(Continued from page 6.)

William Macdonald was taking a lunch at the table in the dining room. James A. McInnis then went over, knocked papa down again and sat upon his chest, when he had been partly sitting up in bed talking to him. Before that he had challenged papa out to fight. Papa said no. James A. McInnis then said that he would put papa out. Papa said, "I am in my own house and you cannot put me out. Mamma said, "You don't dare put him out." He then said, "I will put you all out." He then challenged papa to meet him on the bridge tomorrow evening. Papa said, "I am not able to fight now, I am too old." Then he grabbed him by the shirt collar again. When he was sitting on him. With this my brother James and William Macdonald interfered. They then caught James A. McInnis and backed him out of the bed room. Papa was then coughing and vomiting blood. I then ran in to where papa was and said to mamma that papa is sick now. After James A. McInnis let go his hold I asked papa if he would take a taste of whiskey. Mamma tried to give him some water but he was unable to swallow. Both mamma and I called my brother Jim and William Macdonald to come back, and when they came in, papa was dead. James A. McInnis was very abusive. He did not appear to be very drunk. In the second hold that I interfered with, James A. McInnis had a very firm grip, and I had to use all my strength to break him away and I was so confused that I cannot say in what way he had hold of papa, but know that it was by the throat. In the third attempt my brother James and William Macdonald took James A. McInnis off papa and appeared to have quite a struggle to get him away. I believe that it was the ill-usage that papa received at the hands of James A. McInnis that caused his death. Mamma, James and myself told James A. McInnis several times during the encounter that papa was not strong, that his heart was weak, and to leave him alone, but he would not.

Corroborative evidence was given by Mrs. McInnis, and James McInnis widow and son of the deceased.

It is said that after the prisoner left the scene of the tragedy he called at a neighbor's house and told them that Gallian McInnis was dead.

THE VERDICT.

The jury returned a verdict that the deceased came to his death owing to the rough treatment and excitement resulting from an assault on the part of James A. McInnis.

PRELIMINARY TRIAL.

The trial was held in the Court House at 3 p. m., before Mr. Michael McCormack, J. P., Stipendiary Magistrate. Mr. J. D. Stewart, barrister, Georgetown, appeared for the Attorney General and Mr. J. J. Johnson, Charlottetown, for the prisoner.

DOCTORS' EVIDENCE.

The evidence submitted during the afternoon sitting was that of McDonald, Miss McInnis and Mrs. McInnis. This was substantially the same as that given at the inquest.

When the court resumed at 7.30, Dr. W. J. P. McMillan was called and sworn. He testified as follows:—I was notified by the Attorney General yesterday afternoon to proceed to Lakeville and perform an autopsy on the body of Gallian J. McInnis. After hearing the evidence of the three witnesses read and viewing the body I decided that an autopsy was necessary. This I performed between 5 and 9 o'clock this forenoon. I was assisted by Dr. A. A. McDonald, Souris. We found the body lying at length in bed, with considerable blood oozing from nose and mouth. The shirt of the deceased was buttoned in front, except the top button which was missing. There was a tear about three inches long, two or three inches below the collar, a smaller tear over the left shoulder, a third tear over waist. The brain was removed and opened. The ventricles were found to contain a lot of free fluid. There was nothing abnormal about the thorax, abdomen or the lungs but the smaller bronchials of both lungs were much congested. The heart appeared flabby, larger and paler than usual. The heart's arteries were in a highly advanced state of disease being extremely hard and fibrous and ine one place almost obliterated. The interior of stomach presented many areas of congestion although the mucous membrane appeared intact. The liver, spleen and kidneys were normal. There was more blood in brain than I expected to find. The free fluid was abnormal. The congestion appeared to be recent. The frothy serum in bronchials is unusual but I will not account for it. Choking might have something to do with it. The condition of heart, to my mind, is the principal factor in this case. The heart seemed about able to do its ordinary work and any undue excitement or over-exertion might cause it to stop. I should judge that something out of the ordinary must have disturbed the narrow margin that existed. The unusual quantity of dark fluid blood found in brain might be caused by choking.

Dr. A. A. McDonald, who assisted in the autopsy, was the next witness sworn. He agreed entirely with the evidence given by Dr. McMillan and with opinions and deductions found by him.. He considered that cause of death was heart failure brought on by fear or over-exertion and the rough handling that, according to the evidence of witnesses, was given the deceased might be sufficient to cause death. If heart had been left in its usual condition it might have gone on working.

Mr. J. D. Stewart, on behalf of the Crown, requested the Magistrate to amend the charge against the prisoner to murder but the Magistrate allowed it to stand.

The Magistrate after reviewing the evidence remanded the prisoner to the County jail of Kings County for trial at the next sitting of the Supreme Court.

—P. C. T. A —At a meeting of the Prince County executive of the Temperance Alliance, held in the Y. M.C. A. rooms, Summerside, last evening, a resolution was passed approving of the action of the Provincial Alliance in appointing a field secretary for the Island. From reports received from different sections much satisfaction was expressed at the way in which the funds to maintain this position were being received. Among other matters discussed was the calling of a general meeting of the Prince County Alliance the date of which meeting will be announced later.

—MEDICAL MEETING.—A meeting of the Prince County Medical Society was held in the Council Chamber, Summerside, Friday evening, with a large attendance of medical men from different parts of the county at which the following officers were elected:—Pres—Dr. A. —CASE SETTLED.— Through the efforts of Premier Mathieson and Hon A. E. Arsenault the department of Militia and Defence, the department has decided to make a grant to cover the defendant's cost and also the amount of the verdict in the case of Mrs. Webster vs. six members of the Summerside Rifle Association. The following are some of the moves in this important case. The plaintiff claimed to have been injured from a rifle bullet fired from the Rifle Range on August 31, 1910. On May 19th, 1911, a writ was issued against the defendants for $1500 damages and the case was tried in Georgetown in July, 1911 the trial lasting four days when the jury brought in a verdict for plaintiff of $950 and costs. From this decision the defendants appealed to the full bench and at the same time applied for a non-suit on several grounds. The argument on the appeal and these applications were heard in Charlottetown in January, 1912, when judgment was reserved, and in the following May the unanimous decision allowing a non-suit on the grounds that the defendants were members of an organized Rifle Association under the statues of Canada, and were entitled to notice before action which in this case, was not given, The defendants, notwithstanding this decision, were under considerable expense and as they claimed in one of their pleas,in which no decision was given in the judgment, they were not liable by statute being an organized Rifle Association. They therefore made application to the department for a vote to cover their expenses which has been granted as, well as $950 the amount of the verdict at the trial to reimburse the plaintiff for her injury. The application by the plaintiff for their costs was not granted. The defendants in this suit were H. R. Crockett, E. H. Monkley, J. H, Prichard, A. W. Leard, E. W. Manson and J. F. Lafferty.J.

—WEDDING BELLS.—The residence of Mr. and Mrs. Peter Warren, of Clinton was the scene of a very pretty wedding on May 14th, when their eldest daughter, Mabel Mae, was united in the holy bonds of matrimony to Mr. Hedley E. son of Mr. and Mrs. Harvey Woodside of Clinton. The ceremony was performed by Rev. John Murray, pastor of the Presbyterian church, New London. Miss Gertrude Bell of Stanley played Lohengrin's wedding march, as the bridal party entered the parlor. The bride, who was given away by her father, was prettily attired in white taffeta cloth, and wore the effective veil and orange blossoms, and carried a large bouquet of pink and white carnations. The bridesmaid, Miss Hazel V. Woodside, sister of the groom, wore a pretty gown of Copenhagen blue and also carried carnations. The groom was supported by William H. Warren, brother of the bride. The house was beautifully decorated for the happy event with wedding bells and trailing evergreens After congratulations had been showered on the young couple, the guests partook of a bountiful repast. The evening was then spent in music and social intercourse. About nine o'clock a large number of boys and girls with their bells and horns surrounded the house, and clamoured for a sight of the bride and groom.After they had been given the pleasure and a good supper, they quietly dispersed. The many handsome and useful presents testify to the esteem in which the young couple are held. The groom's gift to the bride was a handsome silver pudding dish, and to the bridesmaid a gold brooch, Mr and Mrs. Woodside's many friends wish them much happiness and success in their new home at Bradalbane.

THURSDAY

—AN INDIAN BAND.—The brass instruments ordered recently by Rev. J. A. McDonald, P. P. of Grand River for the Lennox Island Band arrived in Summerside yesterday.The instruments, 14 in all, were purchased from Whaley, Royce & Co., Toronto and cost $250 nearly all of which has been collected through concerts, teas and socials given by the Indians. A number of promising Mic Mac Musicians are being trained and will shortly, it is expected, develop into a first class band which will be a credit not only to their little island but to the whole province. Many of the Indians are gifted musically and look forward with keen pleasure to the time when they will have their own band. The Guardian heartily congratulates them on having overcome the first difficulty, securing the instruments.

Yesterday Charlottetown was en fete for the reception of and welcome to Bishop O'Leary. Flags were displayed on many buildings throughout the city. Strings of bunting and electric lights were hung across many of the streets and from the Steam Navigation Co's wharf, along Great George street to the Pro-Cathedral was gaily and picturesquely decorated.

The Pro-Cathedral and vicinity was electrically illuminated, making a most pleasing effect. The hall of the Knights of Columbus was artistically illuminated and the words "Welcome to Our Bishop" circumscribed the emblem of the order.

Many of the stores and buildings in the neighborhood of the Pro-Cathedral and along the route of procession were brilliantly lighted and decorated.

Unfortunately the weather was unpropitious. Rain fell in torrents during the day but faired somewhat towards the evening.

Notwithstanding the unfavorable weather crowds thronged the streets as the steamer neared the wharf. The various societies took their places in the parade and the Cathedral bell pealed forth a joyous welcome to the new Bishop.

The Northumberland docked earlier than had been expected and as a result the societies forming the parade were not on hand at the landing. His Lordship, his brother, Dr. Louis O'Leary, of Chatham, Father Wheaton, who succeeds the Bishop at Bathurst, Rev. Maurice McDonald, Dr. S. R. Jenkins, Messrs. Jas. McIsaac and Alex. McDonald, who accompanied him from Pictou, were met at the wharf and the Bishop was reverently received by Dr. G. J. McLellan of Charlottetown. The procession which had started from Queen street met the carriages at the head of the wharf and reforming proceeded to the Pro-Cathedral in the following order: The first carriage with His Lordship, Bishop O'Leary, Dr. Louis O'Leary, Father Wheaton and Dr. McLellan; the second with Father Maurice McDonald, Charlottetown, Father McDonald of Pictou and Messrs. R. and H. O'Leary; the third carriage Messrs. Jas. McIsaac, Alex. McDonald, Dr. S. R. Jenkins and Hon. James McNeil; the B. I. S.; A. O. H.; 8th Regt. Band; C. M. B. A.; Knights of Columbus; League of the Cross. The procession which was headed by the League of the Cross Band, was marshalled by Mr. P. S. Brown.

The interior of the Pro-Cathedral was beautifully decorated, the color scheme being yellow and white, the papal colors. On either side of the door and on either side of the altar was the Union Jack and the Bishop's Papal flag.

IN THE PRO-CATHEDRAL

The Pro-Cathedral was crowded to its fullest capacity when the episcopal procession entered. Among those present were His Honor, the Lieutenant-Governor and Mrs. Rogers, the Hon. the Premier and Mrs. Mathieson.

While the Bishop was robing, the children's choir rendered the hymns for the month with much feeling and expression. After being duly installed the new Bishop, preceded by cross-bearer, Rev. Pius McDonald, and about thirty surpliced priests, proceeded to the altar. His Lordship was attended by Father P. P. Arsenault, Deacon; Father M. J. Smith, Sub-Deacon; Father I. R. A. McDonald, Master of Ceremonies, and Mgr. Phelan, late Administrator of the Diocese, and a number of other dignitaries.

The Rev. D. J. G. McDonald read the papal bulls regarding the appointment of the new Bishop.

The Rev. Mgr. Phelan then read the address of the clergy as follows:

The Right Reverend Henry Joseph O'Leary, D. D.,
Bishop of Charlottetown.

May it please Your Lordship:

We, the members of the clergy of the diocese of Charlottetown, beg leave to give expression to the feelings which animate us on this auspicious occasion.

Our hearts to-day are over-flowing with joy; and the cause of this joy is twofold. Owing to the long-continued illness and death of our late lamented Bishop we have been as orphans for the past three and one-half years; and, consequently the announcement that our fatherless condition was about to cease was, in itself, most welcome to us.

But our joy and satisfaction were enhanced by the fact of our knowing that he whom the Holy See had chosen to be our ruler and guide, was a man of ability and character, already distinguished, in spite of his comparative youth, for his scholarship and his prudence. Thus the homage and obedience we would naturally tender to a dignitary whom Our Holy Father should send to exercise authority over us, are, by reason of these circumstances, accompanied by the deepest feelings of love and respect.

With the fullest sincerity of our hearts, therefore, we welcome Your Lordship as the Spiritual Head of our diocese, to whom we offer unqualified and unquestioning submission.

It is for us a matter of extreme re-
