PATHE REVIEW AND TOPICS OF THE DAY

### RUSSIANS AID THE STARVING

RIGA, Aug. 21—Moscow news-  
papers and other advices received  
in Riga say that Russian people  
are coming forward on all sides  
with such contributions as they  
can make toward famine relief.  
These donations of food from  
meagre rations or of piles of al-  
most worthless soviet ruble notes  
are described as pitiful in compar-  
ison with the needs of the starv-  
ing in Volga region. Despite all  
the suffering involved, soviet of-  
ficials are quoted as describing the  
famine as a blessing in disguise

for the solution of Russia's prob-  
lems.

M. Kalinin, head of the central  
committee for famine relief, while  
en route to Samara in the famine  
area told a crowd of the hungry  
population at a station that the  
first foods of grain collected for  
the natural tax would go for seed-  
ing the fields of the Saratoff and  
Samara governments. He declared:  
"The great calamity is welding to-  
gether the whole soul of Russia."  
Independent advices from Mos-  
cow assert that no sign of starva-  
tion can be seen there although  
prices of foodstuffs are high. All

necessary food, even white bread,  
can be secured at the markets. In  
Samara the heart of the famine  
region, bread is extremely scarce  
and costs six times as much as  
an equal weight of meat. The peas-  
ants have been accustomed to a  
diet consisting largely of heavy  
black bread. The food shortage is  
declared not to be extremely acute  
in towns, provided purchasers are  
able to pay the prices asked. In  
villages where transport from local  
sources, the reports say there is  
great suffering, scores dying daily  
in the regions most affected.

**CALEDONIAN CLUB RALLY.**—The Caledonian Club held their customary pre-gathering rally in the Club Rooms and on the square last night where there was a large attendance of clansmen and friends. At the club meeting the President, Mr. J. R. Burnett, presided. Three new members were admitted, namely, Mr. John A. Morrison, Mr. F. M. McKinnon and Mr. Neil McNevin. A special vote of thanks was passed to Mr. Alex. Cameron, Glasgow, Scotland, for the trouble he took in procuring kilts uniforms for the Pipe Band. Arrangements were completed for the annual gathering today and clansmen were specially requested to be in attendance punctually at noon at the Club Rooms in order that the procession may start on time. The Club Band, augmented by the addition of Pipe-Major Day of Halifax, Piper Stewart, Halifax and Piper McKay, Truro, gave a greatly appreciated concert on Queen Square at 8.30. The procession today will leave the Club Rooms, Richmond Street, punctually at 12.30 and will proceed via Queen Street, Kent Street, St. Lawrence Street, Piquet Street, to the Exhibition Grounds where the sports will begin at one o'clock.

There will be a meeting of the L. O. C. Boy Scouts this evening at 7.30 p. m. Bring suits and kit bags.

### ELEVEN PERSONS LOST THEIR LIVES IN HOTEL FIRE

**MACON, Ga., Aug. 23.**—Eleven persons early today were believed to have lost their lives in the fire which last night destroyed the Brown House, one of the oldest hotels here. One man is known to be dead and firemen believed there are at least ten bodies in the ruins.

Ten persons, suffering injury from burns or sustained in jumping from the second and third stories of the hotel are under treatment at the Macon hospital.

Starting with an explosion of chemicals in an adjacent drug store which blew in the side of the structure, the fire quickly shut off the escape of many of the hotel guests.

### Naval Air And Military Manouevres In Halifax

**HALIFAX, N.S., Aug. 23.**—Flying craft from the government air station at Eastern Passage took a prominent part in the combined naval air and military manouevres which opened here yesterday. The manouevres, which will occupy all of this week, are of a secret nature, and little information concerning today's proceedings was given out. It was learned, however, that this afternoon aircraft are assisting the cruiser Aurora of the Canadian squadron that did submarine spotting work outside the harbor, using submarines B H 14 and 15. The army watched and waited during today's "battle."

### DELICIOUS TOMATO.

Wipe Tomatoes, cut them across and put in a pie dish. In each half piece sprinkle salt, pepper, sugar two or three drops of cinogaur, a bit of butter and a pinch of chopped onion. Cook in oven for twenty or thirty minutes.  
Delicious with hot or cold meat, or fish.

After weaning the lambs, turn the ewes on scant pasture for a few days to dry them up, milking out the heaviest milkers once or twice. Then cull out the poor ewes, but retain every good one. Just because wool has been cheap does not necessarily conflict the fact that Canada has not sufficient sheep. Look at the price lambs have been bringing this spring.

**FOR MONEY, A LANG YEAR** there has been such sports as we will see at the Caledonian Club games on Wednesday. Ye maunna stay awa'.

**THE REV. OVID PETERS** will give an address in Pownal Church, Thursday evening at 8 o'clock. A splendid programme of solos, choruses, quartettes and reading by popular entertainers is also arranged. Come.

**LAYING THE CORNER STONE**—At a meeting of the Board of Directors of the P. E. I. Protestant Orphanage held this week it was decided to lay the corner stone of the new Orphanage on the afternoon of Sept. 14th. Further particulars will appear later.

**JUST WHAT IS NEEDED.**—Charlottetown is fortunate in being selected as the headquarters for operation of the Charlottetown Paint Co., which is opening up offices on Stewart Street. The company is under the efficient management of Mr. J. A. Mahoney, formerly of the Summerside Car Shops. They intend doing all kinds of painting and also have in connection with the paint shops a furniture and upholstery department, which will be under the care of Mr. Fred Mosher, who is well known in Charlottetown as a workman of the first order. The company have already closed quite a number of contracts and are at present painting the offices of the P. E. I. Telephone Company. This is something that is badly needed in Charlottetown and will give employment to quite a number of men, preference given to returned men; Mr. Mahoney, himself being a veteran of the war, having served with the 25th Battalion in France. The office and advertising end will be under the care of Mr. Harold Barnes, who was a comrade of Mr. Mahoney in France.

There will be a meeting of the L. O. C. Boy Scouts this evening at 7.30 p. m. Bring suits and kit bags.

### BIRTHS

**CLARKIN.**—At Emvayle on Aug. 18th to Mr and Mrs. Petr Clarkin, a daughter, Clara Selena. Con-  
gratulations.

### ESKIMO VICTIM OF UNWRITTEN LAW

**OTTAWA, Aug. 23.**—A summary execution of an Eskimo by strangulation has just been reported to the headquarters here of the R. C. M. P. The victim of the unwritten law was himself a murderer and judged by his community in the village of Komkhermet, Prince Albert, in Victoria Island, N. W. T., as dangerous to the community.

In the summer of 1919, the report was made that an Eskimo, Ahkak, had murdered Ahlutuk. Shortly afterwards Ahkak made a hunting pact with Olopesak by which they were to share fortunes and also share the wife of the former, one Nutinuk. In March, 1920, Nutinuk and Ahkak were outside the hunters were one day sealing, overheard plans for the immediate dispatch of Ahkak. The Eskimos of Komkhermet, both men and women, took Ahkak shortly afterwards in his hut. Seemingly aware of their intent, Ahkak told them a deer skin was outside his place which would serve their purpose.  
It was with this line that Ahkak was duly strangled, and two Eskimos, Kasabovi and Anokuk charged with being chief actors in the drama, were arrested last March by Corporal E. H. Cornelius and Constable J. Brockie, of the R. C. M. P. They are held in Herschel Island over the matter and will be brought out for trial next spring.

### 'CASEY' BALDWIN'S YACHT, CRAPPER III, ARRIVES AT HALIFAX

**HALIFAX, Aug. 22.**—Scrapper III, F. W. Baldwin's new sleep-rigged yacht, arrived here early this morning from Baddeck to compete in the Coronation Cup races, scheduled to begin today. Scrapper III, was dismasted at St. John's, N.S., and on Thursday night was hauled out of the water today for examination of her hull. Pending this the cup races have been postponed.

### MORE GOLD FOR UNITED STATES

**NEW YORK, Aug. 23.**—Gold coin and bullion which arrived from India and Great Britain Saturday on the Cunarder Aquitania is reported by the Wall Street Journal to be valued around \$600,000. There were 225 boxes in all, in which 115 came from India and 110 from Britain.

Judges—Mr. H. H. Horne, Mr. R. J. Steele.  
Timer—Mr. E. Acorn.  
The first heat called will be the Class A Trot and Pace at 2 p.m. sharp, followed by the Class B and Class C.

### RESUMPTION OF BUYING IS REPORTED

**WINNIPEG, Aug. 22.**—Trades unionism was defined to the Trades and Labor Congress of Canada today by Tom Moore, President of that organization as a "progressive" movement driven forward by the grim necessities of the industrial toil in which we are engaged.  
Mr. Moore took over the gavel of office and chairmanship of the 37th annual convention at 12 o'clock from George Wright, President of the Winnipeg Trades and Labor Council who had conducted the preliminary proceedings, which consisted of addresses by Mayor Edward Parnell, Premier C. Norris, Senator G. D. Robertson, Minister of Labor, and Hon. T. H. Johnston, Attorney General of Manitoba. The 500 or more delegates to the convention were welcomed to the city and to the Province with great heartiness.

Mr. Moore received a very hearty welcome from the convention. His own remarks were very brief. He said the Trades and Labor Congress had never sought the dead level of opinion which meant stagnation. It welcomed constructive criticism; it could not tolerate injustice or oppression. He declared that the organization was "not" "will" be those of Canadian workers. There is no domination from any other country in our deliberations and actions. This in no way prohibits us from entertaining the warmest sympathy for our fellow workers in any United States or in the whole civilized world.  
There was considerable discussion of unemployment in the addresses of welcome, and Senator Robertson expressed the view that present indications pointed to a resumption of buying by the public which might effect an improvement in industrial situation within a couple of months.

Neil McLean, M. P., for the Government division of Glasgow, and J. L. O'Hara, representing the American Federation of Labor, were on the platform as fraternal delegates but did not speak. Reports and formal business was taken up this afternoon.

### THE VALUE OF CHAFF AND LEAVES

In the past considerable quantities of the most valuable part of the plant have been wasted in the form of chaff, leaves, etc. These accumulations of the barnyard floors and too often find their way to the manure pile or barnyard direct. They must, of course, reach the barnyard by way of the manger.  
In general it is difficult to offer a recommendation where such a wide variety of conditions and conditions arise. The main advice to be given, in conclusion, is after all extreme economy in feeding hay and straw. Weights and quantities are difficult matters to juggle with when speaking in a general way. The eye of the feeder will find a lot of overblat matter. More or less experimentation will be required by the individual feeders in cutting down little by little the roughage which he has been accustomed to feed and replacing it by minimum quantities of concentrated or grain ration. If any hay contains an increase in price and if grains and concentrates do not rise too quickly it would actually be cheaper to cut down roughage 50 per cent, and replace with some of the grain mixtures recommended.

The man who does not take every possible step to hold over his stock, and who sacrifices his assets, will make an unequalled mistake. True it was distinctly better to dispose of, practically give away, a judiciously called few, and winter the balance in a well-ventilated stall. Such loss though immediate, may prove a blessing in disguise after all the problem resolves itself into one of distribution and control of supply affected in Ontario, with not more than 10 per cent of last year's crop held over in the form of low grade hay and with 60 to 65 per cent normal crop this year there is no "bullish" movement to the hay market as yet.

The cows can't hold up in their milk flow if they spend half their time switching flies. The owner can do that fly-fighting for the cows by taking one gallon of Fish Oil, two ounces of Oil of Tar, eight ounces of Kerosene mixing thoroughly and spraying the cows once every three days.

## Western Guardian

**—AMBULANCE MET TRAIN.**—The Prince County Hospital ambulance met the western train on its arrival at Summerside on Tuesday morning to convey Miss Laura Gordon, of Alberton, to the hospital.

**—LARGE SHIPMENT.**—Eighty-six pairs of silver foxes leave Summerside on Wednesday morning, under the care of John A. Lea, of Spokane, Washington. The foxes, which are some of the best animals from the Lea and B. Graham Rogers ranches, were bought by Messrs. E. M. and C. E. Robinson, of the western state.

**—CITIZENS MOURN.**—Citizens of the eastern end of Summerside are mourning the destruction of a very fine outhouse, which was ruthlessly destroyed by a summer breeze the other night. The building in question has been the scene of many happy functions during the last few years and as a piece of architecture was in a class absolutely all its own.

### PERSONALS

—Mr. and Mrs. Walter Hogg, Summerside, have returned home after visiting friends and relatives in Coleman and O'Leary.

—Mrs. Frank Perry, of Summerside, left on Monday morning for Picton where she will be the guest of her daughter, Mrs. Warren Pope.

—Mrs. M. J. McLellan who has been visiting St. Andrews, the guest of Rev. A. P. McLellan, the past two weeks, has returned.

—Mrs. Frank Gallant, of Point DuChene, who has been visiting friends in Summerside and the west, left for her home on Tuesday morning.

—Mr. Frank Walker, of Charlottetown, accompanied by his mother, Mrs. George Walker, was in Summerside on Tuesday, en route to Miscouche, where he will spend his vacation.

### BORDEN NOTES

W. E. Howatt, lobster packer, Borden, is having heavy catches of lobster, one of his fishermen landing thirty-three hundred pounds in three days.

The tourist traffic was extremely heavy the past two weeks. The Gerard Hotel was over taxed on several occasions and the register shows as many as a hundred and sixty guests were fed on one day. This is a record for the hotel and the necessity for greater accommodation is urgently needed, as tourists who desire to spend days, weeks or months at pretty Borden cannot be taken care of for the want of room. Borden has all the essential qualifications for a large summer hotel, easy of access, beautiful bathing shores and beaches.

A new hall is under contemplation and we trust the citizens will take hold of this proposition and rush its erection which no doubt they will.

Some of the officers of the popular Car Ferry have been giving swimming lessons, which have proven very beneficial to his numerous pupils, especially the ladies.

Mayor James L. and Mrs. Macdonald have entertained many of their relatives and friends during the summer.  
Messrs. Lafferty and MacNeill of the C.N.R. freight department have just completed a well earned holiday.

Two of our enthusiastic dancing masters placed their limousines at the disposal of some of their lady and gentlemen friends recently and proceeded to the cabaret at Summerside. En route a race between the two cars took place which resulted in a large splash.
