WILL THERE BE WAR?

We mean, will there be war between the Dominion Commercial Travelers' Association and the Province of Prince Edward Island? The question arises because the D. C. T. A. aforesaid at its annual meeting in Montreal on Saturday last resolved to urge upon the Dominion Government not to pay the increased subsidy to this Province until such time as the tax upon commercial travellers shall be removed. We hasten to assure our readers that there will be no war.

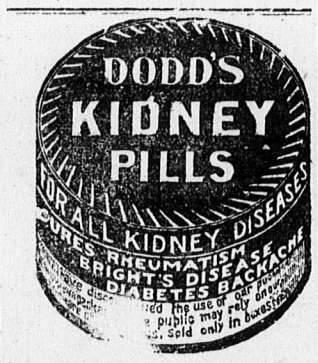
The D. C. T. A. has spoken unadvisedly. It may urge upon the Dominion Government not to pay the additional subsidy but the additional subsidy will be paid all the same. We say this although we have no favor for the tax on the commercial travellers and would be glad to see it abrogated. As governments and human nature are constituted the attempt of the D. C. T. A. to force the repeal of the tax will be more likely to retard than to hasten the repeal. The genial travellers will invade this Province, no doubt, as heretofore, when the ice permits, but it will be a peaceful invasion. There will be no war.

CONCERNING "OBSTRUCTION."

We note some complaint that the Opposition at Ottawa are delaying and obstructing public business by moving amendments to the address, and speaking thereto. It is a way that Oppositions have and long have exercised, even in the days when the leader of the Opposition was not a salaried officer of the country. He ought now to do somethig to earn his salary.

The moving of amendments to the address or to Government measures accompanied by prolonged debates thereon is not by any means peculiar to a Conservatibe Opposition. In the olden time, 1878 to 1896 the Liberal leaders made very frequent and prolonged attacks in this fashion. Judged by the standard new applied by some Liberal journals, Mackenzie, Blake, Cartwright, Davies and others were great sinners in that regard in days past.

So much depends upon whose ox it is that is gored! And then we must also bear in mind that the last session before a general election is always very fruitful of inquiry and discussion. The members on both sides are desirous to place themselves and the party and policy they support in the best possible light before the country. This is also quite proper in its way. There has been so far during the present session no "obstruction" at all comparable to what both parties have been guilty of in past years when in Opposition.



A CASE OF POISONING.

Not unfrequently caused by cheap acid corrosives. Be safe and use Putnam's Corn Extractor. Purely vegetable harmless and always sure. Insist on "Putnam's."

W. K Rogers, Esq.,
Canadian Life Assurance Co.,
Charlottetown, P. E. I.

DEAR SIR:—In August 1871 I took out a long term endowment policy for $1500 in the Canada Life, and annual premium being $26.40. Every five years since then without a single exception the Company have advised me of an increased amount of insurance added to my policy and today you hand me in the Company's check for $1,516.42 which is for $600. more than the amount I have paid in premiums. When I consider that I have been insured all this time for an average amount of about $12 00 and that I now receive such excellent cash returns, I feel that I have been most liberally dealt with and wish the Company the success it so well merits.

Yours Truly,
P. BLAKE.
