## Droppings in the Throat

A Symptom of Catarrh Permanently Cured by Dr. Chase's Catarrh Cure.

The hawking and spitting which the catarrh sufferer goes through in the morning to clear the throat of the droppings is a marked symptom of this distressing disease. In the early stages the discharge may be slight, but it becomes so thick and tough that considerable effort is required to expel it from the throat.

It is encouraging for the catarrh victim to know that he can be relieved of this distress and permanently cured of catarrh by using Dr. Chase's Catarrh Cure. Both acute and chronic catarrh are eradicated from the system by Dr. Chase's Catarrh Cure. It clears the choked up air passages, heals the ulcers, and quickly conquers disease.

Mr. Thomas Squirrel, 214 Jay Street, Ottawa, Ont., states: "I was afflicted with a very severe form of catarrh for nine years, and was so bad that the doctors gave me up to die of consumption. A careful, systematic use of Dr. Chase's Catarrh Cure brought about a complete change. I no longer have any hawking and spitting, and am perfectly cured. The doctors burnt out my throat three times for this disease."

Dr. Chase's Catarrh Cure, 25 cents a box, blower free, at all dealers, or Edmondson, Bates & Co., Toronto.
