Hun Prisoners for Home

AMHERST, July 23.—The internment camp presented a busy scene this morning when 500 of the German prisoners who have been in detention since the early stages of the war, boarded a special fifteen-car train and took their departure for Quebec, from which port they will eventually embark for Germany. It was not generally known about town that the detachment was leaving today, and consequently few people were on hand to witness the removal of the Huns. They were under armed escort, and boarded the cars in a very orderly manner. That they were all bubbling over with happiness was evidenced by their faces, wreathed with smiles of contentment.

The Germans and other alien prisoners were brought to Amherst in 1915, and represent sailors, marines and civilians. Austrians, Turks and Bulgarians are included among the number, who have been detained at the camp, but those leaving this morning, are Huns alone, composed of the crews of the Kaiser Wilhelm der Grosse, and other German ships captured on the high seas. The detachment is in charge of Major Knowles, Lieut Jennings and twenty-five of the guards. At Quebec the party will be taken over by Col. McPherson, of the headquarters staff, who will conduct them overseas on the transport Brazilian. The twenty-five guards will comprise part of the escort that is to accompany the detachment overseas to Germany. There are now left in the internment camp about 350 prisoners. It has not been announced as yet when the remaining number will be deported.

THINKS WORLD REVOLUTION IS SURELY COMING

LONDON, July 23.—Bela Kun, deposed head of the Hungarian Soviet government, is quoted in an interview by the Reuter correspondent at Budapest under date of July 18, as saying that he was convinced world revolution is inevitable but, in the meantime, Hungary was willing to make peace with what he termed the capitalistic nations. "There has been much talk about an Entente ultimatum to Hungary, but none has been received, and I doubt if it ever will be. If it does come, however, the Soviet Government is prepared to adopt a courageous policy. "The Hungarian government will never admit that the Entente has a right to interfere in Hungary's international or domestic affairs. The new government has nothing to do with Hapsburgs." A Socialists Government was imposed

Another Strike in Liverpool

(Special to The Guardian.) LIVERPOOL, July 23.—Virtually all the liners due to sail from Liverpool today were unable to leave their docks because of a strike of dock gate-men in sympathy with the men engaged on the dredges, who are out by the end of the week. It is feared that the 30,000 dockers in Liverpool will join the strikers.
