**RESIDENTS HONORED.**—On the eve of their departure to take up their abode in Charlottetown, Mr. and Mrs. A. J. Dougan and family, Tracadie Cross were agreeably surprised on Monday evening, June the 29th, when a number of the young folks of the surrounding districts gathered in and in a well worded address accompanied by a suitable gift read by Mr. J. J. McDonald expressed their regret at their departure and hoped that the ties of friendship which had existed would not be parted but grow stronger as distance severed them. Mr. and Mrs. Dougan although completely taken by surprise each replied in suitable terms thanking the young folks for their kind remembrance, and saying that although they were leaving they would ever cherish bright in their memory the days that were gone by and that the ties of friendship that had existed would still continue to exist. Mr. Dougan then had the floor cleared away and to the sweet strains of music furnished by Mr. J. J. McInnis the light waltz to till the wee sma' hours when a night of enjoyment long to be remembered was brought to a close by all wishing Mr. and Mrs. Dougan and family long years of continued prosperity and happiness.—S.

**Dominion McLaughlin Tudhope Canada**

These Carriages, are Built Better, Look Nicer, Last Longer and Give Greater Satisfaction Than Others

You would naturally think on account of the marked superiority in workmanship, material and finish, these four famous lines of Carriages would be much higher in price than inferior ones, but they are not, in fact some of the carriages made by these four factories are extremely low in price. Because the vehicles made by the McLaughlin, Canada, Tudhope and Dominion factories are twice as good isn't sufficient reason why they should cost twice as much—a skilled mechanic doesn't take twice as long to do twice as much work twice as good as the unskilled one. There, that's why the four high quality lines of carriages we sell are no higher in price than the cheap inferior ones offered by others.

Although our showing is much larger this season than ever before, the nicest and best carriages are going fast. Call and see our showing today, if you see the vehicle you want take it while you may.

**We Have Here**  
Harness of all kinds, for all purposes—trucking, driving and track; in single, double and individual parts. The mountings are of nickel, solid nickel, brass or chrome and genuine rubber.
