ADDRESS AND PRESENTATION

A number of the residents of Newton Cross, assembled at the home of their mail driver, Mr. Augustine Morrissey, on the night of Feb. 16th, and presented him with a driving sleigh and horse blanket.

We all unite in wishing you the best of health and prosperity throughout the year. AN EMULSION EASY TO TAKE. COD LIVER OIL is one of the greatest vitalizers known, and is recognized by physicians as a splendid remedy in cases of debility, throat and lung troubles, etc., but it has been hard to get in a palatable form. OUR EMULSION OF COD LIVER OIL tastes good because it is fresh. The oil is produced from the best quality goods, and is filtered at zero temperature. The intense cold prevents the greatest yield from the Cod Liver, but the oil that is obtained is absolutely pure and free from the objectionable, fishy taste characteristic of cheap oils. A HANDY PIN CUSHION. Women who do their own sewing often find it hard to keep pins at hand so they can reach them at a moment's notice. I saw a very handy little pin cushion the other day that may help some one to solve this problem of pins, if they make one like it. Two pieces of black velvet ribbon six inches long and three inches wide were sewed together on their edges and stuffed with wool. This made a long, rather flat cushion, and one very easy to stick full of pins. Narrow black satin ribbons were sewed to each end, and the cushion was tied to the main bar of the sewing machine. There it was, stuck full of pins and needles, all ready for the person who was sewing to reach forth her hand and take a pin or needleful of thread. A simple little trick, is it not? Yet one that will be appreciated by every woman who is at a loss to find a pin when she most needs one.

EFFICIENT FOOD. Dr. Alexander Bryce, M.D., D.P.H. (Camb.), a famous authority in dietetics, has compiled a table showing the number of calories per ounce in different foods. Calories are the units of food values. The number of calories per ounce contained in food proves its value. This is what Dr. Bryce found and published:— (CALORIES PER OUNCE) Kellogg's Toasted Corn Flakes 103. Eggs (poached) 48.3. Macaroni au Gratin 44.5. Milk 20.6. Oatmeal (cooked) 18. Potatoes (baked) 32.7. Not one of these staple foods contains one half the number of calories per ounce that Kellogg's Toasted Corn Flakes do—some of them are less than a fifth efficient in calories. This is a real test of food values. Put Kellogg's Toasted Corn Flakes on your daily menu—they are good to eat three times a day. Delicious, digestible, nourishing. Sold only in the original red, white and green package.
