Morning Stock Letter

(Received Over Pitfield & Co.'s Private Wire)

NEW YORK, Oct. 31—The most important news this morning which might have influence on the market concerns the maritime strike of the Pacific Coast. Its importance will depend on how long this strike will last. Whether it will extend to the Atlantic Coast or whether it will bring an extension to other industries. According to Dow Jones there is a sympathetic strike in New Orleans today of 500 men in Mobile, Ala., of 450 men. As far as politics is concerned the results are still in the lap of the gods. The strength of the utility shares yesterday was the most interesting development of all and at the close last night these shares gave indications of going higher. As far as the general market is concerned today, we would look for irregularity due to maritime strike, the four day advance, the week-end and the nearness of the presidential election. Tidewater Associated Oil for the third quarter earned 39 cents against 27 cents in the third quarter of last year. Amerada earned 60 cents against 56 cents and American Bank Note 35 cents against 82 cents.

MARKETS AT A GLANCE

(By The Canadian Press)

Toronto and Montreal—Industrial stocks irregularly lower.
Toronto Mines—Higher.
New York—Stocks unchanged.
Winnipeg—Wheat up 3-8 to 1-8 cents.
New York—Cotton lower.

PRODUCE

MONTREAL, Nov. 1 — (CP) — Butter prices eased narrowly on Montreal open produce markets last week while cheese, eggs and potatoes held quietly steady.

Butter sold around 24 cents per pound for carlots or less of No. 1 while lots to retailers were 25 for solids and 25 1-2 for prints.

GRAIN

WINNIPEG, Nov. 1—(CP)—Supported by brisk foreign buying, wheat futures prices successfully resisted heavy selling on the Winnipeg grain exchange Saturday.

The close was 3-8 to 1-8 cent advanced, October at $1.08 1-2, November $1.08 3-8, December $1.05 3-4 and May $1.06 5-8.

The day's export sales were placed at 1,000,000 bushels, supplying sufficient buying power to enable the market to absorb liberal offerings credited to Chicago sources.

Helpful locally was comparative steadiness at Liverpool, which closed 1-8 advanced to as much lower. Chicago was firm. Cash grains spreads were fractionally improved. Inactivity prevailed in coarse grains with prices following wheat.

Probe Cause Of Earth Disturbance

TEGUCIGALPA HONDURAS, Oct 31—(AP)—Technicians set about today to determine whether an underground lake or an old mine caused huge cracks in the earth that destroyed an entire suburb here.

Numerous houses in El Eden suburb were wrecked by the earth sinking. Not one escaped damage. Whole families fled the area.

Big crevices, 75 feet long, 18 feet wide and 15 feet deep today marked the site where houses stood before.

Residents told of hearing subterranean noises which the first sinking occurred and the theory that a lake somewhere below Tegucigalpa was trying to break through was advanced from ancient tradition.

Love Loses Race Against Death

WALTHAM, Mass., Oct. 30 —(AP)—Love lost its race with death here today.

Frank Rolli, 30, Boston University law student, died in a sanitarium as Miss Frances M. Sindonis, 25-year-old Lynn girl, who yesterday obtained a waiver of the five-day law that she might marry him at once, was on her way to his bedside.

Rolli, suffering from a nervous breakdown and tuberculosis, suddenly weakened after discussing plans for his wedding.

Offer Assistance In Support Of Lewis

TRURO, N.S., Oct. 31(CP)—Assistance to 3,500 steel workers of Nova Scotia in organizing a union affiliated with John Lewis' committee on industrial organization was promised today by United Mine Workers' district No. 26.

The collective strength of the 12,000 U.M.W. members in the district will be loaned to the steelmen of Sydney and Trenton who, "afraid of their jobs and their meal tickets," were "backward" in pressing for improved conditions in their industry.
