The material has been used extensively in England, India, Africa and Australia.

Africa is to have air taxis. Poland has a housing shortage. Berlin now has the tango craze.

WHY DELAY?

Experience shows us that a great many investments are purchased after a rise in prices has been under way for some time and the benefit of very low prices is largely gone. During the last few weeks sound income bearing securities have made substantial advances in price. Indications point to still higher prices. Investors who wait will lose both income and an opportunity that is apparent to everyone.

Again we say, "Buy Bonds Now."
