I LINE

Geo. C. Chalker Tells What Dodd's Kidney Pills did for Him.

Took Him From his Bed, made him a Well Man Able and Willing to do a Fair Day's Work

Housey's Rapids, Ont., March 2.—Special.—As every city, town and village in Canada seems to be giving its evidence as to the wonderful cures resulting from Dodd's Kidney Pills, there is no reason why Housey's Rapids should not be in line.

One of the most remarkable cures was that of Geo. C. Chalker. He says: "I am cured of my Kidney Complaint. I have no doubt about it in the least. I weigh ten pounds more than I did fourteen months ago, can do a fair day's work every day and I am clear of my old enemy, lame back, heavy aching arms, dull bloated eyes,—yes, it is all gone, purged out by Dodd's Kidney Pills."

"No one can realize the relief except those who have been through it all. I was so bad I could not work hard, but was compelled to make a living. My head felt so bad that my eyes would seem to float. I felt tired all the time, my arms felt useless at times and so very heavy. At last I was laid up and could do no work. Then I was induced to try Dodd's Kidney Pills and you see the result. I only took six boxes to cure me completely. And Mr. Chalker is only one of many in this neighborhood who charge their good health up to Dodd's Kidney Pills."

HE PROVES THE TRUTH OF WHAT HE SAID

(Continued from first page.) F. S. Spence and the Dominion Alliance had always held Mr. Hector and the complete answer he had given to the charges made against him.

At the conclusion of Mr. Mellish's speech in which he had, humorously referring to the coming battle tomorrow night expressed his pleasure that Mr. Hector had a C. M. with him in which to place the "remains" the Black Knight rose to his feet and remarked that while Mr. Mellish was speaking a little story had struck him.

Little Willie was killed in California, said he, and they sent a message to New York saying "Willie is dead." Back flashed the message.

"And on the remains" And, said the Black Knight, a smile illuminating his face and his pearly teeth shining forth from his ebony countenance, with a nod to his opponent, back came the message.

"Der am no remains, Willie was kicked by a mule." Needless to say the audience was convulsed with laughter.

DEAFNESS.

Nearly every case is due to disease of the Middle Ear and Eustachian Tubes, caused either by Acute Inflammation or Chronic Catarrh.

Physicians state that the progress of deafness can be at once arrested and lasting cure effected by inhaling the healing vapor of Catarrhoxone. This is not mere theory. Ninety cases out of every hundred can be cured of deafness and ringing in the ears, and stayed cured if Catarrhoxone is used.

Mr. Thomas Hild, a well known contractor living in St. Thomas Ont, was cured by Catarrhoxone of deafness, and speaks as follows of his recovery. "My hearing was always poor, and not long ago I became almost totally deaf. It was the result of catarrhal inflammation and nothing did me any good till I used Catarrhoxone which cured me. I strongly recommend it to every one suffering from deafness or poor hearing."

Mr. Geo. Warner of Wellesly St., Toronto, says: "During the past thirteen years my hearing has been badly affected. I could neither hear the noise of the street cars or the sound of the horses' feet on the pavement. Before I used Catarrhoxone three days I noticed a great change. I gradually improved till now I can hear a whisper across the room. I cannot tell how much I value Catarrhoxone which has my strongest endorsement as a cure for deafness."

Catarrhoxone is a strictly scientific treatment, and is recommended by eminent physicians, ministers, lawyers, public speakers and thousands of men permanently cured of deafness. It is very simple and pleasant to use, and warranted to cure permanently. Two months treatment guaranteed to cure, costs only one dollar. Trial size 25 cents. Sold by all druggists or by mail to any address if price is forwarded to N. C. Polson & Co. Kingston, Ont. or Hartford Conn. U. S. A.

WHEN ENGLISH BAKERS WANT GOOD BREAD, THEY USE OGILVIE'S FLOUR.

F. W. Thompson, of the Ogilvie Flour Mills Co., Ltd., returned from England a few days ago. In an interview published in the Montreal Gazette, he says:

"The British baker and miller are becoming more dependent year by year upon Manitoba flour and wheat. I found that Manitoba products are now the standard of both baker and miller, and they must have a certain proportion of our high-grade products in order to obtain a good loaf of bread. The best bread-making flour in use by English bakers is Ogilvie's"

The onion is everything. "The onion is said a grocer, "is undoubtedly the earth's best product. It is a medicine, it is a food and it is a narcotic. "I used to be troubled with insomnia. My doctor said: "Eat a raw onion with a slice of bread every night before retiring." I did so. I peeled the onion, I put salt on it, and I devoured it with delight, for it was good. I never had insomnia thereafter. Decidedly and indubitably, a raw onion taken each night will cure the most obstinate and long-standing cases of this disorder. As a seasoning the onion is as universal and as necessary almost as salt. Soups, sauces, fillings, ragouts—hardly a dish of the unsweetened sort would be palatable but for the humble onion. "If the onion cost about a dollar, the world would appreciate it; poems would be written in its praise. Because it costs less than a cent its virtues remain unused."—Philadelphia Record.
