The fifth anniversary of the inauguration of Wheatley Division was held on Friday evening, June 17th. Although the weather was disagreeable, a goodly number of the fair sex, and gallant youth, assembled to listen to a program which merits credit to the participants, and has seldom been excelled in any rural part of the Island. It would indeed be hard to particularize as the parts were all excellently taken, but special mention may be made of the recitations by the Misses May Andrews and Pearl Mutch, violin selections by R. Stevenson, solos by the Misses Penny and Bessie Stevenson's and duets by T. B. DeRoche and Miss Sadie Craswell. The last number being a love scene, in which the melodious voices of both blended harmoniously together, and coupled with superlative acting, held the audience spell-bound, and if applause is any indication of feeling, their return will be gladly welcomed to Wheatley River. During the intermission an excellent address was made by the respected octogenarian John Carow, who spoke eloquently in the cause of temperance, placing himself before the audience as a fair specimen of what sobriety and temperance can accomplish, and with a voice resounding to the uttermost parts of the hall advised his hearers to abstain from strong drinks. The last in which all took part was the ice-cream and cake, prepared by the good ladies, and for which they received the unanimous thanks of all.

**Sparkling Diamonds**

In the selection of diamonds, size is only one of the considerations. Purity of color and freedom from flaws are very important elements, as also are shape and style of cutting. The most important feature, we think, is the source you procure them from.

We buy from reliable dealers, from people whose word is as good as their bond.

If you are interested in diamonds we invite you to call in and see some of the choicest gems.
