bassador to Rome, would replace Von Ribbentrop in London and Franz Von Papen, recalled from Vienna, would go to Rome.

British officials refused to comment on the ground that the government never comments on the internal affairs of another country.

It was considered possibly significant that Ambassador Neville Meyrick Henderson was called from Berlin this week for conferences with Foreign Secretary Eden. He returned to Berlin today.

There was activity in diplomatic circles generally far into the night.

One question raised in the speculation says the Associated Press, was the likely reaction of the German army under the new setup toward possible new adventures such as a coup in Austria or increased intervention on behalf of Spanish insurgents.

Diplomatic circles in London regarded Von Ribbentrop as somewhat of a failure in his mission to "sell" Chancellor Hitler to the British Government.

After his arrival here Oct. 26, 1936, the one-time champagne salesman spent almost as much time in Germany as in England.

On descending from the train when he came to take up his post as ambassador, he delivered a lecture against Communism. This was regarded here as an inappropriate time and place to express such views.

His fondness for giving the Nazi salute did not add to his popularity in many circles.

Von Ribbentrop now is in Germany and at a late hour tonight the German embassy said it had not been informed officially of his promotion.

Von Ribbentrop was here during negotiations on non-intervention in the Spanish civil war. His frequent flights to Germany to report to Hitler won for him the sobriquet of "flying ambassador."

In November he went to Rome to participate in the ceremony when Italy joined the anti-Communist block of Germany and Japan.

Von Ribbentrop lived in Ottawa before the Great War.

AUSTIN, Tex., Feb. 4—Mrs. Percy V. Pennybacker, internationally known woman leader, died at her home here today. She was 76. She had long been in failing health.

S'side Scouts See Pictures Of Jamboree

The Summerside Boy Scouts, through the courtesy of the Dominion Council were privileged to see the motion pictures of the 1937 International Scout Jamboree in Holland.

The pictures were shown in the town hall, which was filled with an enthusiastic contingent of Boy Scouts, who thoroughly enjoyed every minute of the showing of the four reels which took in the Jamboree from start to finish.

Those who did not attend missed a rare treat and an educational feature of great value.

From the scenes of this greatest of all international celebrations, the general public cannot but realize what a tremendous thing the movement is, in bringing the youth of all nations together as one great family.

The Chief Scout was there and Queen Wihlelmina welcomed him and all the Scouts and officially opened the Jamboree.

The high lights of the pictures were the march past of the nations with banners flying, camp scenes and games and the special demonstrations of the different groups from all nationalities, especially good were the native dances by the Chinese, also Scouts from India in native dress. Scouts from America in Indian war paint and costume; a Scottish dance by two thousand Scotch Scouts and some historic pageants by Scouts of the various English counties.. Scenes of Holland were most interesting. Camp fires with thousands seated round gave some idea of the thousands who took part in the celebrations. The closing pictures showed the boys leaving for home with many souvenirs of their visit to the land of the Dutch.

Some pictures of fishing in the river near Jaspar Park were shown after the Scout pictures. The Brennan boys very efficiently operated the machine.

Scout Master Mollison, assisted by Messrs. Currie and Whalen had charge of the entertainment. —S.

DOMINION

(Continued from page 1)

bate, Hon C. H Cahan, Secretary of State in the Bennett Administration, asked if it would not be wise to wait another year before seeking legal power to establish unemployment insurance.

At the same time Mr. Cahan suggested the Dominion, in addition to seeking control over unemployment insurance. should include legislative authority over hours of employment, minimum wages and the right to arbitrate and adjust labor disputes. These were collateral measures to an unemployment insurance scheme and, if the Dominion did not control them, they might endanger the effectiveness of the insurance plan.

Defends Disallowance

The Minister of Justice defended the Alberta disallowance and the Supreme Court of Canada reference. He denied there had been discrimination against Alberta when the Dominion did not veto the Ontario power legislation.

The Ontario enactment, although beyond the legislative powers of the Province, did not interfere with any Dominion Policy of interest and was best left to the courts to settle. On the contrary, the Alberta bank-licence bill was a clear invasion of the Federal Legislative Field.

Facing members of the House who had urged disallowance of the Quebec Pardlock Law, Mr. Lapointe said it would surprise them to know he received only three or four days ago a petition to veto it. There had been many telegrams and resolutions but only one official and regular petition upon which he must act.

Change Necessary

Turning to consideration of the British North America Act, Mr. Lapointe said a constitution should be open to change, one generation having no right to bind another. Amendments should be made difficult but not impossible. To make reforms impossible "is to run the risk of having it (the constitution) violated in a disorderly way when the political forces opposed to it are strong enough to do so."

The Minister said he hoped Parliament would not end before some definite policy on constitutional amendments was drafted. Meanwhile, the Government was going ahead with unemployment insurance.

Only one Province, New Brunswick, upheld Provincial control of unemployment insurance before the Privy Council, Mr. Lapointe stated. Quebec did not say a word and Ontario upheld Dominion control.

"I am at a loss to understand," he continued, the indignation of men who today claim this tyrannical Government at Ottawa wants to transgress upon the rights of the Province of Quebec and to trespass upon her Provincial constitutional powers when we courteously and politely asked them whether they would agree to a little amendment to give the Federal Government the right to amend the constitution for the purpose of enacting unemployment insurance.

"Two years ago (before the Privy Council) the same men, without being asked and without being invited to give any consent or to agree to anything, were quite pleased to accept legislation enacted (by the Dominion) without their participation."

The House held no night sitting, the debate going over until Monday. It may end Tuesday.

Kilmuir Team Edged Out In Fast Game

In one of the best games played in Montague rink this season the snappy, fast-skating Montague school team Wednesday night eked out a 4-3 victory over Kilmuir.

The winners took a two goal lead in the first period but Kilmuir came back to outscore their opponents 2-1 during the middle canto and draw up to within one goal of them. Early in the final session Kilmuir knotted the count at 3-all on a McDonald to Stewart play but with only three minutes of regular playing time left A. McDonald gave the Montague youngsters the victory when he coasted in on a pass from Reynolds to drill a hard shot into the twines.

Kilmuir were weakened just before the start of the game when their goalie received a severe gash over the eye which required four stitches to close. He was replaced in the cage by A. Fraser and the Montague youngster made a fine job of his task.

The game was cleanly played throughout without a penalty being meted out and was capably refereed by Floyd McKinnon.

Lineup:

Kilmuir: Goal, Ben Bears (A. Fraser); defence, John K. McDonald, Chas. Cameron; forwards, B. McPherson, Alf. Stewart, H. Moore, J. Bears, J. McCrea, D. McDonald.

Montague — Goal, F. Fraser; defence, At. McDonald, H. Clay, Forwards, R. Beck, R. McDonald, S. Reynolds, Tom Clair, Roy Bell.

SUMMARY

1st Period

1. Montague, R. McDonald, 3.00.
2. Montague, R. Beck, 17.00.

Penalties — None.

2nd Period

3. Kilmuir, B. McPherson (Moore) 2.00.
4. Montague, R. McDonald (Beck) 5.00.
5. Kilmuir, H. Moore, 15.00.

Penalties—None.

3rd Period

6. Kilmuir, A. Stewart (J. K. M.) 8.00.
7. Montague, At. McDonald (Reynolds) 17.00.

Penalties—None.

NOTES

Montague hockey fans are witnessing plenty of games this winter due to the excellent condition of the roads in these parts.

Keith McKinnon, manager of Montague Rink is to be congratulated on the variety of programs given to the patrons from week to week including skating, hockey, curling, etc.

Skaters are eagerly awaiting the big carnival which takes place in Montague next Tuesday. This is also a Valentine skate and judging from the excellent music being selected for the occasion the skaters are in for a real treat.

The Montague Curlers are still hard at it and we look forward to them to repeat their brilliant performance of former years.

Mt. Stewart Defeated By Souris Team

Souris Tigers defeated Mount Stewart All-Stars 10-5 in a free-scoring hockey game at Souris on Wednesday evening. The ice was fast and both teams opened up with flashy attacks, Mt. Stewart jumping an early lead when C. MacDonald on assists from Affleck and Griffin scored the first goal of the evening at the four minute mark. Two minutes later Affleck and Griffin went through on a pretty play which didn't give Acorn a chance, to make the score 2-0 in favor of Mount Stewart. Frank Cheverie gave the Tigers their first goal when he came in fast to poke in his his own rebound, to be followed almost immediately by the third Mt. Stewart counter when A. MacDonald's shot on a pass from Smith was deflected off Simpson's skate to find a corner of the net. Simpson closed the scoring for the period, which ended 3-2 for Mt. Stewart when he went through on one of his brilliant rushes to give the Tigers their second goal.

The second period saw the Souris boys hit their stride; from then on they had a decided edge on the junction lads, holding them scoreless during the session. Both goalies played an exceptional game in this period as the play surged back and forth in quick-breaking four-men attacks. At the midway mark Woolridge tied the score on a neat pass from Condon. A few minutes later Rod MacIntyre and Danny MacCormack, the Tiger's first-line wingmen combined to beat MacAssey, McCormack sagging the twines. Condon made it 5-3 to end the period as he made no mistake on Woolridge's assist.

The third period saw no let-up in the Tiger's attacks. Playing a speedy wide-open game they hung up five additional scores to Mt. Stewart's two in this stanza. Simpson on a neat solo effort took an encore to flash the red light twice within the first ten minutes. Woolridge on a lone effort made it 8-3 before Mt. Stewart came through for their fourth goal, A. MacDonald wafting home the wafer on Smith's pass. Again Woolridge jacked the score to a five goal lead when he came through on a pass from Simpson only to have the All Stars garner another on Affleck's shot from Griffin. Frank Cheverie who opened the scoring for the Tigers also accounted for the final goal for his team in the dying moments of the game on a play in front of the nets.

plies of the types of food required. It is reported that about one-fifth of all furs sold in Germany are of domestic origin.

A fur exhibition was held in Berlin last December. It was the first that ever took place in Germany and among the animals exhibited were silver fox, mink, beaver, raccoon and blue foxes.

In "Do You Know That" page advertisement which the New York Auction Company carries in the January Black Fox Magazine, are the following cuts . . . Alaska seal sitting on a cake of ice with icebergs in the vicinity . . . written underneath Uncle Sam owns a fur farm on the Pribiloff Islands, off Alaska. Seals are raised exclusively . . .Cut of a supposedly beautiful lady wearing a fur coat and underneath . . . Chinchilla coats of average length requiring 120 pelts often cost more than $100,000. Here's the prize of all, though! Two Prince Edward Island farmers chatting, one smoking a pipe and holding in his hand a silver fox pup, the other with a rope in his hand to which is attached a cow and a calf, and underneath . . . In 1879 in Charlottetown, P. E. I. a cow and a calf were exchanged for a fox pup!

Dr. G. Ennis Smith's hints for mating season. As far as possible breed like foxes to like foxes. Do not mate long furred and short furred foxes together. Eliminate the short furred foxes as quickly as possible from the breeding stock. Do not mate coarse furred foxes with fine, weak furred foxes. Do not mate foxes with sharp metallic silver with foxes having chalky silver. Mate foxes with sharp metallic silver together, independent of whether they are half silver, three-quarter silver, or full silver. Before mating foxes together not related to each other, be sure that they have a similar type of silver hairs, independent of whether they are half silver, three-quarter silver, or full silver.

Select breeding stock from foxes having wide silver bands. Eliminate all foxes with narrow silver bands from the breeding stock as quickly as possible. In order to avoid predominance of the narrow silver band, fox breeders should avoid continually outcrossing, also mating foxes with different types of silver together. Do not inbreed with foxes lacking in constitutional vigour. Do not inbreed with small foxes.

Do not inbreed with foxes where the dam ancestors have had small litter productions, four's, three's and two's. Only attempt inbreeding with large foxes whose dam ancestors have produced litters of five's, six's and seven's, and whose sire ancestors have strong polygamous characteristics.

Withdraw Troops From North China

WASHINGTON, Feb. 4 — (AP)— The United States Government decided today to reduce the number of American armed forces in North China.

The State Department announced the withdrawal of the 15th Infantry now stationed at Tientsin and the transfer to Tientsin from Peiping of two companies of marines. This will leave at Peiping two companies of marines.

The action, officials said, is in line with "the principle of effecting the withdrawal of such forces whenever the situation so develops as to warrant the view that withdrawals can be effected without detriment to American interests and obligations in general."

WORKS IN 2 WAYS ON DISCOMFORT OF COLDS

1. Take 2 "ASPIRIN" tablets and drink a full glass of water. Repeat treatment in 2 hours.

2. If throat is sore from the cold, crush and stir 3 "ASPIRIN" tablets in ⅓ glass of water; Gargle twice. This eases throat rawness and soreness almost instantly.

No family need neglect even minor head colds.

Here is what to do: Take two "Aspirin" tablets when you feel a cold coming on — with a full glass of water. Then repeat if necessary, according to directions in each package. Relief comes very quickly.

The "Aspirin" method of relieving colds is the way many doctors approve. You take "Aspirin" for relief—then if you are not improved promptly, you call the family doctor.

● "Aspirin" tablets are made in Canada by the Bayer Company, Limited, of Windsor, Ontario.
