**SLEEP NOT EASY FOR NEW YORKERS**  
 New York, Aug. 9.—With the temperature 78 degrees and the humidity 83 per cent, this forenoon today promised to prove as suppressive in New York as yesterday. Three deaths and many prostrations were reported today and thousands hastened to nearby resorts in quest of cooler atmosphere. In the thickly populated districts of the east side last night many persons sought relief from the heat by sleeping on the sidewalk, on fire escapes and in parks. One man while asleep on a fire escape today fell to the street below and was killed.

**ROOSEVELT TO GET THE NOBEL PRIZE**  
 STOCKHOLM, August 9.—It was stated unofficially that President Roosevelt is to receive the Nobel prize in recognition of his services in ending the Japanese-Russian war. The formal announcement of the award will be made by the King of Sweden on December 10.  
 Swedish papers are also discussing the possibilities of Col. William Jennings Bryan receiving an award of the Nobel prize in the future because of his efforts and speeches in favor of peace at the Inter-parliamentary Congress in London. It is admitted that the amendments which he offered have gone farther toward doing away with the possibilities of war between the great nations than any effort in recent years. Some of the publications which take an interest in the prize say that Mr. Bryan's amendments in favor of peace will have greater direct effect upon the future of nations than Mr. Roosevelt's gracious actions leading up to the Russo-Japanese settlement at Portsmouth, N. H.

**A Midsummer Query.**  
 Do you feel fit and up to the mark? If not there must be a reason why. Probably, owing to the depressing effects of the warm weather, you are not taking the usual quantity of nourishing food, although the system requires quite as much nourishment in hot weather as in cold. To overcome the difficulty you should use a concentrated, palatable and easily digested food. This description fits  
**FERROL**  
 to a nicety.  
 When the system is run down, appetite failing, weight decreasing and nerve tone depressed, there is nothing like FERROL to restore normal and healthy conditions. Unlike other concentrated preparations FERROL can be taken in summer as well as at any other season; it never causes nausea or other gastric disturbances.  
 FERROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in prominent Hospitals, Sanitariums, etc.
