No Criminal Docket At Supreme Court In Prince County Capital

Absence Of Serious Crime In The County Is Favorably Commented Upon By Mr. Justice Saunders.

The Supreme Court opened at Summerside yesterday morning, Mr. Justice A. C. Saunders presiding. As there were no criminal cases on the docket, His Lordship was presented with a pair of white gloves. It will be recalled that at the June term Chief Justice Mathieson was presented with white gloves and made the remark that it was the first time for many years that there had been no criminal cases at the assizes.

Civil Docket

The civil docket consisted of two civil jury cases—The Royal Bank of Canada vs. Peter A. MacMahon—an appeal case. Mr. Adrien F. Arsenault acting for the Royal Bank and Mr. Alban Farmer for Mr. MacMahon.

The King—Percy Kinch respondent, Melbourne P. Titus appellant. Lawyers acting, W. H. Noonan and Thane A. Campbell, K.C.

The King—K. W. Henry Engel respondent, Gus Gallant appellant, W. Henry Noonan and C. D. MacCallum.

The King—George N. Oliver, respondent, Gerald Redmond and William Millman appellants.

Grand Jury

Following were the grand jurors: Messrs. Clarence Morrisey, Tignish, foreman; A. P. Wells, Gordon W. Dawson, Summerside; Stanley Tanton, H. B. Bernard, St. Eleanor's; Daniel Smallman, John Beaton, O'Leary; John Hacker, Tignish; E. Roberts, Kinkora; A. C. Green, Alberton; Wallace MacCallum, Turner Glydon, Margate.

Counsel present: Hon. H. F. McPhee, Attorney General; W. H. Noonan, assistant Attorney General; A. F. Arsenault, Heath Strong, K.C., Thane A. Campbell, K.C., T. L. Compton and C. D. MacCallum.

Judge's Address

His Lordship in his address to the Grand Jury congratulated the people of Prince County that there were no criminal cases on the docket. The method of having speedy trials for some cases was now sometimes responsible; but His Lordship said he had made careful enquiry and had found there had not been many criminal cases before the County Criminal Court. This was indeed a sign of general improvement in the County. This was due to one of three things: That the Attorney General's department was more vigilant; that the R.C.M.P. now in force in the Province had better control over lawlessness or that the people were becoming more law abiding. At any rate it was a source of great satisfaction that there was a general improvement.

His Lordship referred to the fact that there had been several level crossing accidents and recommendations for safer measures and the cutting down of high hedges which obstructed the view of motorists would be in order.

His Lordship spoke in complimentary terms of the manner in which the jail was kept. He considered that the jailor was to be highly commended in keeping the prisoners employed scrubbing and cleaning the Court House and it was an object lesson to the other County jails that prisoners could be kept busy keeping the jails clean.

He thought it would be hard to find a cleaner and better kept building in the whole of Canada.

His Lordship was pleased to say that world conditions appeared to be improving and that Canada was following the lead of Great Britain in reducing her interests and having less unemployment.

His Lordship deplored the low price of potatoes at the present time. He was sure that the Federal and Provincial Governments were anxious and willing to assist the farmer; but it was difficult to arrive at the best solution. The government of the day was willing to listen to suggestions from farmers.

He felt that some arrangement could be made with the Potato Growers Association and the Marketing Board to assist the farmer. If every farmer could register the amount of his crop with the Association, so that they would have an idea of the quantity to be marketed, markets might be found where there is a shortage of corn and wheat as in parts of the United States, potatoes being a good substitute for these feeds, then the government might be induced to loan money in advance to the farmer on his crop.

Grand Jury's Report

At the resumption of the Court after recess the Grand Jury brought in their report.

"To His Lordship Mr. Justice A. C. Saunders:

"May it please Your Lordship we the Grand Jury of Prince County at the November 1934 sitting of the Supreme Court, beg leave to report as follows: We have inspected the building and jail premises and found them very clean and in good condition, but recommend that muresco and paint be supplied for the ceilings and walls. The jailer informs us that he applied for this material but had not yet received any response. We would also recommend that a new floor be put down in the hall and at the northwest room of the building as the present one is unsafe and unsanitary.

"We also recommend that more severe penalties should be meted out to reckless drivers and those driving to the common danger especially those driving while under the influence of liquor.

"We further recommend that the bushes at all crossings and intersections of roads be removed or cut down low enough so that motorists sould see over them.

"We view with alarm the appalling loss of life in level crossing accidents and that the authorities be asked to do everything possible to avoid such accidents.

"On account of the deplorable financial condition of many farmers we do strongly recommend that the Government take steps to establish a Farm Loan Board with the object of reducing the interest rates on mortgages and farm loans."

(Signed)

Clarence Morrissey, for self and fellows.

The Court adjourned until this morning at 11 o'clock when the case of the Royal Bank of Canada vs Peter A. McMahon will be tried before a civil jury. Mr. Adrien F. Arsenault for the Royal Bank and Mr. Alban Farmer for the defendant.

Farewell Gathering

On Oct. 30th, a very enjoyable evening was spent at the home of the people of the United Church, Mr. and Mrs. Geo. E. Brown when Kensington met to pay their respects to Mr. and Mrs. Brown and family on the even of their departure from the community and to wish them every happiness in their new home at Charlottetown.

Rev. Mr. Loring on being appointed chairman called the meeting to order and in a few well chosen words explained the object of the gathering. He spoke of his high regard for Mr. Brown and family and of his deep regret at their departure from our midst.

Mr. J. A. MacKenzie then read a highly complimentary address paying many a tribute to the worth and work of our departing friend, as a valuable member of the session, as a loyal supported of the church's work, as a farmer and as a breeder of high class foxes.

Mr. Heath Casley then presented Mr. and Mrs. Brown with a beautiful hall table and plate glass mirror. Mrs. Loring on behalf of the W. M. S. read an address thanking Mrs. Loring for her willing support as a member of the Society and in other avenues of the church's work, and also for her kind hospitality in the home.

Mrs. Brown was the recipient of some charming cut glass 22k gold trimmed goblets from the Society.

A dainty luncheon was served by the ladies of the congregation and the remaining time was spent in the singing of old time selections while solos by, Mr. Harold Laird, Mrs. Geo. E. Brown and Mr. Harry Brown were heartily enjoyed by all.

After the singing of "For they are jolly good Fellows" all dispersed to their homes feeling the evening had been only too short.

APPRECIATED DONATION OF VEGETABLES

Interesting Letter Received From Sask. Drought Area By P. E. I. Today.

The appreciation with which donations are being received in the stricken areas of Western Canada, is expressed in the following letter, received from a family in Maxstone, Saskatchewan by Miss A. P. Noonan, of Bedeque. Miss Noonan had sent a bag of carrots in a car lot shipment forwarded recently from Seven Mile Bay and had enclosed a note in the bag, with her name and address. The reply she received, dated Nov. 8th, was as follows:

"Dear Miss Noonan"—We of the Maxstone district wish to thank you all for your generous donation by way of vegetables which we received this week. It is a great feeling to know that there is always someone to give a helping hand in time of need. I might say I was fortunate to get the carrots you sent and my family and I sure appreciate same as they are dandy.

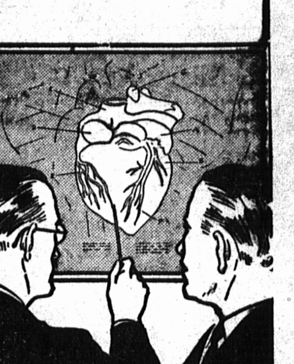
"I suppose you people in good old P. E. I. would like to know a little about this part of the country. Well I am sorry to say that conditions around her are very bad. We have not had any crop for six years, or any gardens and we have to depend on the government for all we get, (outside of donations such as you sent). Now, just to illustrate, there are five in my family, one girl 17 years old, 2 boys 15 and 12, and I receive for groceries and flour the sum of $11.50 per month, so you will se, we are not living in luxury. I might say that this part of the country was one of the best wheat producing districts in the Dominion, and now it looks as though it is done. I have been here for twenty-four years so I ought to know a little about this part. We are living about 80 miles S. W. of Moose Jaw, so you will no doubt be able to find it on the map. Again, I wish to thank you one and all for your donations, and can assure you should conditions ever reverse, we will be only too glad to send you in P. E. I. some of our produce.

DANISH HELEN KELLER SAVED

Lily Jensen, called the "Helen Keller of Denmark," is declared at Copenhagen to show possibilities of equalling, and maybe surpassing, the famous American. Her experiences were much more harrowing. Losing her sight and hearing through an illness when three years old she was placed in a home for mental defectives until her actions, peculiar because of her loss of sight and hearing, reached the ears of the director of the Fredericia deaf and dumb institute. He placed her in charge of an expert instructor, who found her to be an unusually bright child, and taught her to write, to read Braille and to master most of the subjects learned by other children. Lily, now 18, is a healthy, happy and very nearly normal girl.

THE WORLD'S MOST EFFICIENT PUMP

Don't Abuse It With Caffeine



No man-made pump is so efficient as the human heart. It has stood for days a heavy overload; it keeps going though sometimes speeded up beyond its normal speed; if its valves leak it puts on extra effort and still does good work. Yet how we humans abuse it! We over-stimulate it constantly with both tea and coffee. These beverages contain caffeine, a powerful stimulant as hospital staffs well know. *Perhaps your heart is being harmed through the use of tea and coffee.*

There are, of course, many people who can drink tea and coffee in moderation without feeling the ill-effects—without suffering from sleeplessness and other distressing disorders. But not everyone, by any means.

Don't abuse your heart with caffeine. Drink Postum—free from all drug stimulants. Delicious—sustaining—economical. Good for the whole family. Instantly made in the cup, at a cost of about half-a-cent. 45 cups to a 30c tin. Or there's Postum Cereal made by boiling or percolating 20 minutes. Make a 30-day test. We'll start you on your test by giving you your first week's supply of Postum free. Write to Consumer Service Department, General Foods, Limited, Cobourg, Ontario.

TAILOR DONATES ART

Niels Rydeng, a modest tailor has become a highly honored citizen of Helsingfor, Denmark, by presenting to the city a valuable collection of Scandinavian paintings. Some are the most valuable works of art produced there in the last half-century. Rydeng started as a cowherd, then became a tailor's apprentice, then started for himself. He does not claim to know art, but he knew the impoverished artists, befriending them by making suits in exchange for paintings. He quietly hung picture after picture on walls of his shop until at 60 he had 80, which he has just donated. With 12 children to educate and a passion for art, Rydeng still plies his needle.
