BRIDGE ACROSS DETROIT RIVER IS NOW PRACTICALLY CERTAIN

Company Has Been Authorized to Dispose of \$5,500,000 in Stocks and Bonds—Proposed Structure Will be of Suspension Type.

LANSING, Mich., Nov. 22.—Construction of an international bridge between Detroit and Windsor is now believed to be certain as the result of the Public Utilities Commission's order today authorizing the American Transit Company incorporated in Nevada, to do business in Michigan and to sell \$5,500,000 of stock and 4,000,000 of bonds.

This company had previously obtained authority by special act of Congress to construct a bridge across the Detroit River and its sister corporation, the Canadian Transit Company, has obtained similar authority through Act of Parliament. The bridge is to cross the river from a point near foot of West Grand Boulevard.

Thomas G. Baillie, attorney for

the American Company announced after assurance of the order that condemnation proceedings to obtain land for a Detroit approach to the bridge will be commenced this winter. It is planned to commence actual construction work in the spring.

The bridge will be of the suspension type, the decks being supported from cables of nickle steel wire. The central span will be longest single bridge span in the world. The bridge will actually have two decks, one for railroad trains and one for foot traffic, vehicular and street cars, the decks for street traffic will be constructed first, the bridge with this deck costing \$15,000,000. The railroad deck, to be built later, will bring total cost to \$28,000,000.

MR. KING AND THE G. W. V. A.

COBALT, Ont., Nov. 22.—Replying to the G. W. V. A. questionnaire which was placed before him at Saturday night's meeting here, Mr. King, leader of the Liberal party, declared he would favor, if returned to power as expected, he would be having the waning matter of soldier re-establishment thoroughly investigated by a special committee of parliament to see whether there is anything which Canada could do for her returned men, which has not yet been done. "Our duty to returned men, their dependents and dependents of those who did not come back is clear," Mr. King stated. "It is a demand that we treat their requests with generosity which is more than mere justice. To men who sacrificed their all in a fight for freedom, we owe all the freedom we have today and we cannot afford to let one of our returned men or dependents suffer."

St. John River Sealed With Ice At Fredericton

FREDERICTON, N. B., Nov. 19.—The St. John River is sealed with solid ice from Fredericton to Gagetown, twenty-six miles below here, and river men believe the 1921 season of navigation stands closed as from Nov. 15.

Available records show only three occasions when navigation on the St. John closed earlier, the dates being: Nov. 11, 1904; Nov. 6, 1863, and Nov. 5, 1833. According to traditions the early freezing of the St. John has always been followed by a severe winter. The 1921 season of navigation of the river extended over 232 days, having opened on March 23, the second time in history before April 1.

"BLUEBEARD OF GAMBALS" AS SAMARITAN IN ANSWER

VERSAILLES, Nov. 17.—Henri Landru, alleged "Bluebeard of Gambais," on trial in the Assizes Court here charged with eleven murders, today assumed the role of good Samaritan in his answer to the Charge of murdering Mile Andree Bately, his seventh alleged victim. Mile Bately was the only girl in the list of ten women whom he is charged with having murdered. The others were all elderly or middle aged.

In his answer to the charge of murdering Mile Bately, Landru said he merely had befriended the comely girl whom he found weeping and out of work, with only two francs left. He told the court he, therefore, could not have murdered her for money.

Calls For Crusade For Social Purity

Mrs. Kankhurst Says Canada Offers Better Field Than England

TORONTO, Nov. 18.—An appeal for public support for the Canadian National Council for Combating Venereal Diseases was made by Mrs. Emmeline Kankhurst, at a meeting held under the auspices of the Toronto Branch of the council yesterday afternoon at the home of Lady Plavelle in Queen's park. Mrs. Kankhurst, who, since her visit to the city in May of this year, has been doing propaganda work for the council in the Western Provinces, said that she felt her part in the program in the work of the council was to awaken right thinking men and women to the realization that something must be done about present conditions. "Until such time as measures directed against venereal diseases should result in eradication or at least diminution of the social evil, no individual, no family, no nation could be called sane."

Mrs. Kankhurst also made an appeal for protection for women in this matter and for the acceptance of a single standard of morals for both sexes. With conditions in Canada, she believed it to be easier to deal than with those in Eng-

Passion Play Committee Firm

OPFERMERSGAU, Bavaria, Nov. 21.—The Passion Play committee, which recently has been bombarded by proposals from United States moving picture concerns for the privilege of filming the production in 1922, when the play will next be performed, is standing firm in its refusal to play Judas to our tradition, despite our poverty," it puts it.

The committee, it is said, has refused offers running as high as 7,000,000 marks, representing a huge fortune to the villagers.

land, insofar as Canada is a new country, is none amenable to reform and has a smaller population. In conclusion, the speaker mentioned the possibility, based on medical evidence, that if the movement were to succeed perhaps half the hospitals in Canada would be closed.

Other speakers were Dr. Gordon Goss, Dr. E. A. Hardy and Mr. Justice Riddell. The problem, he named, he said, is a disease, normally, it affects the happiness, morality and mental growth of the community. Among other things, Dr. Bates mentioned supervised dance halls as definite blot of immorality.

OTTAWA TEAM ORGANIZING

Ottawa have signed on trial Art Conroy, of St. Paul, members of the American Olympic team of 1920, reputed to be one of the fastest players in the United States. He comes highly recommended and is said to be as good a man as Frederickson, the Falcon sensation who set the Coast league shame last year.

To Study Physiological Changes Among People In High Altitudes

CAMBRIDGE, Mass., Nov. 21.—The party will include Dr. Alfred Eight medical investigators are to sail from New York for Peru to ascertain in the Andes how people live so high.

The party will include Dr. Alfred Eight medical investigators are to sail from New York for Peru to ascertain in the Andes how people live so high.

TO STUDY PHYSIOLOGICAL CHANGES AMONG PEOPLE IN HIGH ALTITUDES

Eight Medical Investigators to Sail From New York for Peru to Ascertain in the Andes How People Live so High.

CAMBRIDGE, Mass., Nov. 21.—The party will include Dr. Alfred Eight medical investigators are to sail from New York for Peru to ascertain in the Andes how people live so high.

The expedition was organized by Joseph Bancroft, of Cambridge University, England, who will also be accompanied by Prof. J. G. Meekins of Edinburgh University and Dr. Daggart, of King's College Cambridge.

HARVARD DEFEATED YALE TEN TO THREE

CAMBRIDGE, Mass., Nov. 21.—Harvard spirit and Harvard system won the annual Yale-Harvard game yesterday, 10 to 3. It was a last period victory in which a touch down by Owen, a goal kicked from it by Buell, and a goal from the field by Owen rolled up points for the Crimson against the three gainers of Yale through Captain Aldrich's field goal in the first period.

The Harvard win was generally unexpected, coming as it did at the close of the season of uncertainty for the Crimson eleven and the closely unbroken success of Yale. It threw into a triple tie for the first time in history the standing among the Big Three, Princeton defeated Harvard, Yale defeated Princeton; now Harvard has defeated Yale.

This Yale-Harvard game was played in the stadium before a crowd of 55,000. Yale, a heavier and harder hitting eleven, gave its all in the first three periods. Then Harvard changed tactics, assumed

Cannot At Once Remove Embargo

LONDON, Nov. 18.—A deputation representing the importation of Canadian Cattle Association today waited on the Minister of Agriculture, Sir A. Griffith-Boscawen, and urged in the strongest possible terms that the embargo against Canadian cattle be removed without further loss of time.

After the deputation had stated its case, the Minister replied that in the first place the report of the evidence given before the Royal Commission on cattle importation has been published only this morning, and consequently all parties concerned had not had time to consider this evidence. In the second place, legislation would be required to remove the existing embargo and it had been impossible in the short session which had just terminated to introduce such legislation, because the session had, by common agreement, been devoted exclusively to questions concerning Ireland and unemployment.

The Minister added that he fully realized the strength of the movement in favor of the removal of the embargo, but pointed out that there was on the other hand a very large and extensive movement against such a policy. He undertook to report the views expressed by the deputation and put the whole case quite impartially before the Cabinet, who would doubtless consider the matter at an early date.

WEEK OF PROGRESS FOR ARMAMENT CONFERENCE

WASHINGTON, Nov. 22.—The third plenary session of the Armament Conference was called to order by secretary Hughes at 11.01 after photographs had been taken of the historic occasion for the first time.

In introducing the subject of Land Armament Secretary Hughes said there was no problem there for the United States, whose traditional policy was to maintain a small army. Secretary Hughes said he took pleasure in stating that gratifying progress had been made during the first week of the conference. The United States fully recognized, however, the apprehensions and difficulties of the foreign powers regarding land armament, he said. Proposals of the United States regarding the limitation of naval armament, continued Mr. Hughes had been under consideration by the committee of plenipotentiary delegates, aided by the subcommittee. The matter is progressing favorably. Regarding the conference of the nine powers on Pacific and Far Eastern questions Mr. Hughes added, while most important declarations had been made, there was nothing at the moment to present to the plenary session. "I think I am justified in saying," Mr. Hughes continued, in speaking of the Far Eastern questions, "that our expectations with reference to the expedition and consideration of these questions have been more than realized. So far as the army of the United States is concerned no question is presented."

CONDENSED SPECIALS

ROOMS TO LET—Apply 58 Queen St.

WANTED—40 pullets, White Wyandottes preferred. Apply to Guardian Office.

WANTED—Maternity cases in a private home. Apply to 11 Park St.

Our long experience is a guarantee for our work. All the work is done in our offices, Charlottetown. Open evenings.

Accountant Is Arrested

QUEBEC, Nov. 23.—Canadian Royind Ford and Son, paper manufacturers at Prot Neuf, was arrested here on Saturday, afternoon by provincial detectives as he was about to take the train to return to Fort Neuf.

The warrant for the arrest of Makakoa was sworn out by Mr. Rowland Ford and the charge made is of appropriating funds.

The charge against Makakoa followed on audit of the books of the company which were made recently.

THE YOUTH'S COMPANION HOME CALENDAR FOR 1922.

The publishers of The Youth's Companion are sending to every subscriber whose subscription (\$2.50) is paid for 1922 a Calendar for the new year. The tablets are printed in red and dark blue, and besides giving the days of the current month in bold legible type give the Calendar of the preceding and succeeding months in smaller type in the margin. The Companion Home Calendar has been published in standard form for many years and is every where in quest because of its convenience and novelty.

STUCK FAST

"When a feller needs a Friend."

THE LIBERAL MIX-UP

The Liberal platform of 1919 calls for the total abolition of duties on a vast amount of our products, and a reduction of tariff upon the rest. Mr. King says it is only a "chart." Sir Lomer Gouin, Mr. King's chief supporter in Quebec, says he is for protection. Mr. Fielding, Mr. King's chief supporter in the Maritime Provinces, says he is for Reciprocity with the United States. Dr. Michael Clark and Hon. Duncan Marshall, Mr. King's chief supporters in the west, say there are for free trade. Mr. Campbell, the Liberal candidate in Kingston says:

"I am in accord with the general policy of the Liberal party, but there is one point on which I want to be clearly understood and that is my belief that a protective tariff is in the best interests of Kingston and Canada."

Every man has a right to keep his opinions to himself.
