## HUN PROPOSALS ARE SUBMITTED

REFUSE TO SURRENDER KAISER  
AND ASK IMPOSSIBLE  
CONCESSIONS.

### THEY YIELD FEW POINTS

Willing to Reimburse France and  
Belgium for Damages  
Caused.

(Special to The Guardian.)  
BERLIN, May 28.—The German  
counter proposals to the peace treaty  
as made public here today refuse to  
surrender the Kaiser and demands  
the immediate admission of Germany  
to the League of Nations with a man-  
date over her former colonies.

They further assert that no changes  
in German territorial limits should  
be made without plebiscites in the  
territories affected. Such plebiscites  
are asked especially in Upper Silesia,  
East Prussia, West Prussia,  
Memel and Danzig. The Germans  
agree that Danzig shall be a free  
port, with the River Vistula on which  
Danzig is situated internationalized.  
It is asked that the Entente withdraw  
from occupied territories within four  
months.

The Germans ask the right to re-  
sume overseas trade, to possess a  
merchant marine and that Germany  
be permitted to tax German fortunes  
which have been removed to other  
lands. Willingness to reimburse  
especially France and Belgium for  
damages sustained during the war is  
expressed. It is stated that Germany  
is willing to pay twenty billion  
marks by 1926 and an annual sum  
thereafter but that the total they  
will pay must not exceed one hun-  
dred billion marks, approximately  
twenty billion dollars.

Belgian Frontiers closed. General  
Mobilization next step.

AMSTERDAM, May 28.—A des-  
patch received here from Endhoven  
states that the Belgian frontiers  
have been closed and that all Bel-  
gian soldiers have been recalled from  
leave. It is reported that general  
mobilization will be ordered at the  
expiration of the period given the  
Germans to sign the treaty of peace.

## Preparing Treaties For New States

(Special to The Guardian.)

PARIS, May 28.—Acting on in-  
structions from the Council of Four a  
special committee of experts is draft-  
ing a series of treaties with the new-  
ly created states designed to protect  
minorities and particularly project  
the Jews against discriminations of  
race, language and religion, leading  
to disorders, riots and pogroms. One  
of these treaties with Poland has  
been completed; others with Rou-  
mania, Czechoslovakia, Yugoslavia  
and Ukraine are being prepared.

## Vickers Employees Help Winnipeg Strikers

MONTREAL, May 28.—A crowd of  
2,000 men mostly Vickers' employees  
met last night under the auspices  
of the amalgamated society of engi-  
neers and international association of  
machinists and passed a resolution  
promising financial and moral sup-  
port to the strikers in Winnipeg, Cal-  
gary, Edmonton and Toronto. The  
men were largely supporters of the  
"One Big Union" idea.

## Poles Fear German Attack

(Special to The Guardian.)  
PARIS, May 28.—Fears of a Ger-  
man attack upon Poland were ex-  
pressed today by Ignace Jan Paderewski,  
the Polish Premier, who arrived in  
Paris from Warsaw last night. He  
said the Germans were active in a  
preparatory way, and might strike in  
several places. The reports of the  
Pogroms in Poland were denied by  
the Premier. He declared such re-  
ports were purely German propaga-  
nda. With regard to the Ukrainian  
situation the Premier asserted that  
the recent fighting was brought on by  
the Ukrainians, who signed the armistice  
on May 11, and then attacked the  
Poles at two places on May 12, forcing  
the Polish troops to defend them-  
selves.

## British Empire Fair In London 1921

(Special to The Guardian.)  
LONDON, May 28.—Dominion re-  
presentatives are supporting the pro-  
posal of the British Empire Club for  
a great exhibition in London in 1921,  
of products of the Empire to promote  
imperial trade.

## Italy Still Moving Into Asia Minor

(Special to The Guardian.)  
PARIS, May 28.—Although the  
Peace Conference has reached no  
decision about Turkey, Italy is busi-  
ly appropriating territory in Asia  
Minor in rivalry with the Greeks  
who have been warned by the Turks  
that if they advance beyond Smyrna  
there will be fighting. Italy yester-  
day had occupied Sofia, command-  
ing the port of Skalaniva, which can  
be made a competitor with Smyrna.  
Italy frankly shows that, failing of  
success in her demands in the Ad-  
riatic, she is resolved to confront  
the conference with L'Fait accom-  
plished in Asia Minor.

## HUN PROPOSALS ARE NOW READY

WILL PROBABLY BE PRESENTED  
TODAY. NOTHING TO INDI-  
CATE GERMANY'S COURSE

(Special to The Guardian.)  
VERSAILLES, May 28.—The Ger-  
man counter proposals will probably  
not be submitted to the Supreme  
Council before Thursday although  
they may possibly be ready tomor-  
row afternoon. The Private Sec-  
retary of Count Von Brockdorff Ran-  
tau is leaving here tonight with a  
copy in manuscript form for the  
German Government. Nothing has  
developed as yet to indicate defi-  
nitely what the German commission-  
ers will do in case the Entente ad-  
heres firmly to its original project.

## Possible U. S. Ambassadors

(Special to The Guardian.)  
PARIS, May 28.—The names of  
the Duke of Devonshire and Gen. Jan  
Christian Smuts are among those  
now mentioned as possible appoint-  
ees as British ambassador to Wash-  
ington.

## FROM OVERSEAS

Major John Lightizer of Charlottet-  
town and Flight Lieut. A. S. Robert-  
son, Glenfinnan and Pte. J. McEach-  
ern of New Argyle, arrived in the  
city last night from England after  
serving overseas.

Major McMillan and Lieut. Robert-  
son were accompanied by their wives.

## ONE BIG UNION TO BLAME FOR STRIKE

CALGARY, Alberta, May 28.—  
The charge was made today by the  
Hon. Gideon Robertson, Canadian  
Minister of Labor in a telegram to  
Mayor Marshall of Calgary, that the  
present strike situation in Canada is  
a move by radicals to assume con-  
trol of Government affairs. In his  
telegram sent from Winnipeg Mr.  
Robertson charged the One Big Union  
movement as the underlying  
cause of the whole trouble.

## PETROGRAD NEARING RELIEF

ALLIES HAVE MADE ARRANGE-  
MENTS FOR FEEDING THE  
STARVING POPULATION

### BOLSHEVIK TENURE IS OVER

Capture of Peterhoff by Russian  
Army Was Death Blow to  
Bolshevik Hopes

(Special to The Guardian.)  
LONDON, May 28.—The Allied and  
Associated Powers have made ar-  
rangements to feed Petrograd and  
render assistance to the starving  
population after the expulsion of the  
Bolshevik. Herbert C. Hoover, the  
head of the Allied Relief, has the  
details in hand. It is hoped that relief  
will be in the city within thirty six  
hours after the Bolshevik withdrawal.

Capture of Peterhoff, fifteen miles  
west of Petrograd on the Gulf of  
Finland, by the army of the North-  
ern Russian Government, probably  
assisted by British naval forces, was  
reported to the State Department to-  
day. In Swedish press reports the  
Stockholm Tidningen points out that  
the report presages the fall of Petro-  
grad in the near future.

## Hawker's Airplane Was Picked Up

(Special to The Guardian.)

ST. JOHN'S, Nfld., May 28.—  
The Sopwith biplane in which Harry  
Hawker and Mackenzie Grieve at-  
tempted to fly across the Atlantic was  
picked up in latitude 49.40 north  
longitude, 29.08 west, by the Ameri-  
can ship Lake Charlottesville, ac-  
cording to a radio message received  
by the Furness Liner Sackem and  
relayed here tonight. The message  
from the Lake Charlottesville was  
received first by the Furness Liner  
Elstree Grange. In it Captain Eley-  
erston said he had taken parts of  
the plane and all of the mail it car-  
ried and was proceeding to Fal-  
mouth, England.

## Probable Settlement Of Italian Dispute

(Special to The Guardian.)

PARIS, May 28.—The Council of  
Four of the peace conference is mak-  
ing a determined effort to effect a  
settlement of the Italian question.  
Today Andre Tardieu of the French  
delegation, after consultations with  
the Italian representatives framed a  
formula over night which is under-  
stood to follow generally the lines  
of a compromise. Premier Orlando  
was present at the council meeting  
this afternoon and there was said  
to be a fair chance that an adjust-  
ment would be reached this after-  
noon.

## Nfldland Cabinet Now Completed

(Special to The Guardian.)

S. JOHN'S, Nfld., May 28.—The  
Ministry of Premier Cashin, which  
came into power recently as a result  
of division of the former new Gov-  
ernment Cabinet over the influence  
of the Fishermen's Union was com-  
pleted today by the addition of John  
Currie, formerly opposition leader,  
as Minister without portfolio; Al-  
bert Hickman, previously named as  
minister without portfolio is to be-  
come Minister of Militia, and Wm.  
Walsh is made Minister of Agricul-  
ture without a seat in the Cabinet.

## Lady Powell Compliments Scouts

(Special to The Guardian.)

TORONTO, May 28.—"I shall tell  
the guides in England that the guides  
of Toronto are a jolly good sort,"  
were the parting words of Lady Ba-  
den-Powell, Chief Guide of the Em-  
pire after reviewing the companies  
assembled in her honor at the rally  
held last evening at Casa Loma.

CAR FERRY STEAMER.—The  
car ferry steamer left Halifax yester-  
day afternoon for Borden and the  
regular summer service with two  
passenger trips daily each way com-  
mences Monday.

## A BUSY DAY IN HOUSE OF COMMONS

COLD STORAGE VENTILATED.—  
DISCUSSION ON LABOR  
SITUATION.

OTTAWA, May 28.—One favorite  
canvass against the Government by  
people complaining of the cost of  
living, has been that cold storage  
companies are responsible for a large  
share of the advanced prices by hold-  
ing stocks of food in reserve. A re-  
port recently issued by the Govern-  
ment showed that the quantities of  
food held in cold storage in Canada  
is so small that in the matter of bac-  
on alone it would not provide more  
than four ounces per head of the pop-  
ulation.

In the House this afternoon the sub-  
ject of profits in cold storage com-  
panies attracted some attention when  
at question time Mr. Archambault  
asked how much the Government had  
collected from such companies under  
the Order in Council which limited  
the profits to eleven per cent.

Sir George White replied that the  
profits of those companies were under  
investigation as all other com-  
panies coming within the Act are in-  
vestigated. So far as proceeded the  
investigations do not disclose profits  
in excess of the per cent. exempted  
by Order in Council.

Mr. Robb, Liberal Whip, directed  
the attention of the Premier to the  
fact that the legislative program fore-  
shadowed in the speech from the  
throne, showed much yet to come, in-  
cluding the Franchise Measure. He  
desired to know when the House  
might expect that measure; he also  
asked when the Government intend-  
ed to open vacant constituencies, so  
that the five without representation  
could elect members. In regard to  
vacant seats, Sir Robert Borden re-  
plied the answer had already been  
given. As to the action of the Gov-  
ernment re the Franchise, he was  
unable at present to answer as the  
Prime Minister had not even had  
time to examine papers in connection  
with it.

Mr. Lemieux drew attention to  
newspaper statements that large  
quantities of food in cold storage had  
been destroyed in Montreal and asked  
if the Government intended to take  
action to nationalize the cold stor-  
age industry.

Mr. Robb asked if it was true that  
possible to give an answer off-hand to  
such an important question.

Mr. Rodd asked if it was true that  
Canada intended to sell wheat to  
Greece.

Sir Robert Borden replied that ne-  
gotiations were under way; a contract  
had not yet been signed; the price  
would be the market price at Port  
Arthur, plus freights to the seaboard,  
and all carrying charges.

To the question if the Government  
had information on the labor situa-  
tion in the West, Mr. McLean replied  
that the news to hand was of a re-  
assuring nature. Railway clerks in  
Winnipeg were on strike; a sympathy  
strike was called at Edmonton and  
Brandon; the postal service at Cal-  
gary was in sympathy with Ed-  
monton, but operating; in Vancouver  
a strike vote had been taken.

Mr. MacKenzie suggested that the  
Government call a general conference  
of all men influential in the strike so  
that a settlement might be reached.

Premier Borden promised consid-  
eration of the suggestion, but felt that  
at such a conference it was neces-  
sary to have the Minister of Labor  
present, who is now in Winnipeg.

Mr. Lapointe asked if there was any  
sort of collective bargaining or union  
recognition which the Government fa-  
vored.

Premier Borden replied that it was  
inadvisable to answer such a question  
until the report had been received  
from the Commission on Industrial  
Relations.

The House spent the remainder of  
the afternoon in committee on a bill  
on which reclassification of the Civil  
Service will be based.

## Discuss Strike Situation.

OTTAWA, May 28.—The Toronto  
Labor delegation will be here tomor-  
row to urge on the Government an  
eight-hour day, legal all over Canada.  
This is one of the latest phases of  
the troubled labor situation, hereto-  
fore localized in the West, but now  
threatening to engulf eastern cities  
as well.

Sir Robert Borden and the cabinet  
agreed to receive the delegation to-  
morrow morning, and while it comes  
to speak particularly on the Toronto  
situation, the remedial legislation it  
seeks would be dominion wide. Yes-  
terday, when the question was rais-

ed, the question was raised.

## ALBERTA STRIKE ONLY PARTIAL

ONLY 1500 MEN ANSWERED  
STRIKE SUMMONS INCLUD-  
ING POSTAL CLERKS

### STREET RAILWAY MEN REFUSE!

Postal Strike Causes Serious  
Situation For Returned  
Soldiers

(Special to The Guardian.)  
CALGARY, Alberta, May 28.—Only  
1500 workers were said to answer  
the general strike call here yester-  
day, the men representing the postal  
workers, Dominion Express employ-  
ees, flour and cereal employees and  
the Canadian Pacific Railway men  
at the Ogen shops and roundhouse.

By a vote of 119 to 48 the street  
railwaymen refused to quit work.  
Other unions which have signified  
their intention of remaining at work  
are the railway clerks, bankers, city  
hall employees; teamsters, outside  
civic employees and barbers. As Cal-  
gary is distributing centre for the  
whole of the province in the matter  
of remittances for relatives of sol-  
diers it is said that thousands of  
checks will be held up by the strike  
of the postal employees.

## MR. BALLANTYNE AND NAVY CHARGES

Minister Brands as Fake Charges of  
Bungling, Mismanagement and  
Inefficiency by Mr. Duff.

OTTAWA, May 27.—Charges of  
bungling, mismanagement, ineffi-  
cency and gross extravagance against  
the Canadian Naval Service were  
branded as absurd and false by Hon.  
C. C. Ballantyne, Minister of Naval  
Affairs, in the House of Commons  
this afternoon. The minister hurled  
them back at the author, William  
Duff, Liberal of Lunenburg, telling  
him at the same time he had been  
loaded up with defective ammunition.

The head of Canada's navy whose  
personnel was increased from three  
hundred to over five hundred thousand  
and during the war, flatly denied  
that officers were swanking around  
Halifax attending pink teas and play-  
ing bridge whilst German subma-  
rines were sinking Canadian ves-  
sels off the Nova Scotia coast. On  
the contrary, he assured, they were  
a very gallant lot of seamen and  
officers, many of them with notable  
records who were exposed to hard-  
ships and danger and gave good ac-  
count of themselves when enemy  
forces were operating in the north  
Atlantic.

Minister Indignant.  
The minister deeply resented the at-  
tack by the member for Lunenburg,  
with which he dealt in detail. Incen-  
diently he announced that when  
parliament is summoned next year  
the government will submit to the  
house a naval policy for this domi-  
on which will meet with unanimous  
approval. He said that the Njebu  
and the Rainbow had given suffi-  
cient service, steaming eighty thou-  
sand miles between them and convey-  
ing vessels laden with passengers,  
troops and rich cargoes.

A bit of news, hitherto kept sec-  
ret, was given by Mr. Ballantyne  
when he told the house that on the  
outbreak of the war and again in  
1915 the Canadian government in-  
quired of the British admiralty  
whether in their judgement steps  
should be taken to increase Canada's  
naval forces and enlarge the service.

The reply was in the negative, the  
imperial authorities adding that Can-  
ada's effort should be concentrated  
on recruiting and equipping troops  
for the battlefield.

Charges Frivolity.  
Dealing with Mr. Duff's specific  
charges the minister declared the  
Lunenburg member was guilty of  
frivolity and wasting the time of  
parliament when he charged that  
the steamer Lady Evelyn was sent to  
the Magdalen Islands with six lead  
pencils for the wireless operators  
there at the time the oil tanker Lux  
Blanca was torpedoed. The minister  
said the Lady Evelyn was patrol-  
ling the Atlantic in her regular area  
at the time in question and making  
her regular calls at the various  
bases.

Committee of 60 to Inspect Peace  
Treaty.

(Special to The Guardian.)

PARIS, May 28.—The chamber of  
deputies had adopted a resolution  
providing for the nomination of a  
special committee of sixty members  
for considering of the peace treaty.

## Germany Will Send Another Note

(Special to The Guardian.)  
BERLIN, May 28.—The Germans  
will send another note to Premier  
Clemenceau in connection with the  
economic terms of the peace treaty,  
the Vossische Zeitung says it learns  
officially. The note will point out  
that the Allied claim that more than  
twelve million tons of shipping were  
destroyed by German submarines is  
not true because more than half the  
shipping was sunk by legal cruiser  
warfare. The Germans, the paper  
adds, will also declare that the Allied  
reply to the first German note on  
economic terms shows a misunder-  
standing of the agricultural needs of  
Germany. Objection will also be made  
to the loss of coal which the treaty  
will impose on Germany.

## Germans Present Contra Account

(Special to The Guardian.)  
VERSAILLES, May 28.—The Ger-  
man peace delegation here, it was  
learned today, will present a counter  
claim of twelve billion eight hundred  
and fifty million marks for damage  
from the Allied blockade, as an offset  
to the reparations demands of the Al-  
lied powers.

## Austrians to See Red When Receiving Terms

(Special to The Guardian.)

PARIS, May 28.—The treaty  
cannot be presented to the Austrians.  
In the first instance, the clause relat-  
ing to Fiume as well as that dealing  
with military and naval reparations  
will be omitted for the present. These  
clauses will be taken up at subse-  
quent meetings of the council and the  
decisions will be communicated to  
the Austrian delegation during the  
consideration of the main documents.  
The financial terms were settled to-  
day by the council.

The treaty will be handed to the  
Austrians in the St. Germain Palace  
drawing room, which is furnished en-  
tirely in red.

A member of the Austrian delega-  
tion upon inspecting the room, said:  
"All that is necessary to complete  
the scene is an executioner's block."

(Special to The Guardian.)  
WASHINGTON, May 28.—Bazing  
the way for a first air trail from the  
western to the eastern hemisphere  
the United States Nancy Plane NC4,  
under commander Albert Cushing  
Read, swept into the harbor at Lis-  
bon, Portugal, today the first air-  
ship of any kind to have crossed  
the Atlantic Ocean under its own  
power and through its natural ele-  
ment. Taking the air at Ponta Del-  
gada, Azores at 6.18 a. m., Washing-  
ton time, on the last leg of the  
Trans-ocean flight in connection with  
the voyage from Rockaway Beach,  
Long Island, to Plymouth, England,  
the NC4 covered the 800 miles in nine  
hours and forty three minutes, main-  
taining an average speed of better  
than 80 knots an hour. The total el-  
apse flying time from Newfoundland  
to Lisbon was 26 hours and 41  
minutes.

## Another Attempt To Cross Atlantic

Hall last night.

## PLAN AIRCRAFT EXHIBITION HERE

OFFICER OF CANADIAN AIR FORCE  
ON HIS WAY TO MAKE  
ARRANGEMENTS.

### BEAMSVILLE OR LEASIDE

Sites Recommended for the Air-  
dromes Which are to Receive  
Machines.

LONDON, May 28.—A proposal for  
an International Aircraft Exhibition  
to be held in Canada this summer  
has been laid before Sir Robert Bor-  
den by the Canadian Air Force. It is  
understood the Premier is sym-  
pathetic to the idea, which has for  
its object the promotion of aviation  
in the Dominion.

It is proposed to hold the exhibi-  
tion in July or August at Montreal  
or Toronto, Britain, France, Italy,  
and the United States will be asked  
to exhibit, and the Society of Brit-  
ish Aircraft Constructors has al-  
ready been requested to see that  
British manufacturers are suitably  
represented. It is also hoped to in-  
terest foreign makers in the Cana-  
dian market.

Captain R. E. Scott, who has  
been in charge of the technical and  
supply branch of the Canadian Air  
Force, has sailed for Canada to lay  
the proposal before the Canadian  
authorities, and also to make ar-  
rangements for the transport of the  
Canadian Air Force and equipment  
to the Dominion, where it will form  
the nucleus of the permanent air  
force. It is understood that either  
Beamsville or Leaside is recom-  
mended as a site for the air-drome  
to receive the airplanes, and pre-  
parations have been made with a  
view to commencing flying opera-  
tions in Canada this summer.

At the Exhibition.  
There will be an exhibit of enemy  
aircraft at the Toronto Exhibition,  
including airplanes, parts of Zepp-  
elins, anti-aircraft guns, bombs,  
etc. Captain L. B. Lawson will have  
charge of the Air Force exhibits,  
and recently had gifts of complete  
airplanes from the Imperial Air  
Fleet, the Overseas Club, the Brit-  
ish Government and the American  
authorities, and arrangements have  
been concluded for presentations  
from the French and Italian Gov-  
ernments.
