Suggestions to Women "Just Ready to Drop"

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired out next morning as when you went to bed, you need help. Vinol will help you just as it did these two women. Why not try it?

HERE IS PROOF

Pittsburgh, Pa.

"I keep house for my husband and myself and I got into a weak, run-down, nervous condition and no appetite. I heard how Vinol helped others and tried it and it built me up so I am strong, have a good appetite and feel better in every way." — Mrs. James Croker.

Holmdel, N.J.

"I live on a farm and am a hard working woman and for weak, run-down, overworked conditions have found nothing that will create an appetite, build me up and make me strong equal to Vinol. It helped several others in our neighborhood, too." —Mrs. Thomas Ellis.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

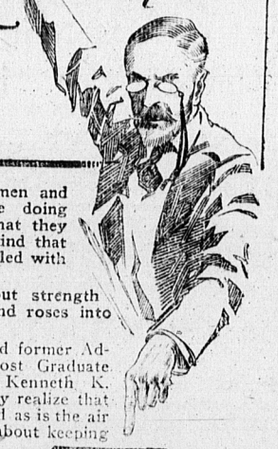
Nuxated Iron Helps to Spread Health and Strength to 3,000,000 People Annually.— Get Your Share!



When you think of the successful men and women you know—people who are doing things worth while—you will find that they possess force, vim and energy—the kind that simply brim over when the blood is filled with iron.

Iron is red blood food—it helps put strength and energy into the veins of men and roses into the cheeks of women.

A prominent New York Surgeon and former Adjunct Professor of the New York Post Graduate Medical School and Hospital, Dr. Kenneth K. MacAlpine, says: "If people would only realize that iron is just as indispensable to the blood as is the air to the lungs and be just as particular about keeping up a sufficient supply at all times there would, in my opinion, be far less disease resulting from anaemic, weakened conditions. In my opinion, Nuxated Iron is the most valuable tonic, strength and blood builder any physician can prescribe."

MANUFACTURERS' NOTE: Nuxated Iron, which has been prescribed and recommended by physicians and which is used by over three million people annually is not a secret remedy, but one which is well-known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated and does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money.

The powders are so easy to take that the most delicate stomach can assimilate them and welcome them as speedy easers of pain, because they promptly kill the worms that cause the pain, and thus the suffering of the child is relieved. Sixteen Ounces to the Pound

Avoirdupois Weight Versus Apothecary

There seems to be a common error in the minds of many people regarding druggists weights.

For instance, when they buy Cream of Tartar, borax, sulphur and many of the other thousand and one things which are sold in a drug store, —they think they get Apothecaries weight — twelve ounces to the pound.

This is a mistake, for Avoirdupois weight — sixteen ounces to the pound, is used in such cases.

Apothecaries weight is used only at the prescription counter or in the compounding of other medicinal preparations

One pound Apothecary, consists of 12 ounces of 480 grains each—a total of 5,760 grains to the pound.

One pound Avoirdupois, consists of 16 ounces of 437 1-2 grains each—a total of 7,000 grains to the pound.

The Apothecary ounce is the heavier, but the Avoirdupois pound is the heavier by 1240 grainge, because it contains 16 ounces Avoirdupois

When you trade here—you get a 7,000 grain ponnd and the tinest drugs money can buy.
