Signey By United States and Great Britain Re Fisheries Regulations

(Canadian Press.) WASHINGTON, July 31.—The Senate's foreign relations committee today agreed to recommend the ratification of the treaty signed July 20, by the United States and Great Britain promulgating fishing relations in Newfoundland waters. The treaty carries out, with some modifications, the methods of procedure recommended by the Hague Tribunal, September 7, 1910.

The treaty provides that all future laws or rules for the regulating of the fisheries of Great Britain, Canada or Newfoundland, such as relate to time and method of taking fish, shall be promulgated and come into operation within the first fifteen days of November of each year. After promulgation the United States gives forty-five days in which to object. The objection will be made to a joint committee of three.

BEEF HIGHER

HALIFAX, July 31.—Not content with mounting to altitudes before unheard of, the cost of beef, which has been greater this year than ever before, has taken another big jump and from present indications bids fair to soar still higher. The packing houses further add that they will be forced to discontinue all deliveries during August and that they see no relief in the tension which will be the inevitable result of a shortage in September. This depressing news has been acutely felt in Halifax, as a falling off in this staple food produces a sharp advance in values. This is well illustrated by the fact that ten days ago American plate beef sold for \$98.50 per barrel wholesale, while the quotations are now between \$19 and \$18.50 per barrel wholesale, while the depleted and an upward price march is imminent. It would be difficult to state just what figures will rule in a few weeks, but it is needless to say that there will be much more than at present.

Pork remains as last reported and holding strong, with lard being well sustained in sympathy. Wholesalers are looking for another rise in rice as the supply is running short of the demand. Business in general is in good condition and both sales and collections are said to be satisfactory.

INITIATION FATALITY

ANDERSON, S. C., July 30.—Mistaking that part of the initiation were firearms are flourished and blank cartridges are exploded as meaning to do him bodily harm. Furman Bagwell, a candidate being initiated into the Woodmen of the World, rushed from the lodge-room and snatched his pistol from his coat hanging in the ante-room. He then turned back into the lodge-room and fired three shots in quick succession at Milton Taylor, who was leading the degree team in the initiation. The first shot hit Taylor in the abdomen. The second buried itself in the hipbone. The last shot struck Taylor on the back of the neck and glanced off. Taylor is dying.

MILITARY DRILL

LONDON, July 30.—The Daily News Adelaide correspondent reports that under the Australian scheme of compulsory military training there were over 10,000 prosecutions for non-performance of drills in the year ended June 30. In addition there were 10,000 failures to register to begin training in July, 5,000 being in Sydney alone.
